#### About this record

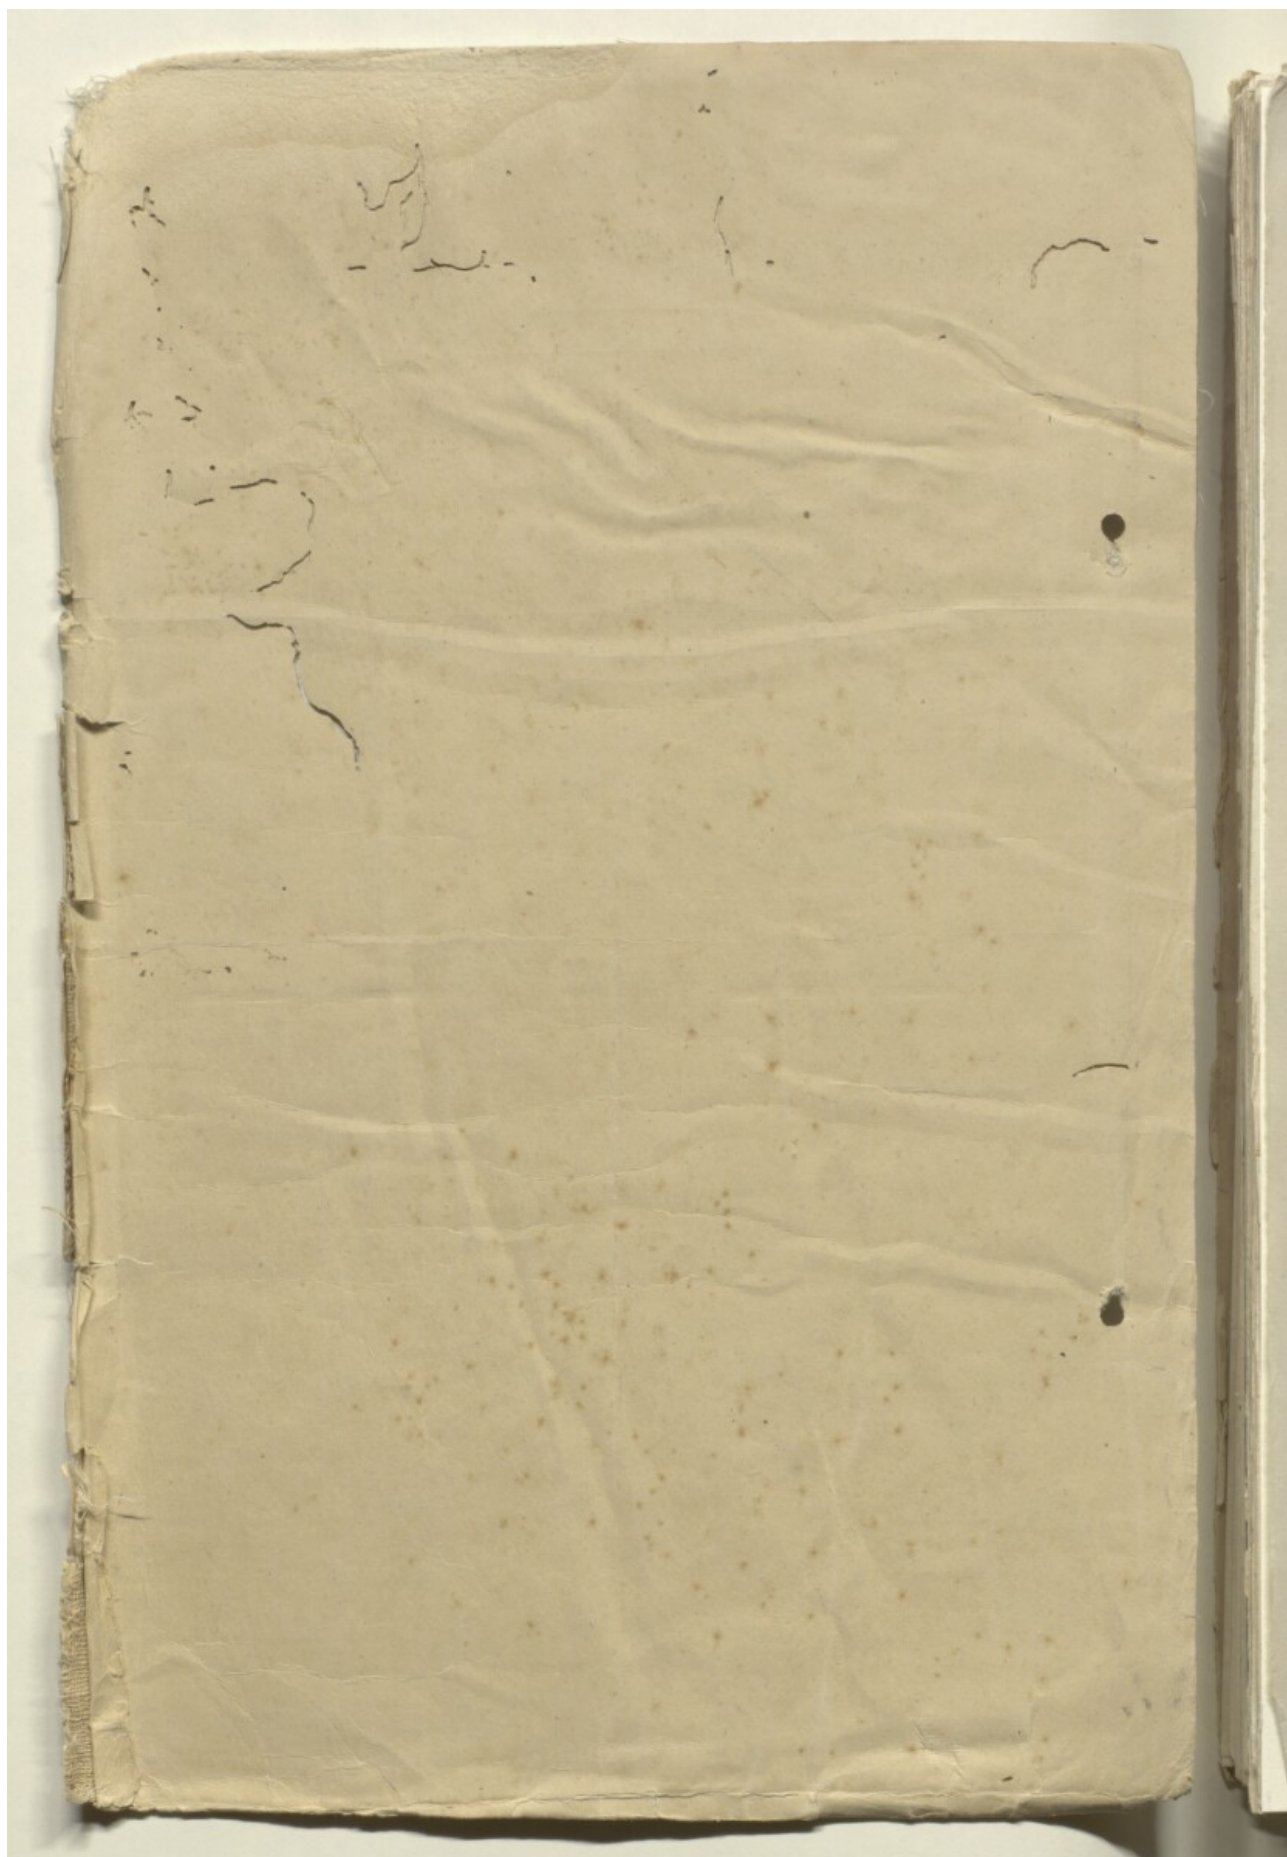

The file contains correspondence between the Political Agency in Bahrain and the Adviser to the Government of Bahrain (Charles Dalrymple Belgrave). The correspondence relates to a number of miscellaneous subjects connected to the Bahrain state. Other correspondents include Imperial and International Communications Limited (Cable and Wireless), the Bahrain Police Commandant, the Political Agent, Muscat, Eastern Bank Limited, the Land Registration Department of the Government of Bahrain, Home Secretary to the Government of Punjab, the British Consulate-General in Beirut, the Political Residency in the Persian Gulf, the Department of Overseas Trade in London, and the Political Agency in Quetta-Pishin.

The papers concern a wide range of matters connected to the Manama Municipal Council, land and property, public health and sanitation, legal cases, pearl diving, famine in South Persia, missing people, Belgrave's research into the history of Bahrain, infrastructure, electricity, schools, travel documentation, and routine and administrative procedures.

Folios 219-238 are internal office notes.

Memorandum.

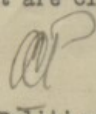

Please refer to your letter No:0/VB dated the 15th June 1931 to the Adviser to the Bahrain Government.

During the visit of the present Manager to Bahrain early in the year I mentioned to him that in January the late Clerk-in-Charge had returned a message addressed "Mespers" on the grounds that the addressee was unknown since he had failed to renew registration.

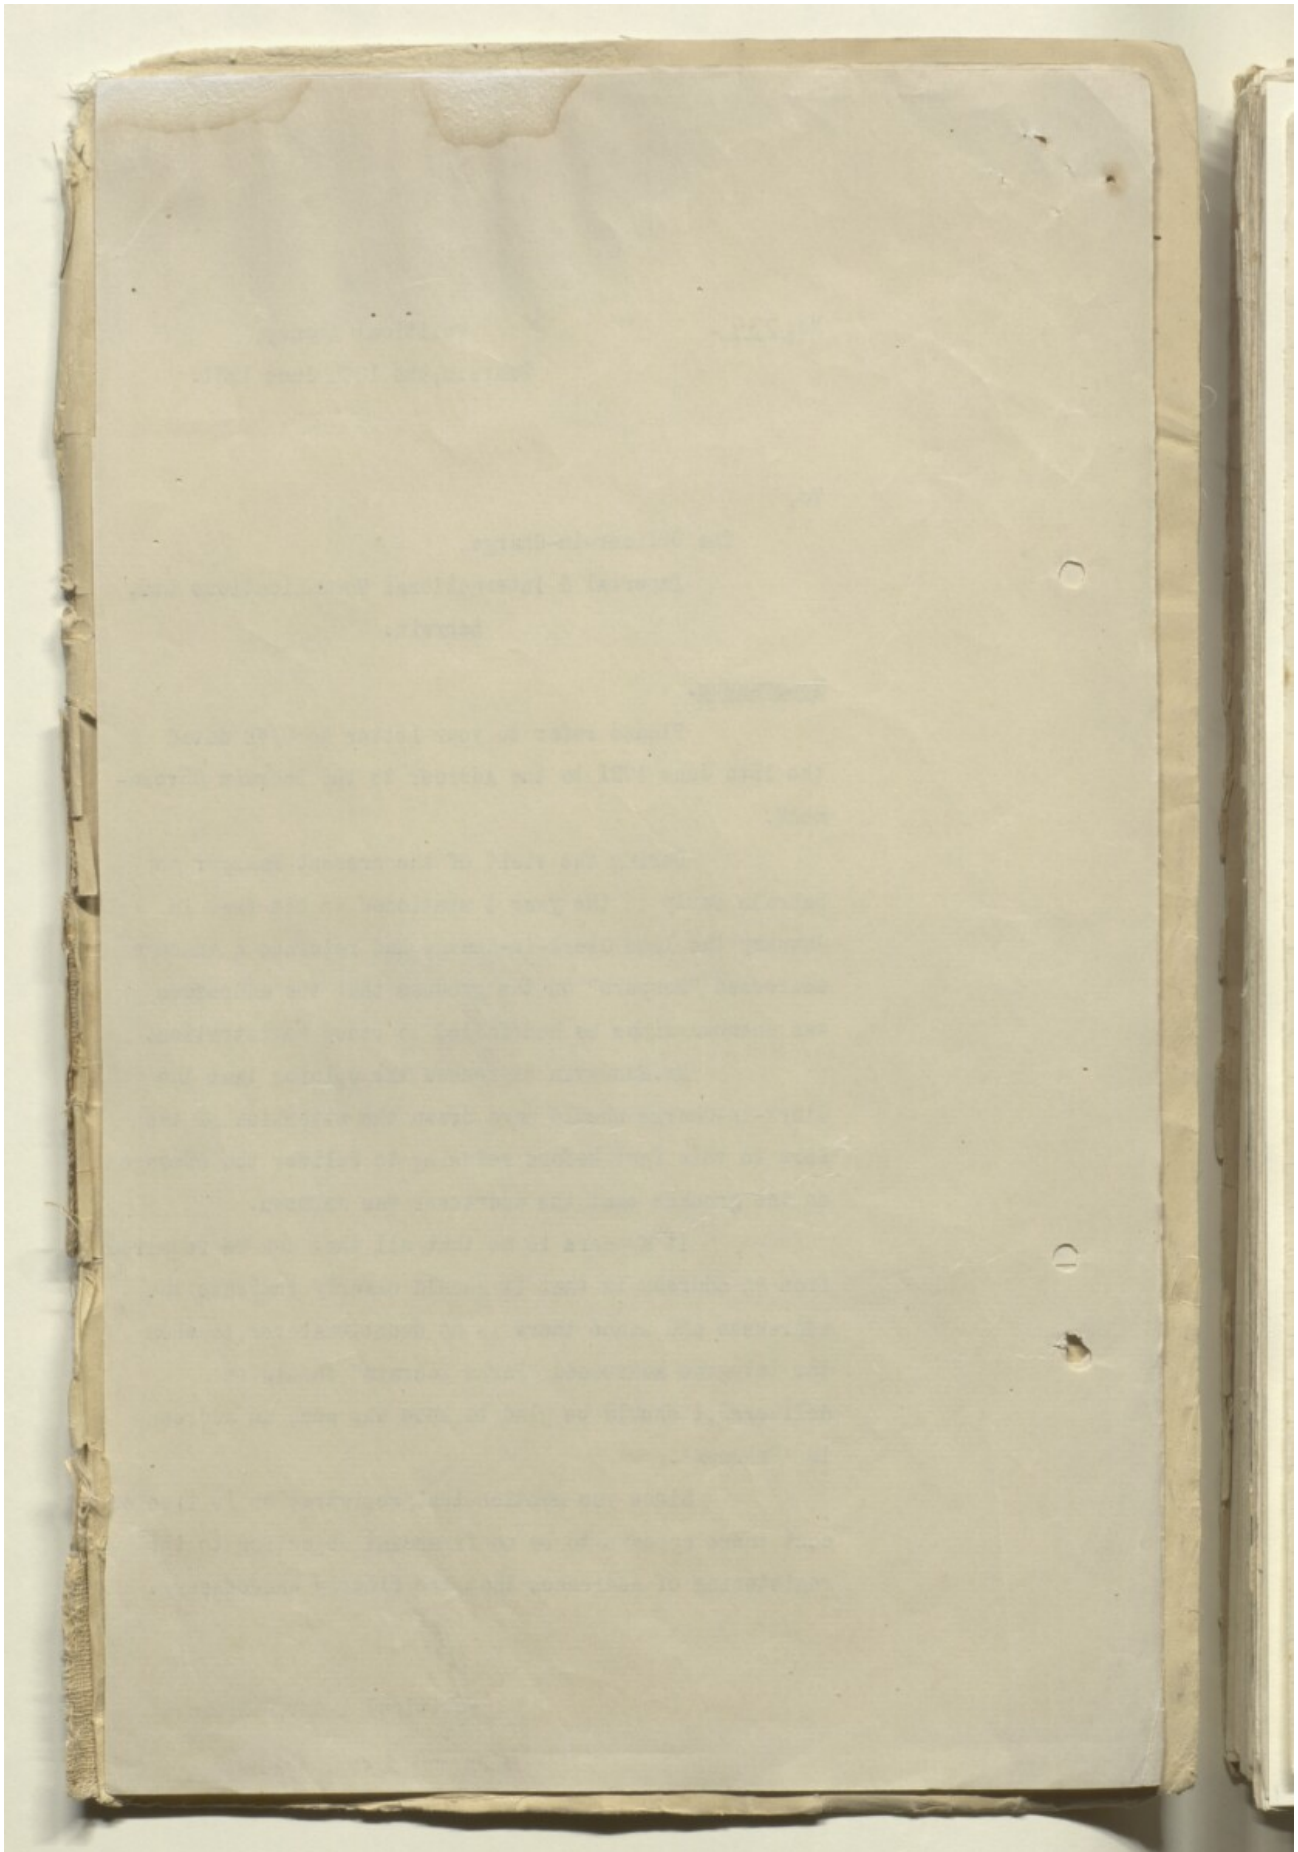

Mr. MunGavin expressed the opinion that the Clerk-in-Charge should have drawn the attention of the firm to this fact before refusing to deliver the message on the grounds that the addressee was unknown.

It appears to me that all that can be required from an address is that it should clearly indicate the addressee and since there is no doubt, whatever, to whom the telegram addressed "Parke Bahrain" should be delivered, I should be glad to know why such an address is 'Unknown'.

Since you mention that registration is free of cost there appears to be no financial objection to the registering of addresses that are clearly unnecessary.

KARACHI.

Dear Sir,

I forward, for your information, a copy of the correspondence between this office, your Officer-in-Charge, Bahrain, and the Adviser to the Bahrain Government regarding the use of telegraphic addresses which explains itself and I would be glad to learn your views in the matter.

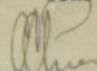

It would appear to me that the function of an address is to denote a recipient of a communication and only so much is required as will enable the Telegraph Office to identify the recipient.

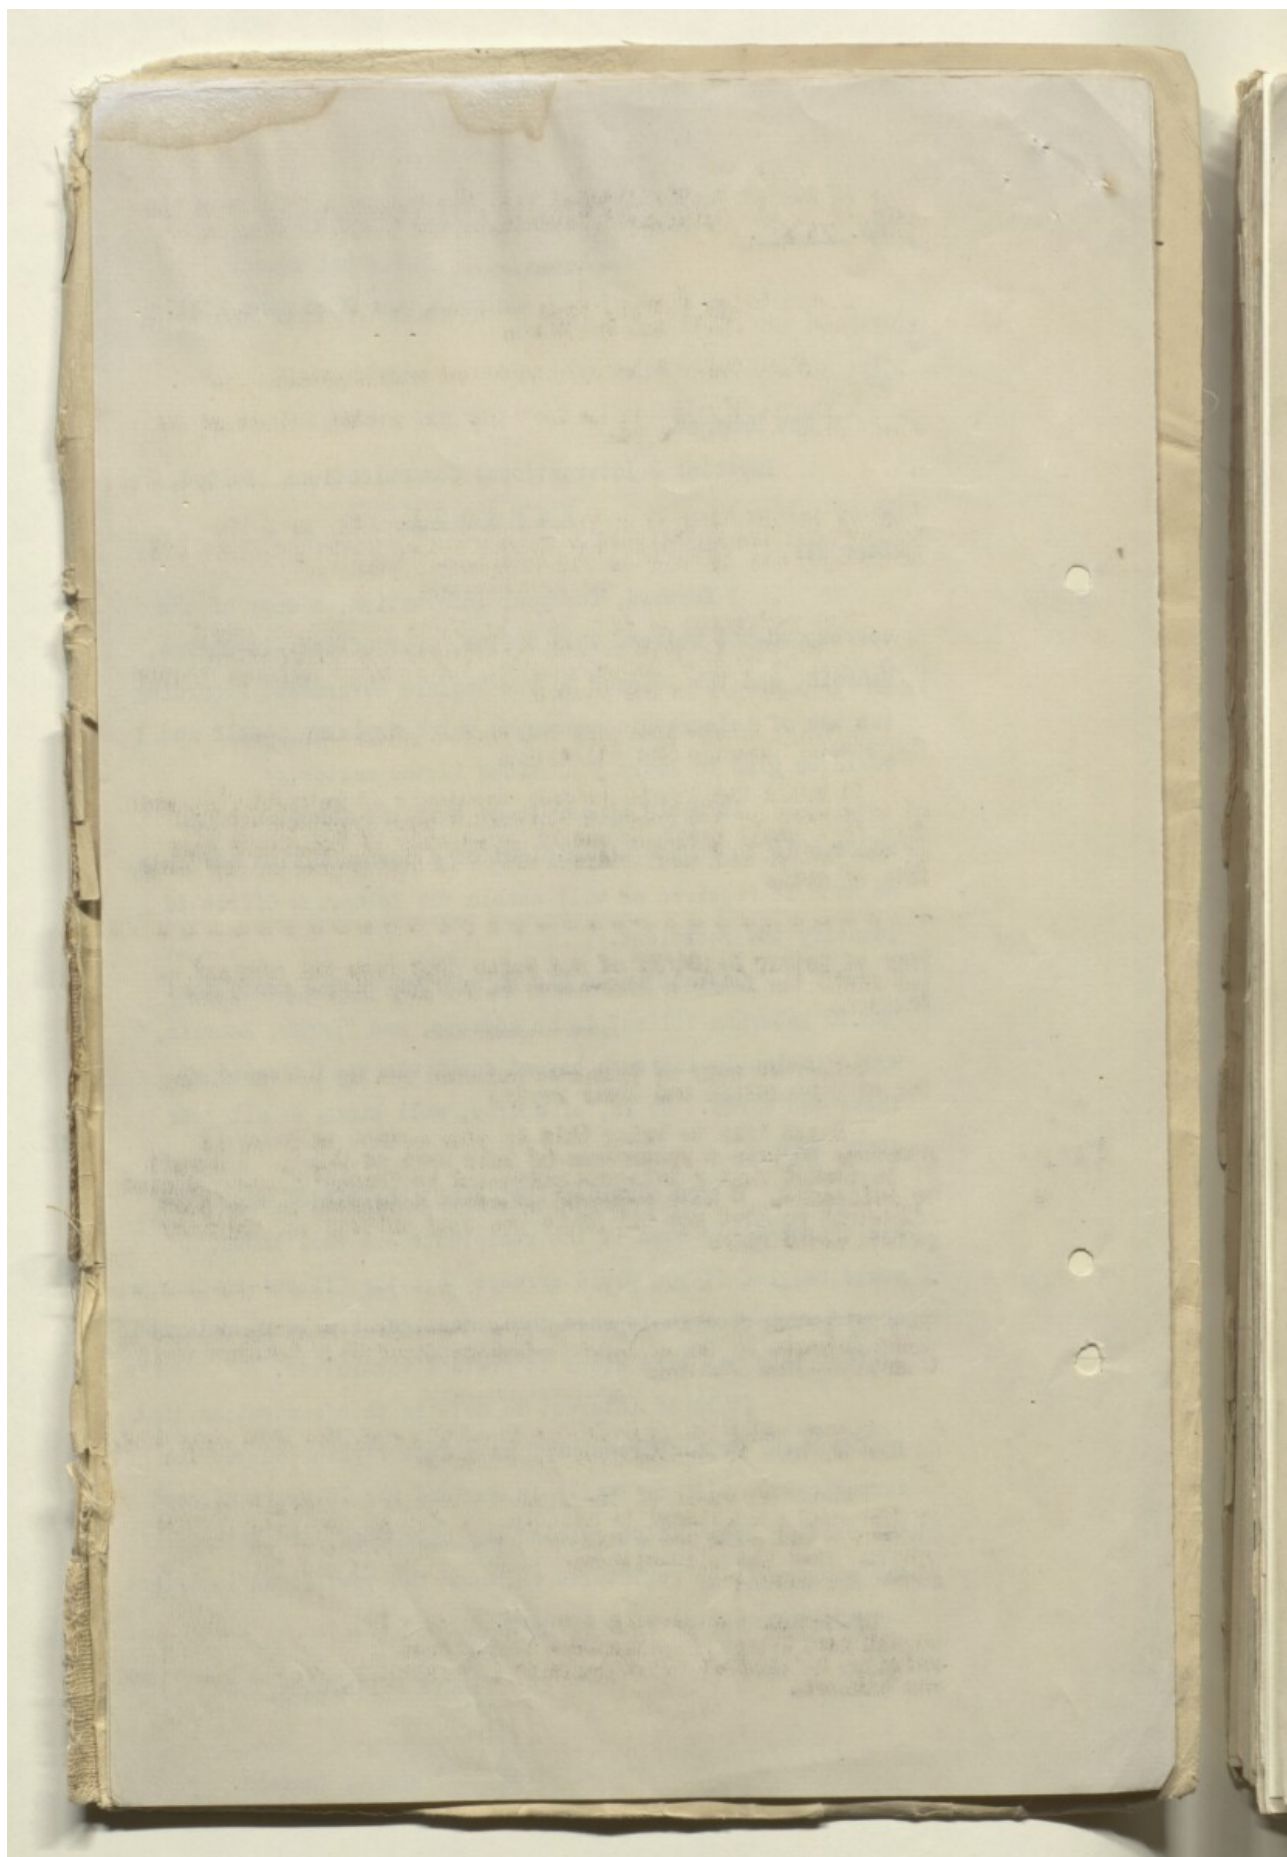

Captain Parke has no address in the sense that "No.10 Laburnum Villas" is an address, and "Parke, Bahrain," would instantly indicate beyond doubt who was intended by these two words. He is, of course, well known to all your staff here.

If you consider that such abbreviated addresses are unacceptable even if the recipients are well known, I would be glad if you would arrange that the Officer-in-Charge should warn recipients when their messages are being returned so that they may take steps to protect themselves.

It is of interest to note in this connection that I have used "Prior Shrewsbury" as a telegraphic address for communication with my family in England for 15 years without the British Post Office raising any objection, or asking for the address to be registered although the town is an important one and the capital of a country.

Yours faithfully,

  
Political Agent, Bahrain.

MEMORANDUM.

Please refer to your Memorandum No:84/3B dated the 2nd Safar 1350.

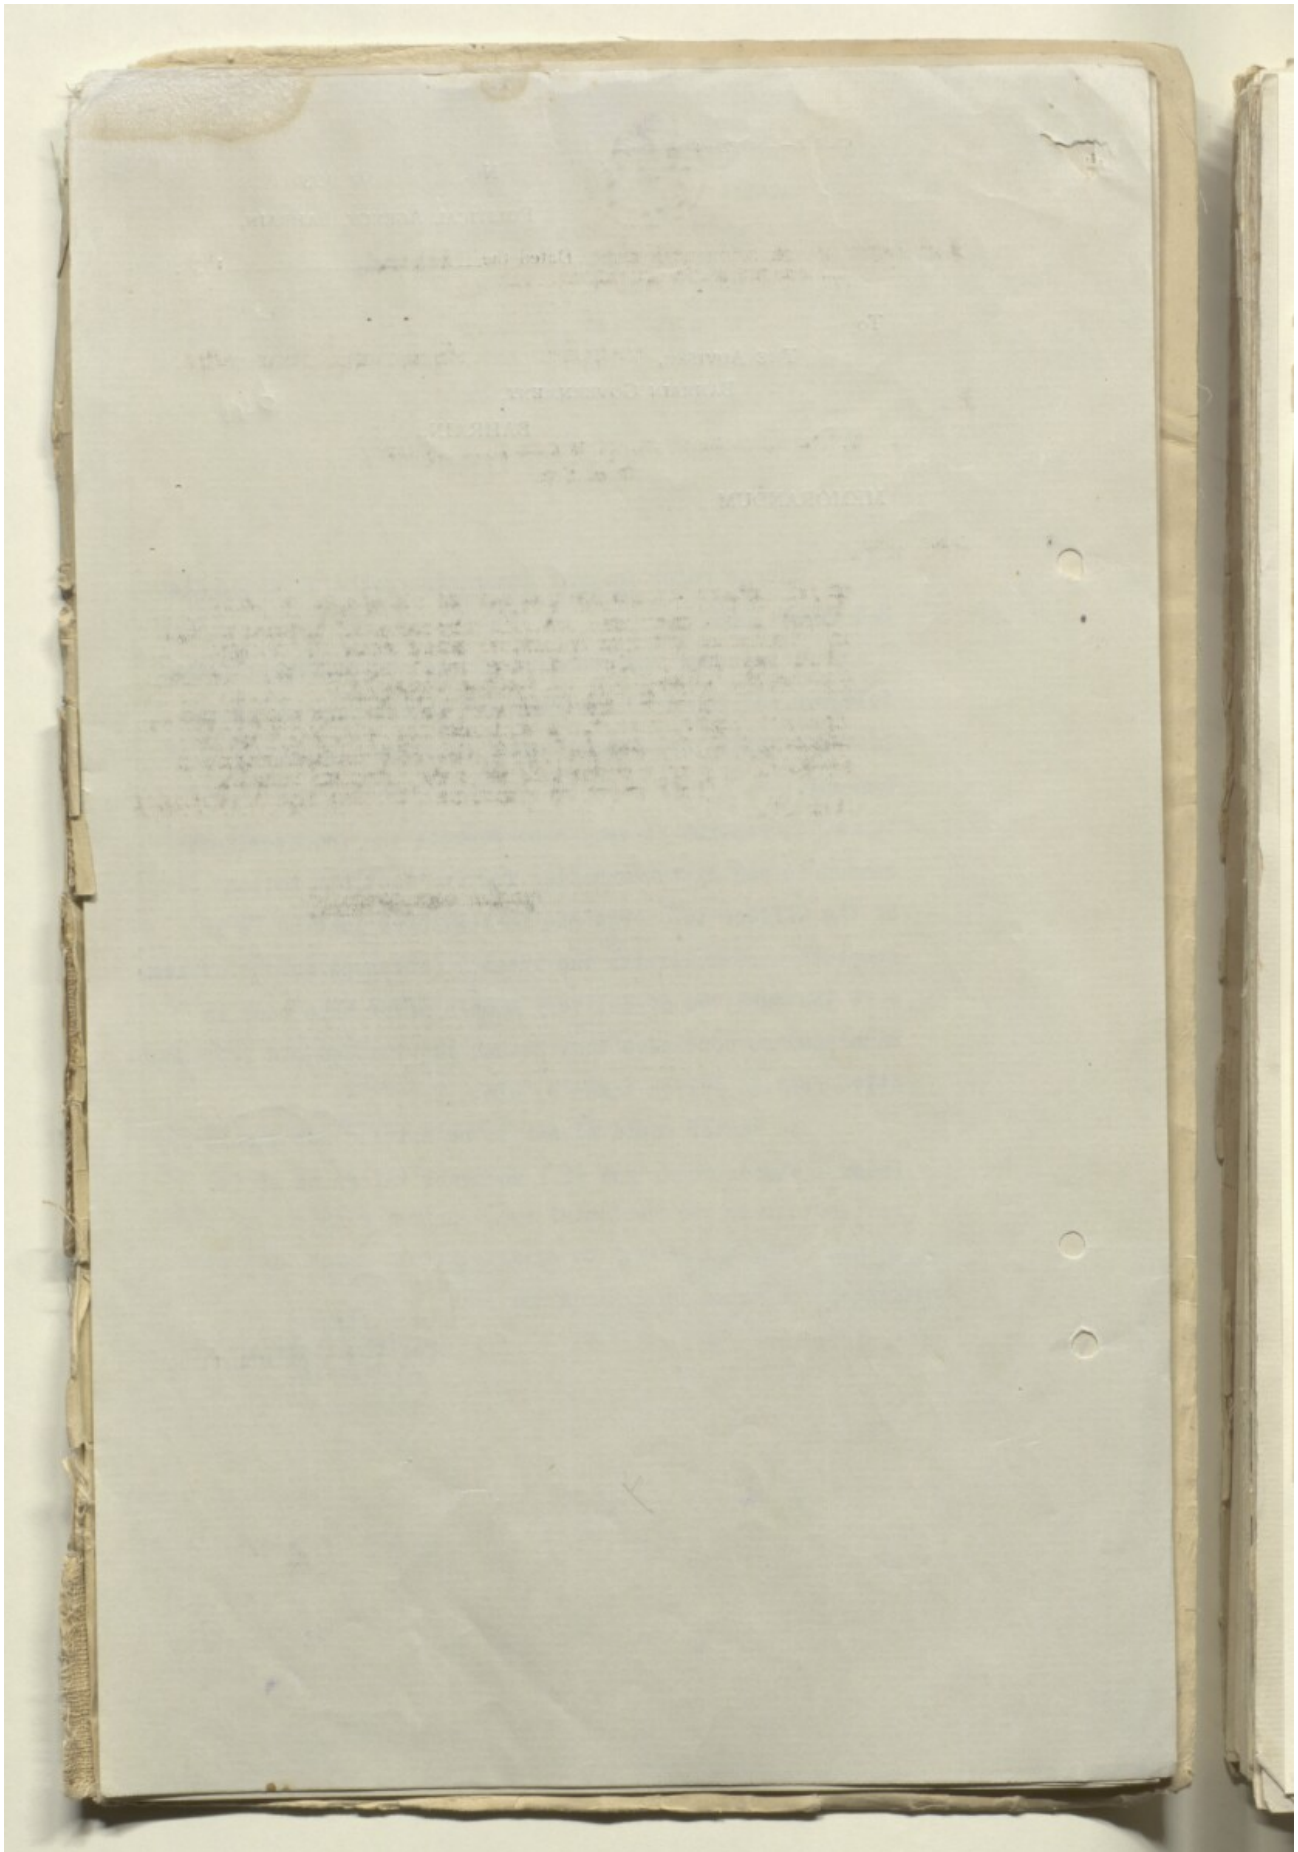

I referred the question of the non-delivery of the telegram addressed "Parke Bahrain" to the Manager of the Imperial and International Communications Limited at Karachi.

He replies he very much regrets the inconvenience caused to you by the uncalled for and tactless action of the Officer in charge and he continues that he is in complete agreement with the views I expressed and he states that the question of delivery should never have been in doubt, and he concludes that he has reprimanded his representative for the action taken by him.

The matter would appear to be settled but should any fresh instance occur you will no doubt inform me of it.

Memorandum.

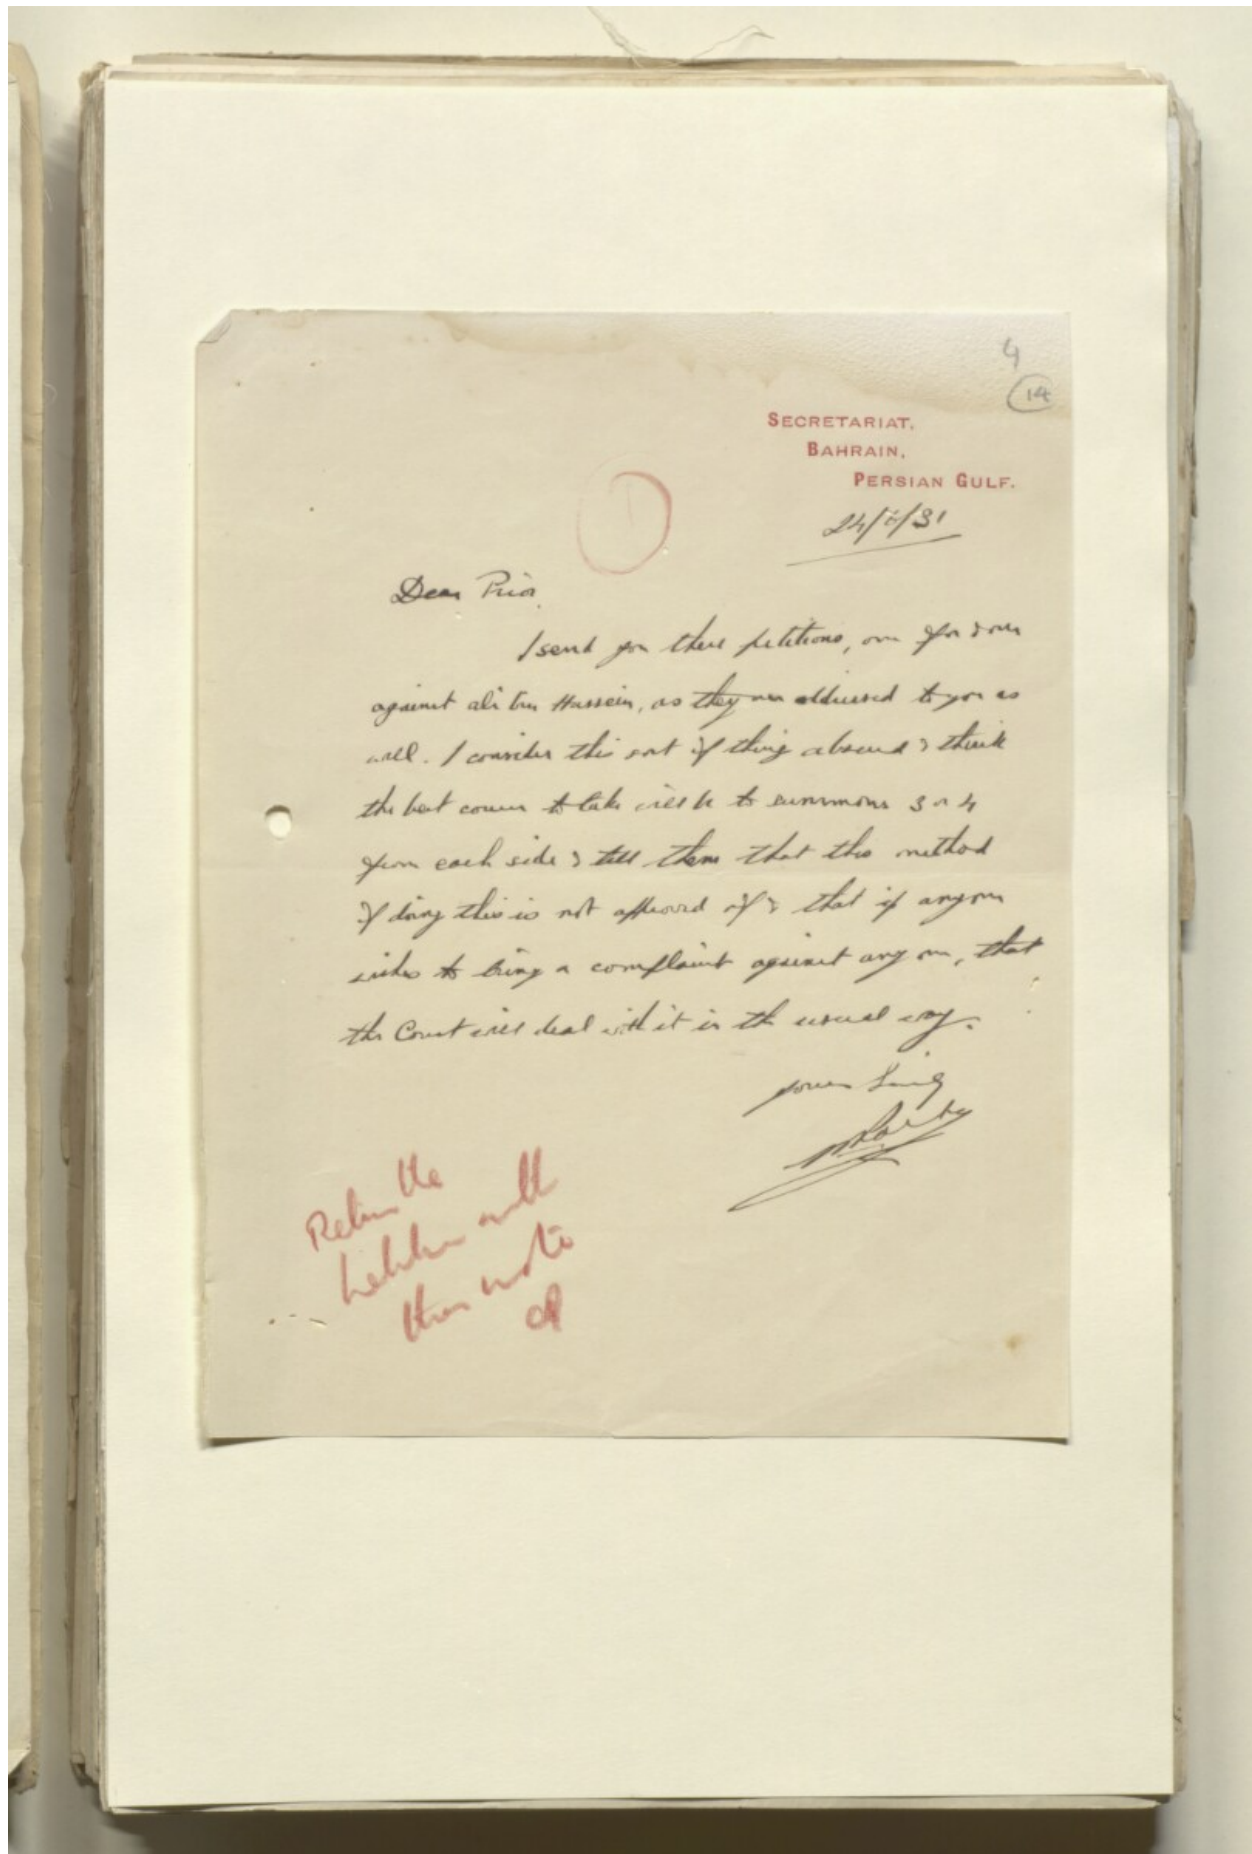

I understand that certain fees or dues are levied from deck passengers on landing here, whether foreigners or not. Will you please let me know if this is the case and if so what these fees are.

Should any charges be levied, will you please let me know under what authority they are levied and the date on which the intimation regarding them was sent to this Agency.

Political Agent,  
Bahrain.

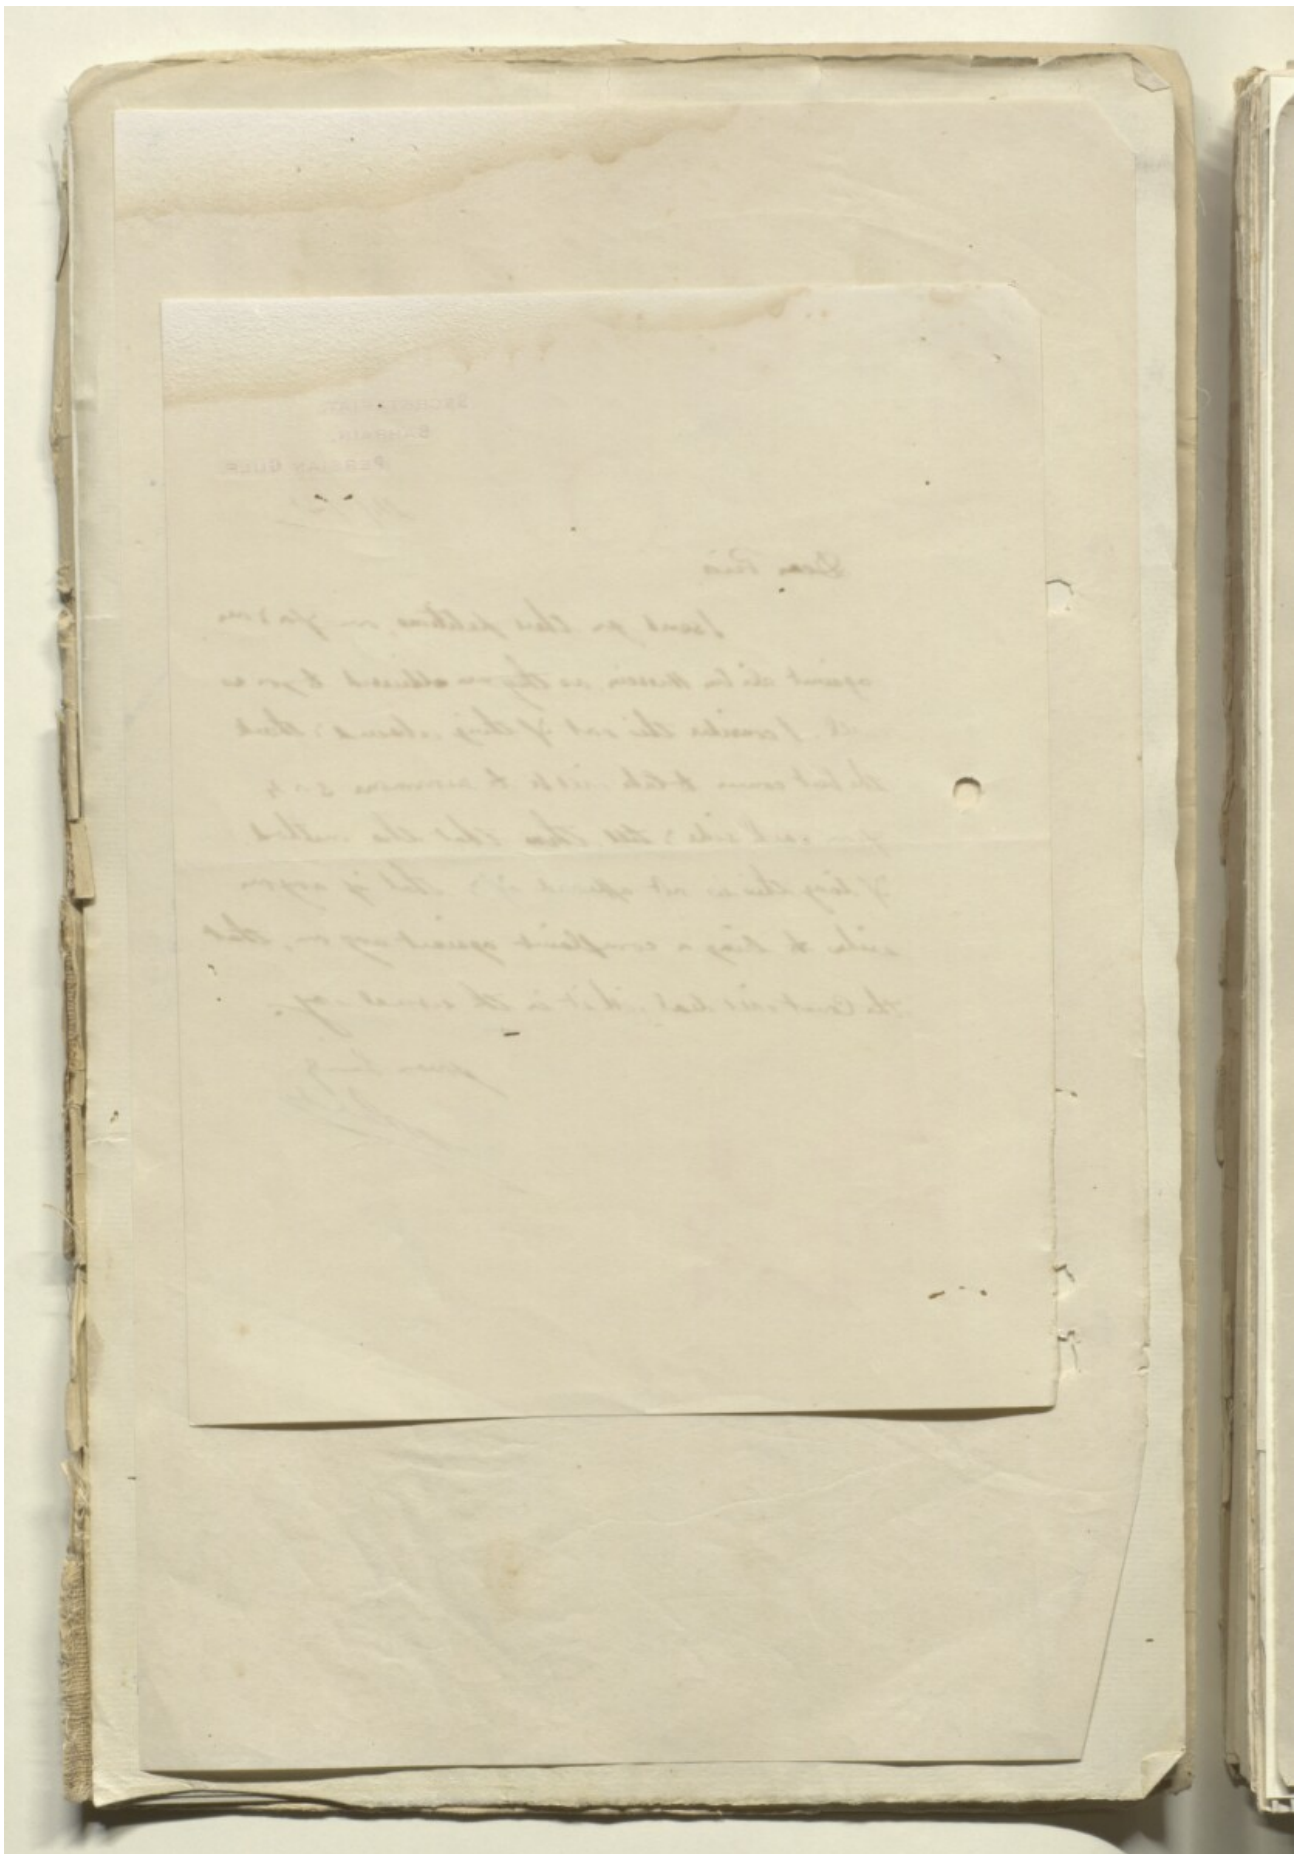

Dear Pina,

I send you these petitions, one for & one  
against Ali bin Hussein, as they are addressed to you as  
well. I consider this sort of thing absurd & think  
the best course to take will be to summon 3 or 4  
from each side & tell them that the method  
of doing this is not approved of & that if anyone  
wishes to bring a complaint against anyone, that  
the Court will deal with it in the usual way.

Yours truly,

Dear Parke

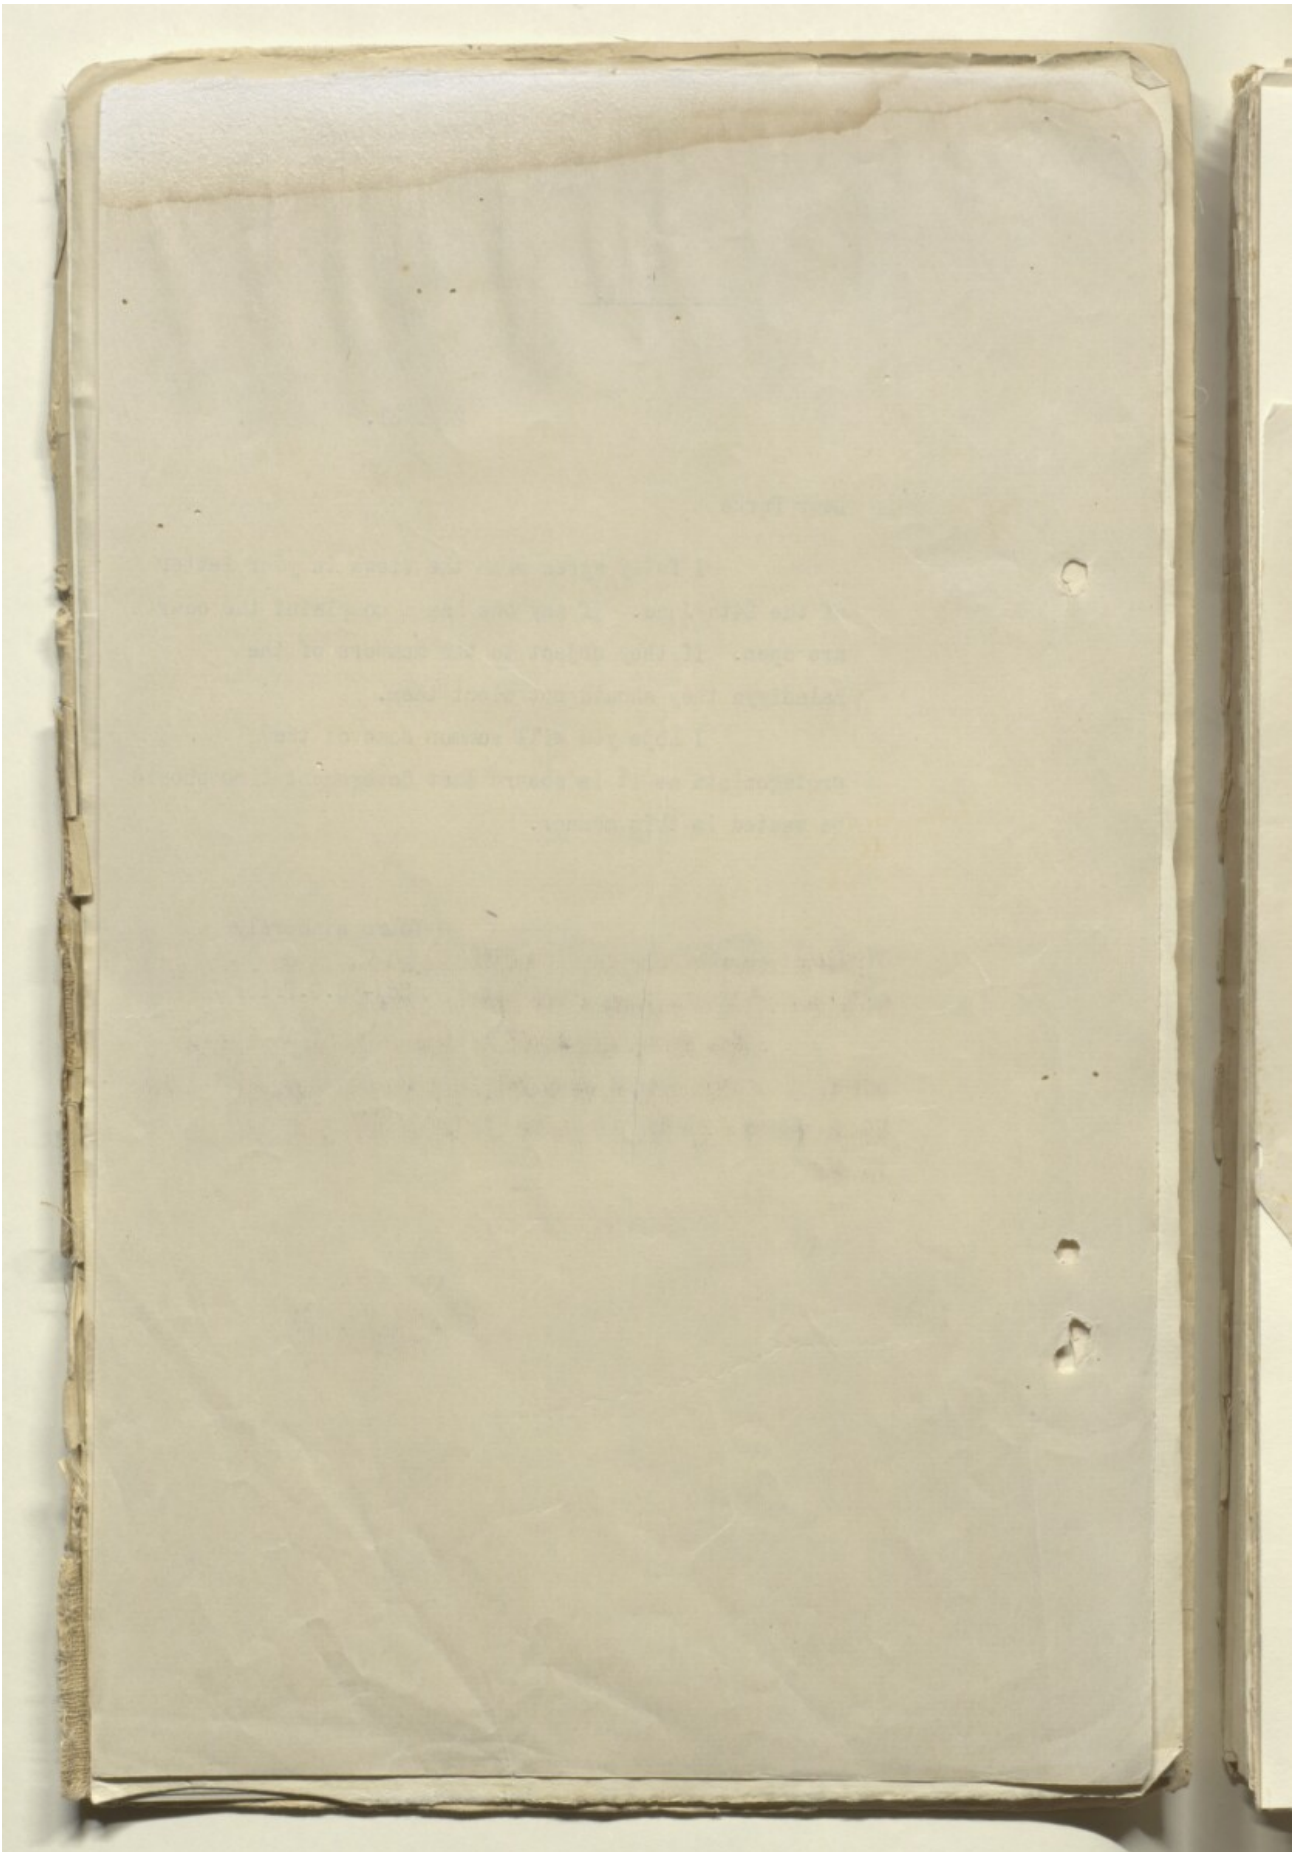

I fully agree with the views in your letter of the 24th June. If any one has a complaint the courts are open. If they object to the members of the Baladiyya they should not elect them.

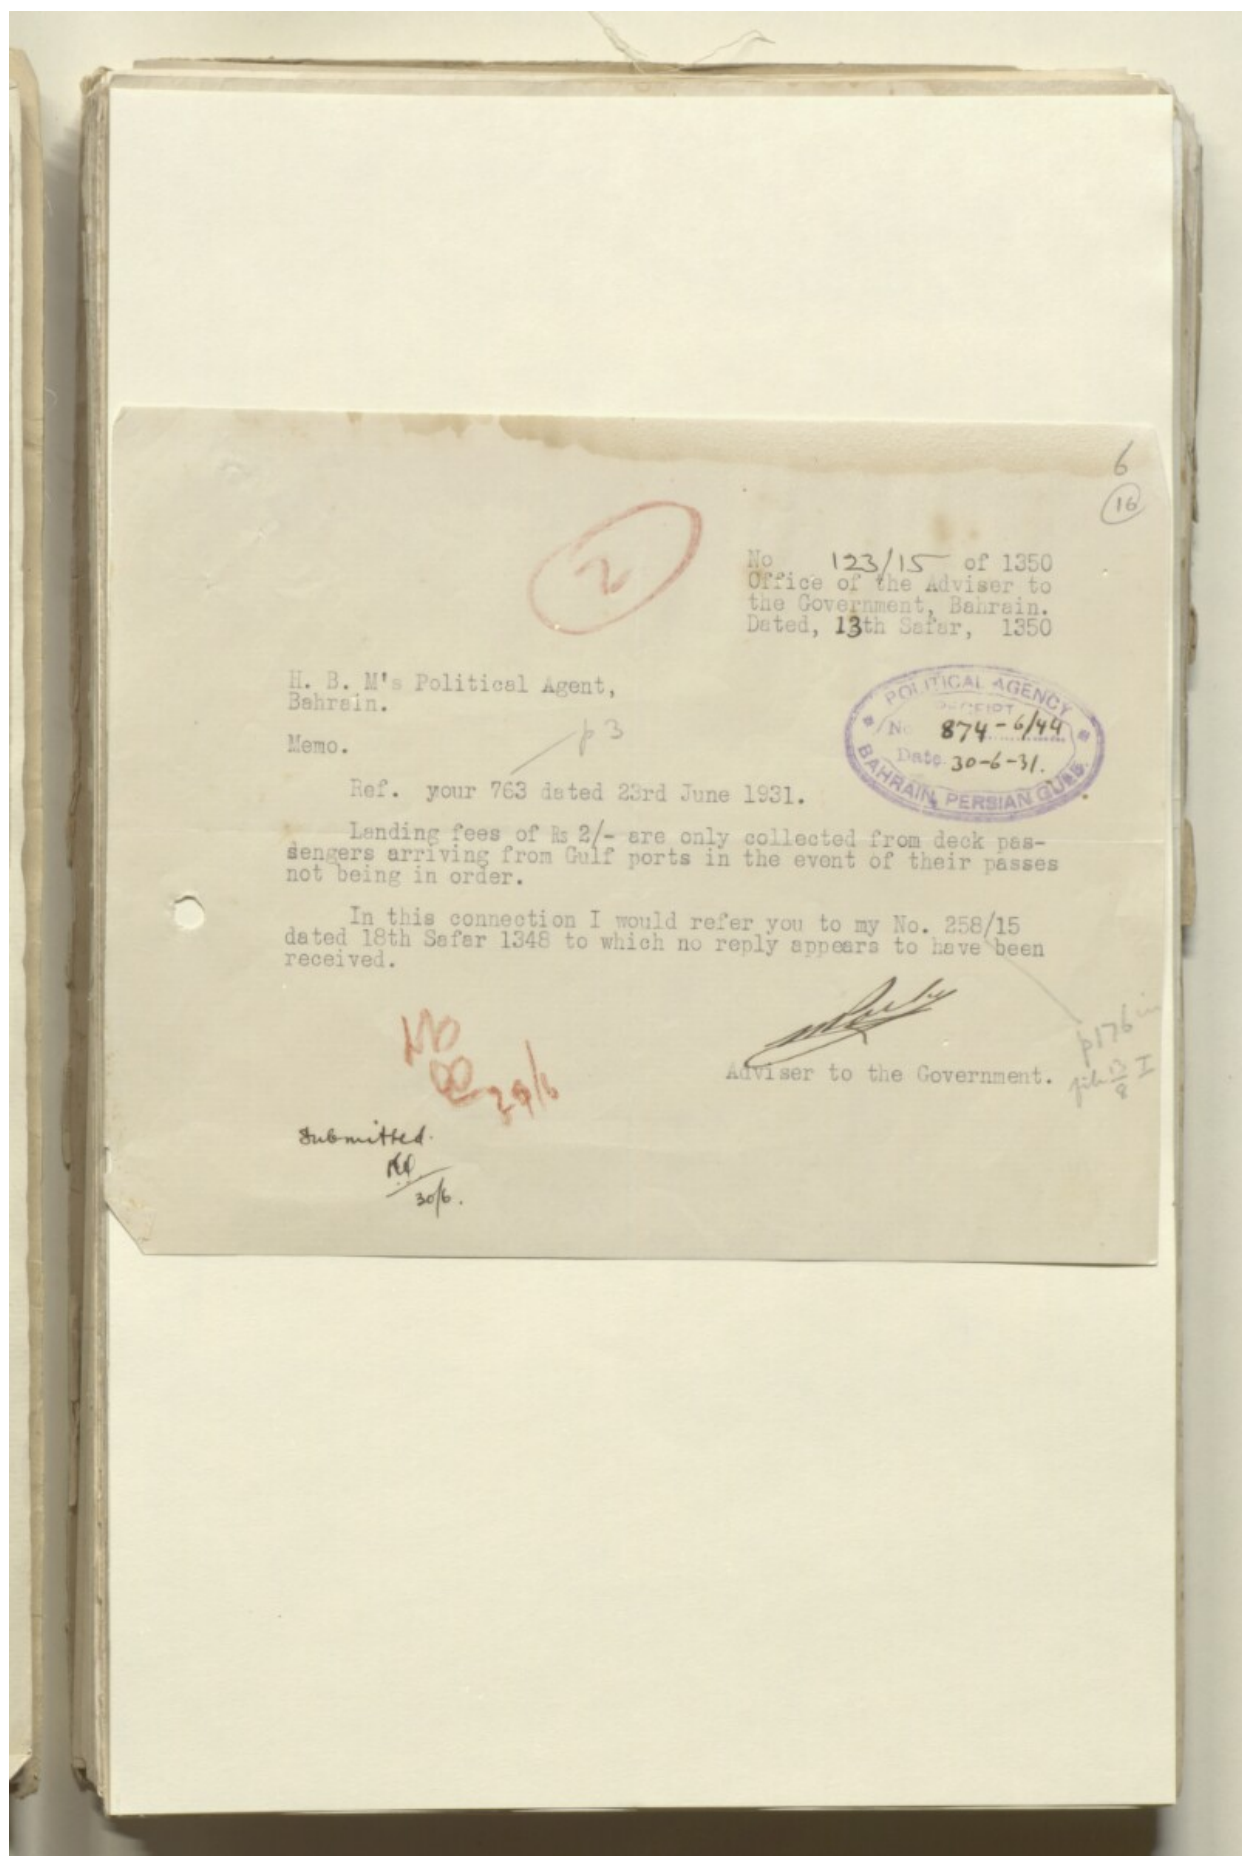

I hope you will summon some of the protagonists as it is absurd that Government time should be wasted in this manner.

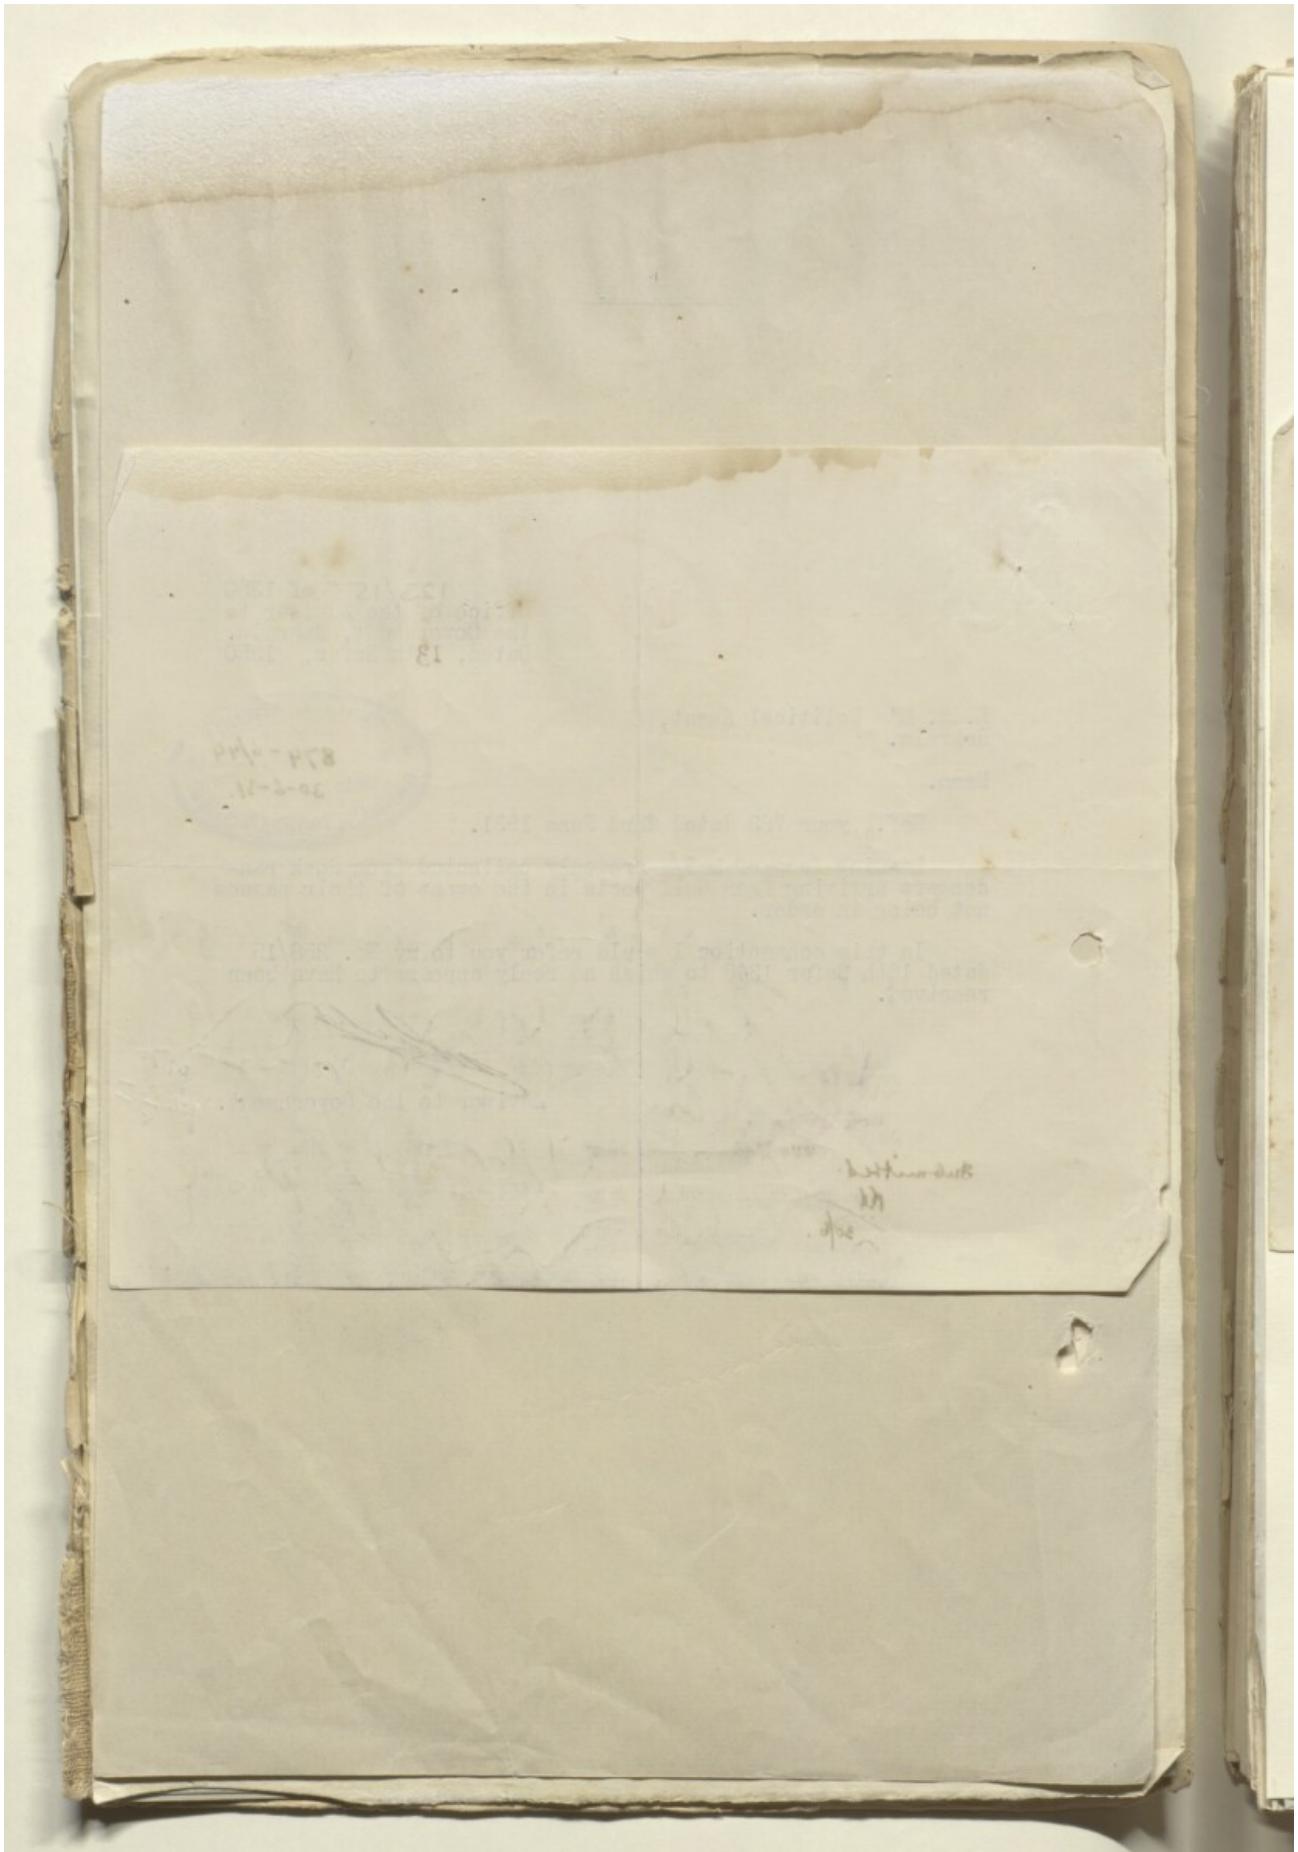

Yours sincerely

Ref. copy of telegram <sup>enclosed</sup> and my letter asking for an explanation and their reply.

I would like to bring this to your notice in order if possible to save a recurrence of this sort of thing. I submit - it is absurd that a telegram addressed to "Parke" Bahrain cannot be delivered. I have received numerous telegrams in the past addressed in that way and it is the only address the ordinary person could know.

MEMORANDUM.

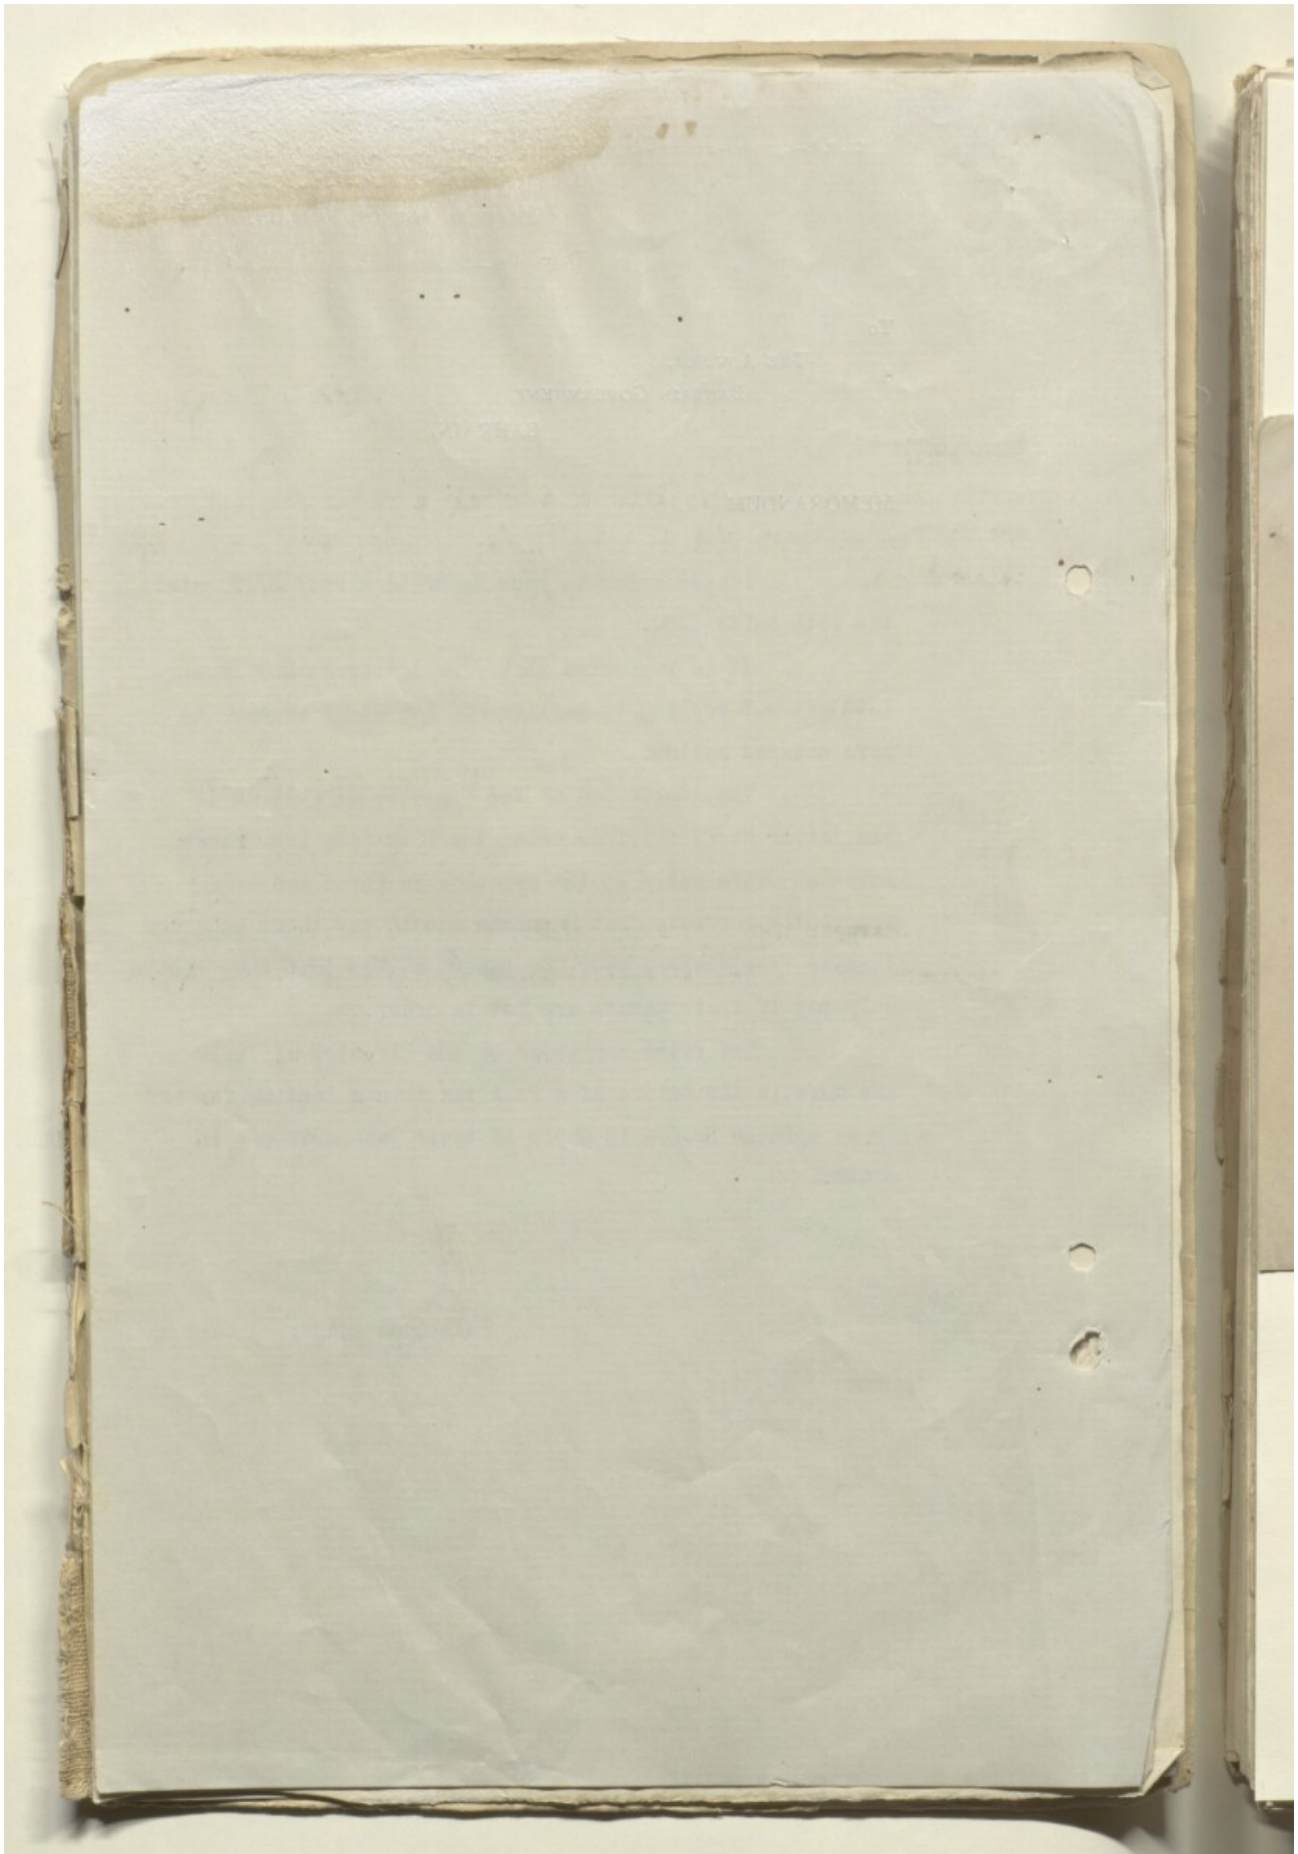

Please refer to your Memorandum No:123/15 dated the 13th Safar 1350.

It is regretted that your letter No:258/15 of 1348 was not replied to earlier and the query appears to have escaped notice.

The suggestion of the Director of Customs in his letter No:GT/PP/14/59 dated the 16th July 1929 reads somewhat differently to the practice in force and he apparently suggests that Persians should pay these enhanced landing fees, whereas your Memorandum states that they should only pay if their passes are not in order.

The rates suggested by the Director of Customs are more in the nature of a Poll tax than a landing fee and in my opinion Rs.2/- is ample if their passports are in order.

Sir,

I have the honour to refer to our conversation of yesterday regarding the granting of title deeds in connection with estates held on papers signed by His Excellency Shaikh 'Isa.

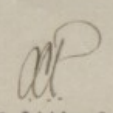

I wish to say that the whole matter is under discussion with the Hon'ble the Political Resident and that title deeds should in no case be granted unless the boundaries of Shaikh 'Isa's grants are perfectly clear and are subject to no dispute. In this case registration may proceed in the normal manner.

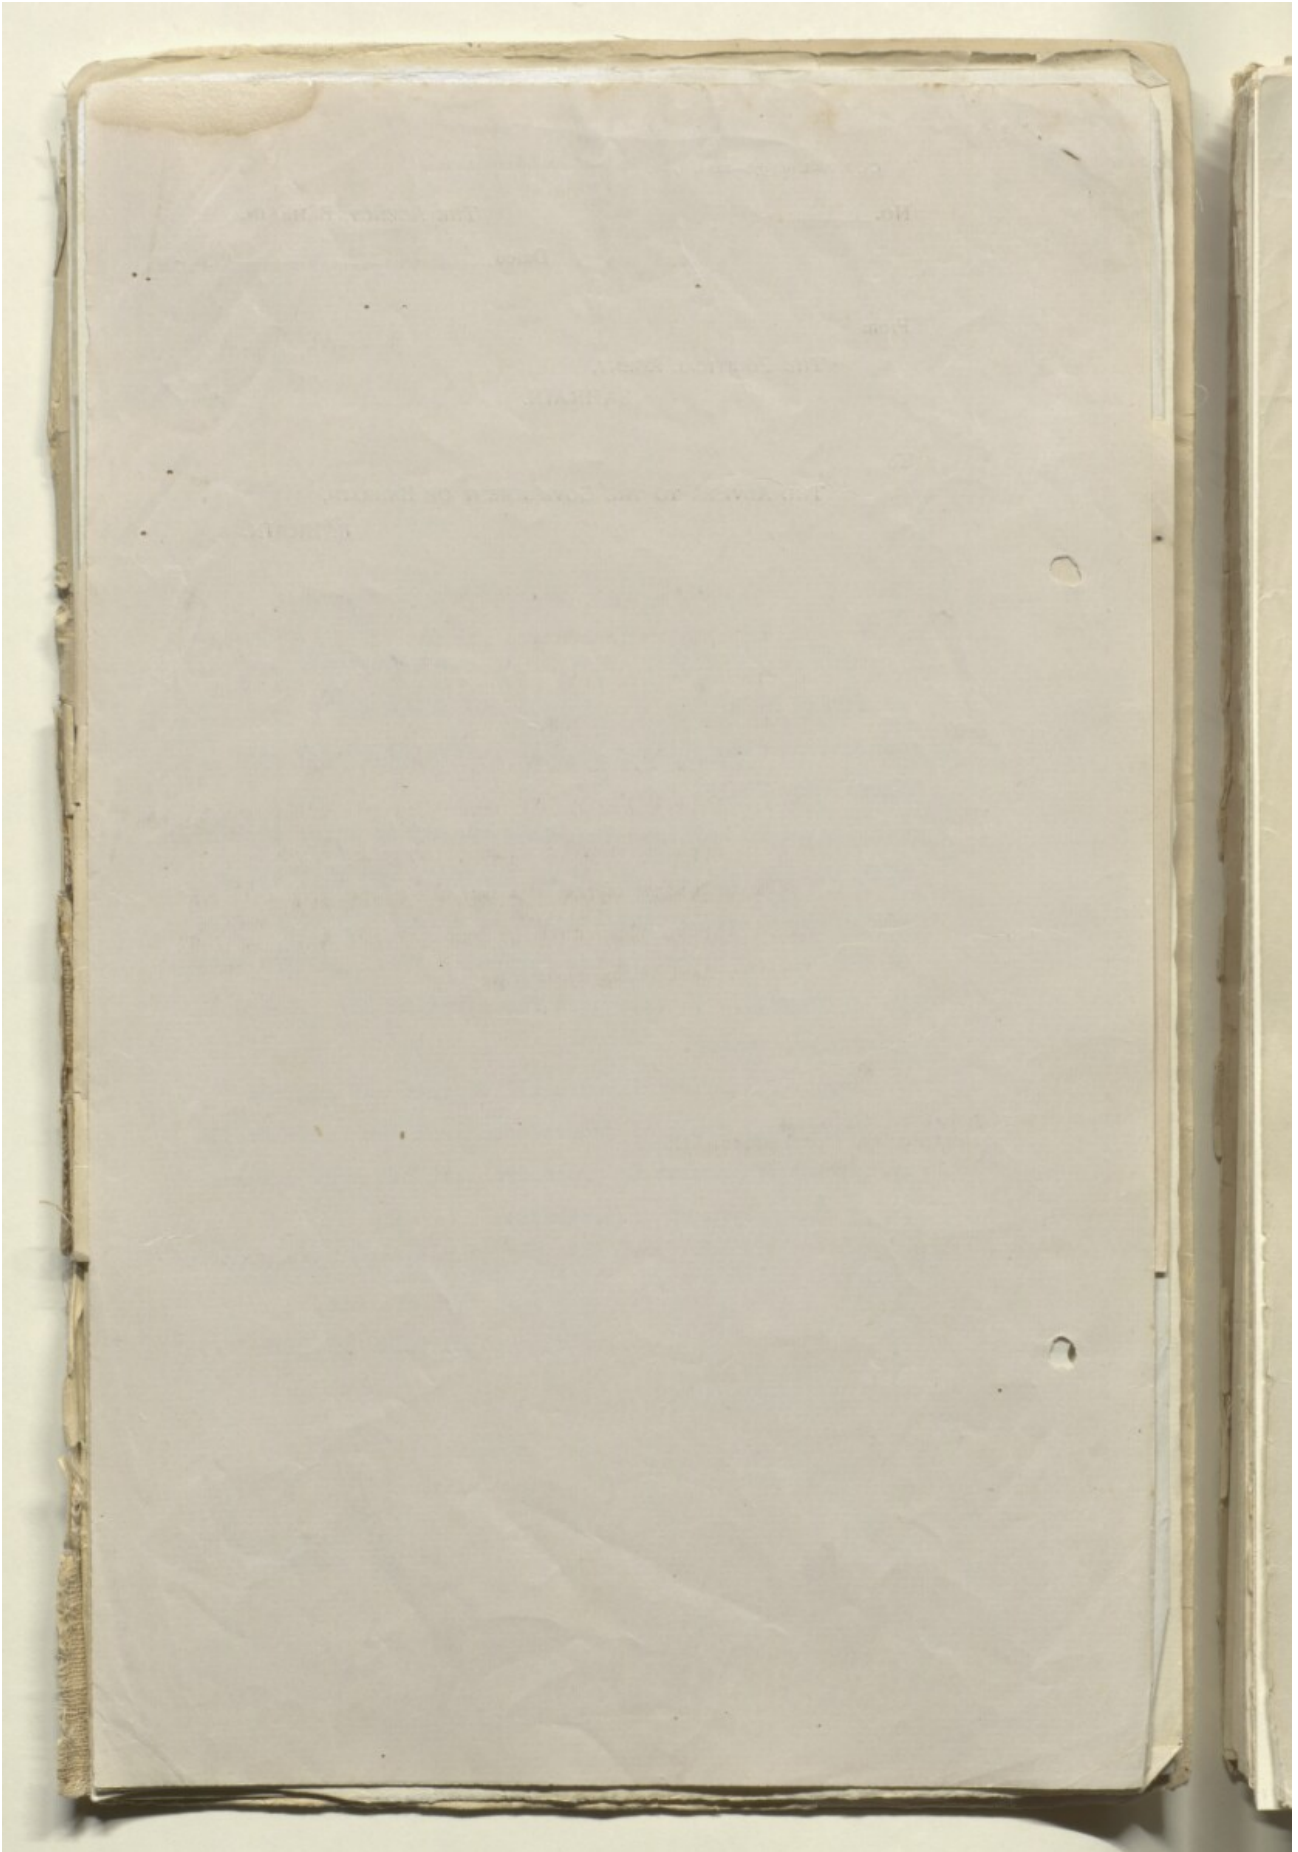

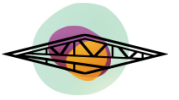

Where the boundaries are ill defined and include indeterminate areas of undeveloped land the registration should on no account be proceeded with but kept pending until the return of Mr. Belgrave.

Dear Parke,

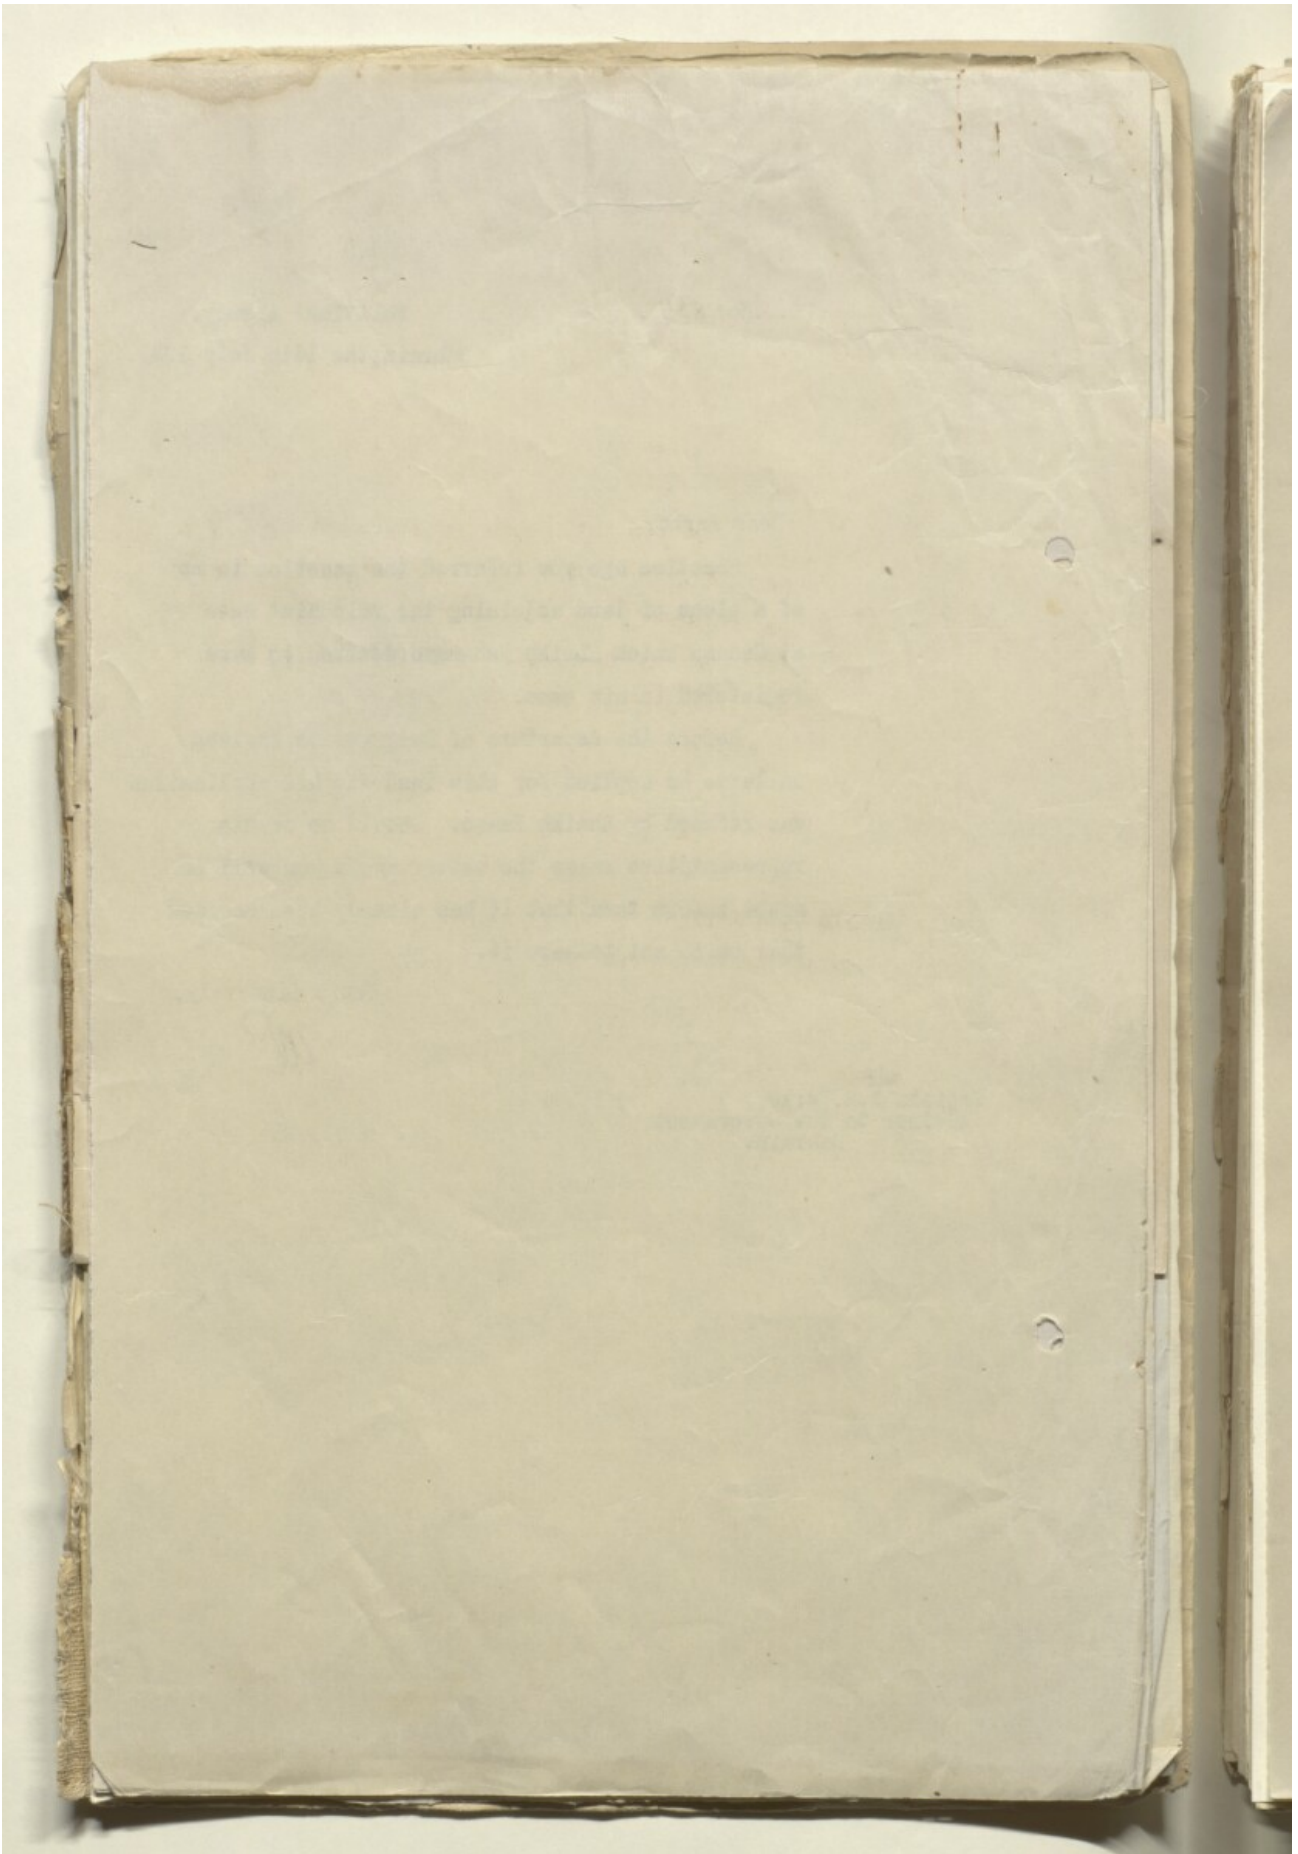

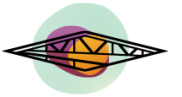

Sometime ago you referred the question to me of a piece of land adjoining the Baluchis' huts at Manama which Shaikh Muhammad desired to have registered in his name.

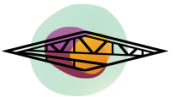

Before the departure of Belgrave to England on leave he applied for this land and his application was refused by Shaikh Hamad. Should he or his representative raise the matter again you will no doubt inform them that it has already been decided that he is not to have it.

Yours Sincerely,

Captain L.S.Parke,

Sir,

I have the honour to say that I have again received complaints that members of the Majlis al 'Urfi do not attend in person but send their clerks or relations to represent them. I have drawn attention to this practice before, a practice which strikes at the very foundations of this Court and negatives its value, and if His Excellency Shaikh Hamad agrees with me I would be glad if the President could be given definite orders to exclude any person from sitting as a member who is not upon the list supplied him by Government.

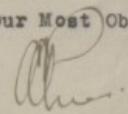

2. It appears that merchants leave Bahrain for considerable periods without vacating their seats on this body. I suggest that the President should keep a book in which all members attending should sign their names as being present during a particular session and that if after a space of three sessions i.e., 6 weeks, a member is found to be continuously absent his name should be struck off and another person appointed to fill his place.

3. A body composed of clerks and poor relations commands the confidence of no one, and one of the most useful bodies in Bahrain will lose its entire prestige if the practice is not checked.

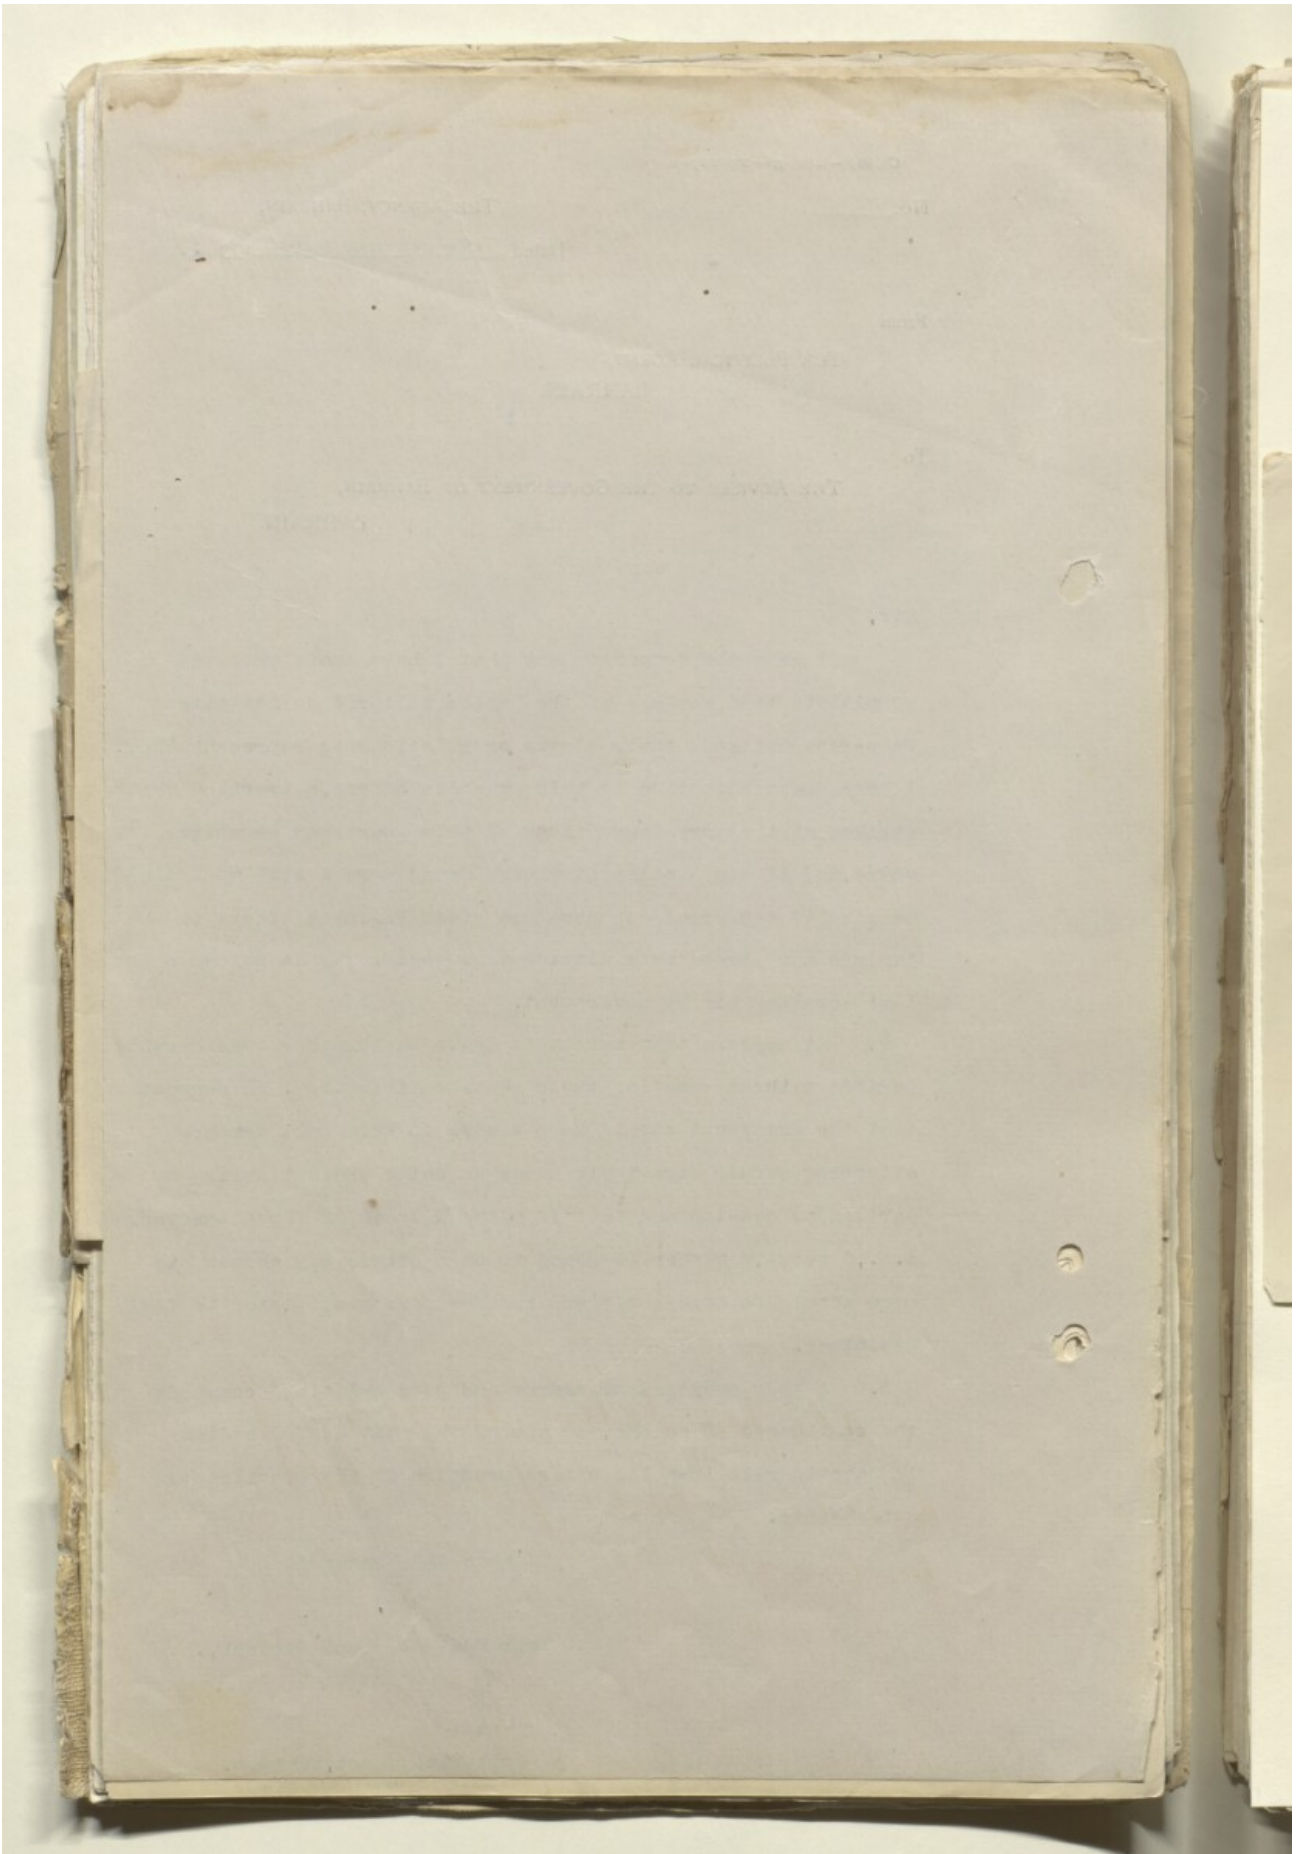

I have the honour to be

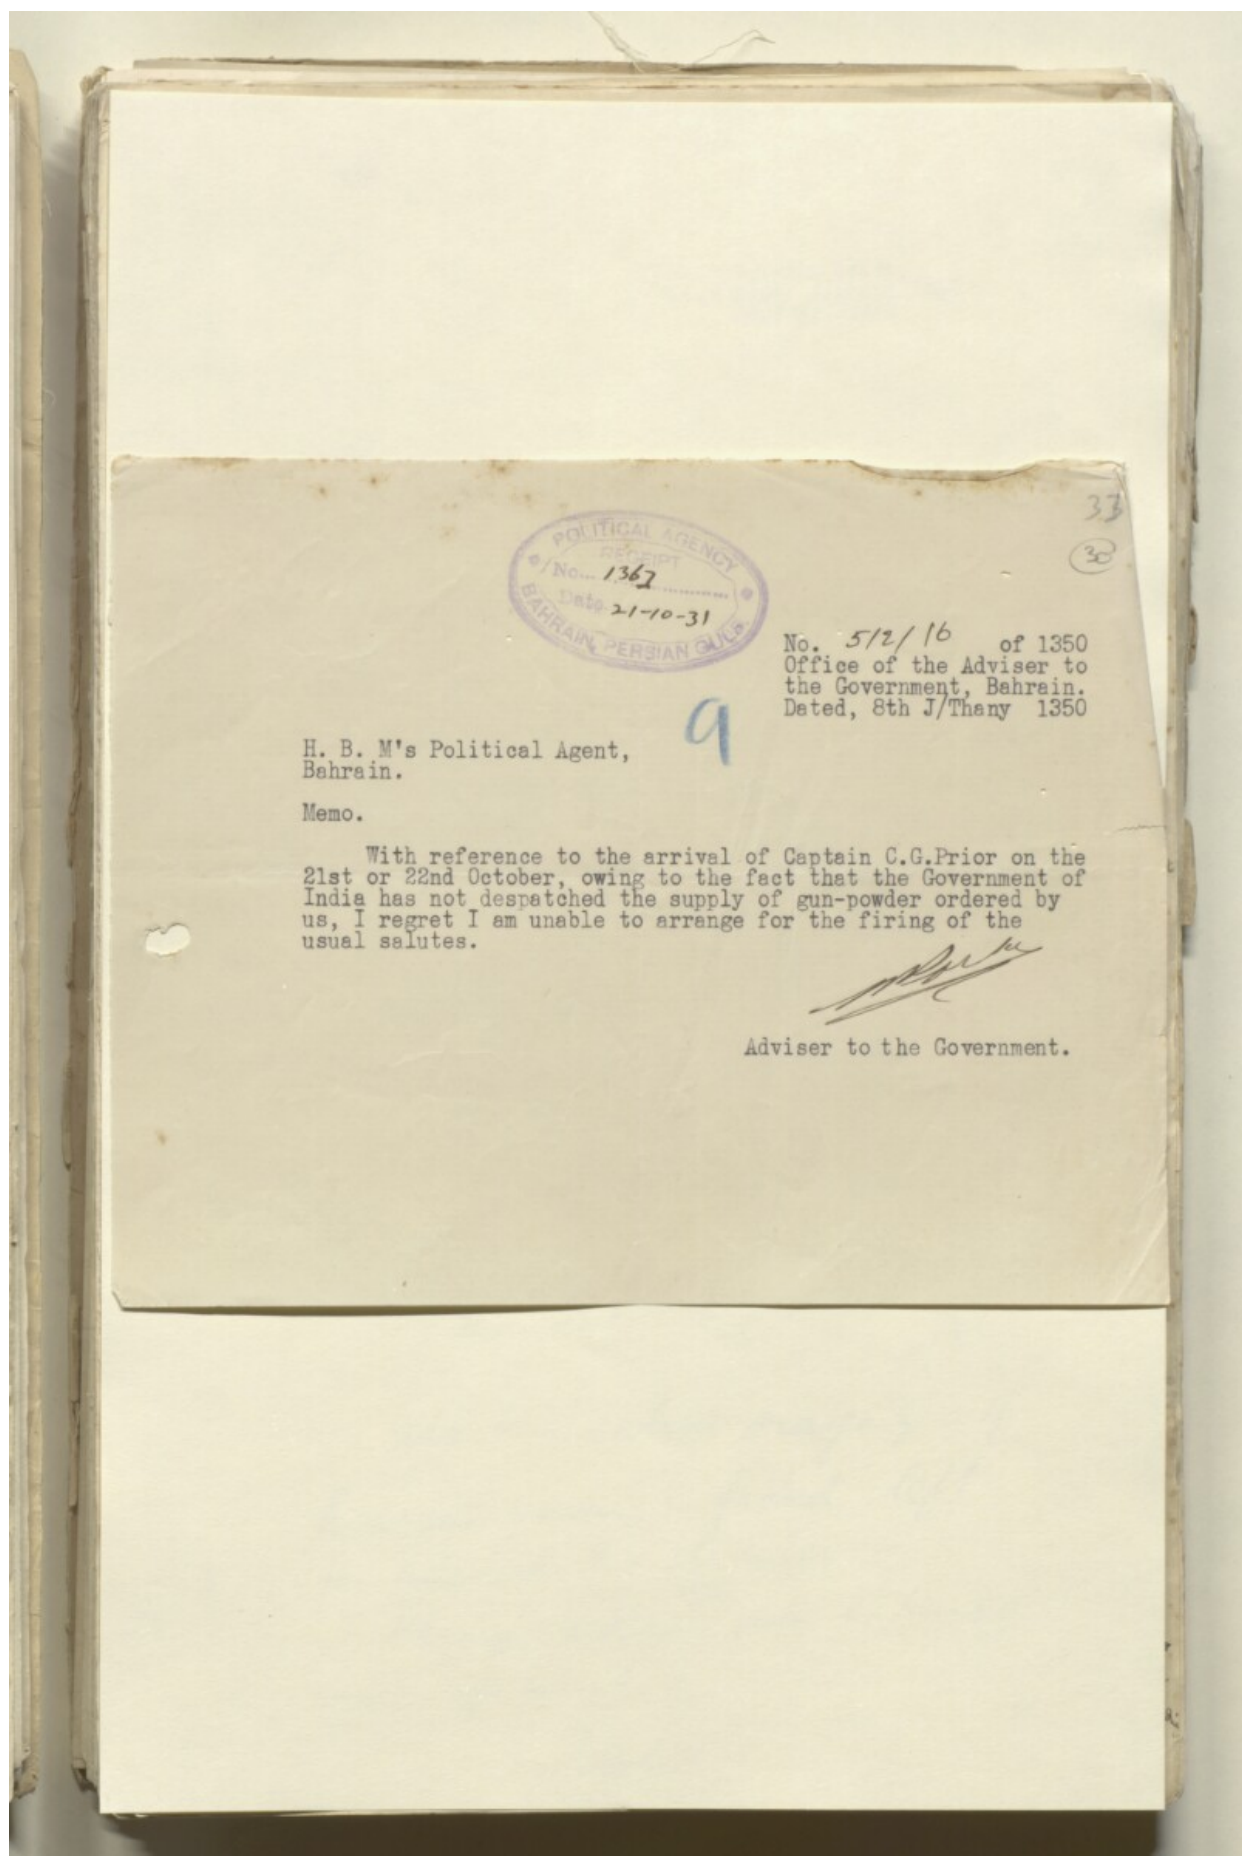

Sir,

Precis of the case of Ali bin Salim Arayaz of Bahrain  
accused of fraud.

-----  
Ali bin Salim has appeared before me. He states that he committed no crime but that he had a quarrel with his mother, and on that account left Bahrain. Mr. Abdul Latif of this office knows Ali bin Salim, and states that Ali bin Salim's people have been writing to get him back to Bahrain, and that the family is a respectable one. It appears to me probable that it is a case of a family quarrel not involving any crime. Ali bin Salim is willing to go back to Bahrain, and if he brings two sureties tomorrow for Rs.100/- each that he will return to Bahrain by the next mail that will be sufficient.

Sd. T.C. Fowle Major,  
Political Agent, Muscat.

Dated 13th November 1931.

Ali bin Salim has appeared before me. He says he cannot produce the required sureties. His employer, Gul Muhammad, has also appeared and states that Ali seems a respectable individual.

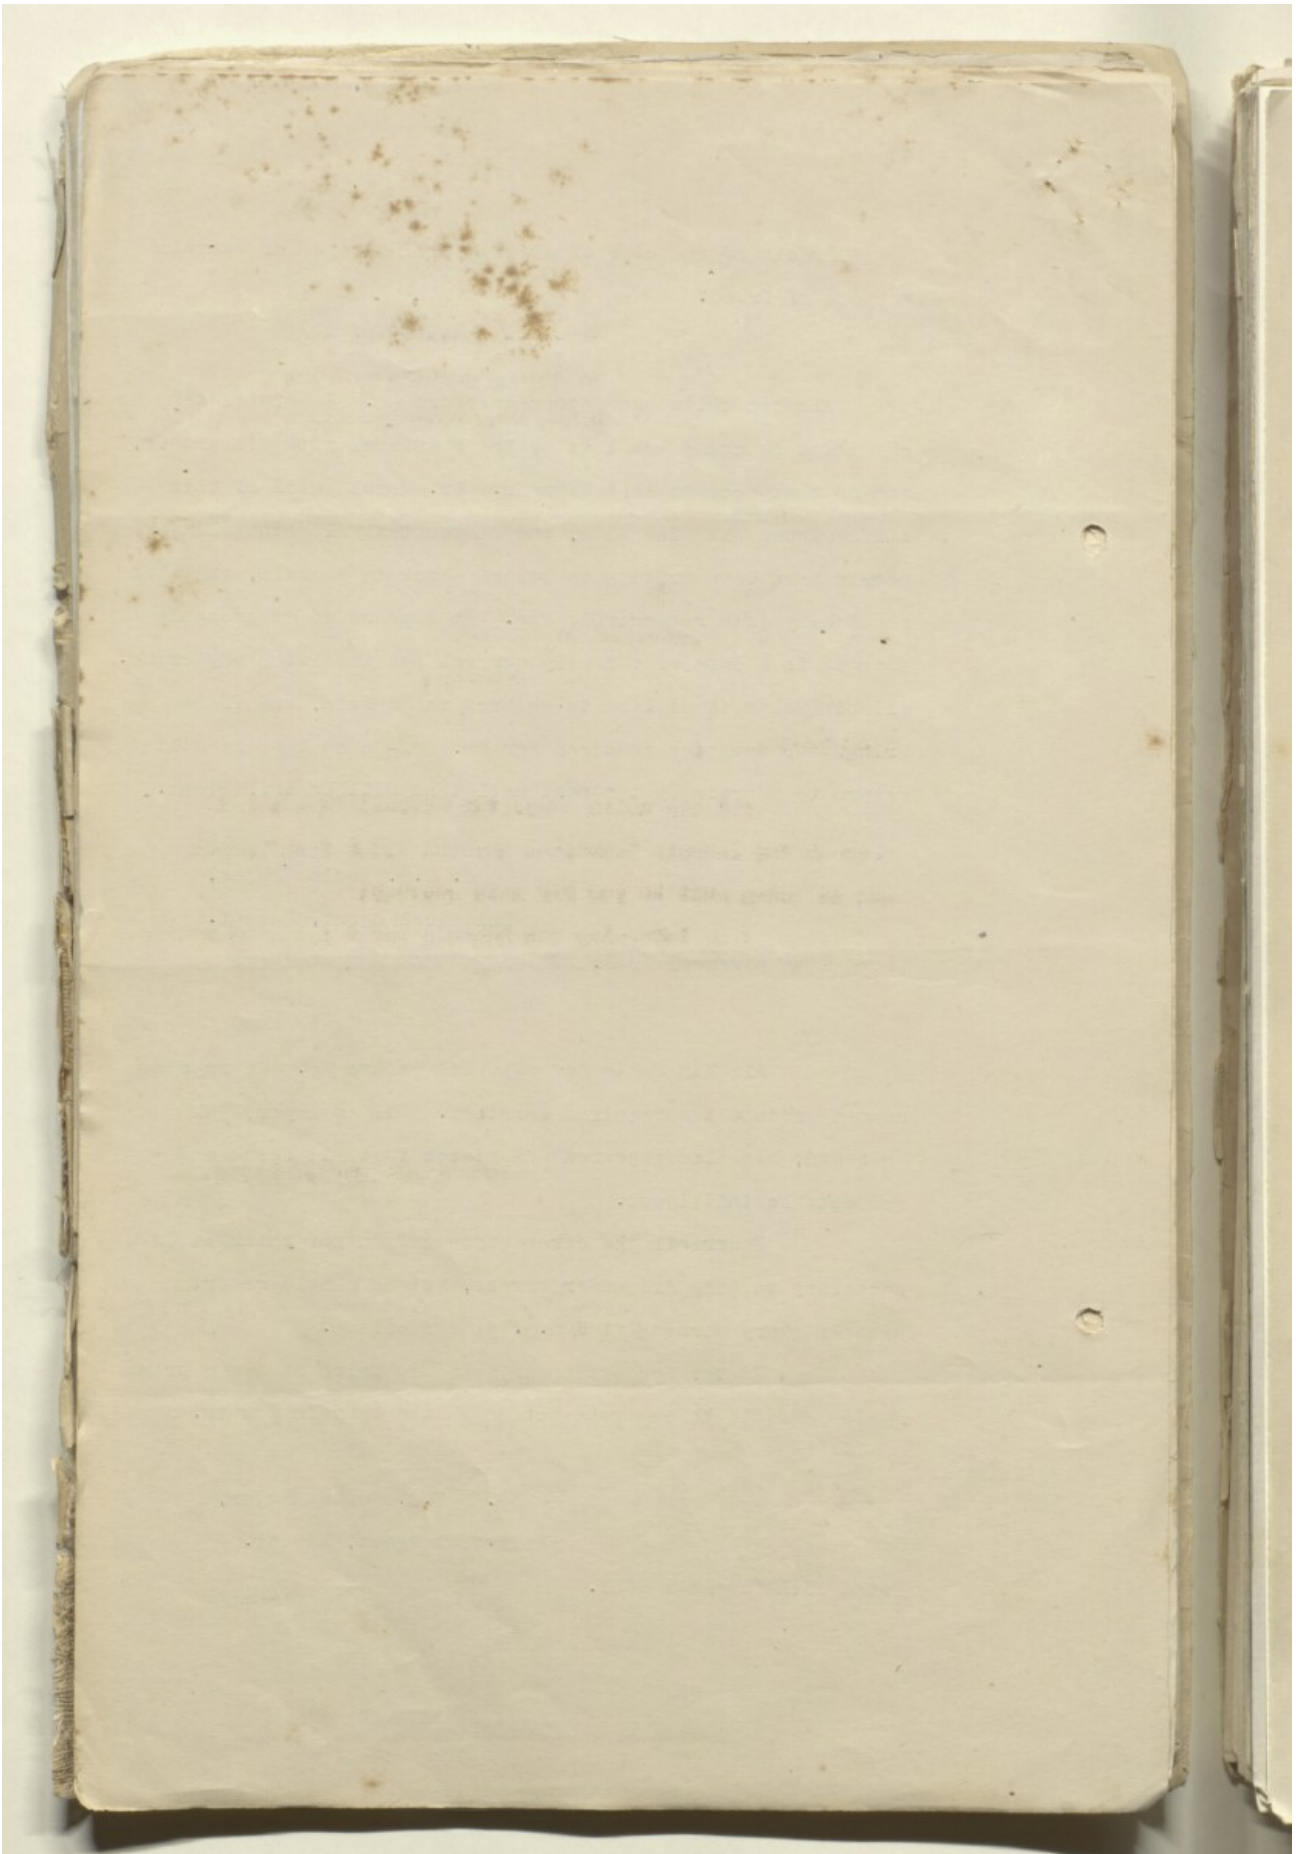

Under all the circumstances I do not think it is necessary to keep Ali under arrest, but he should report himself every morning at 9 a.m. at the office.

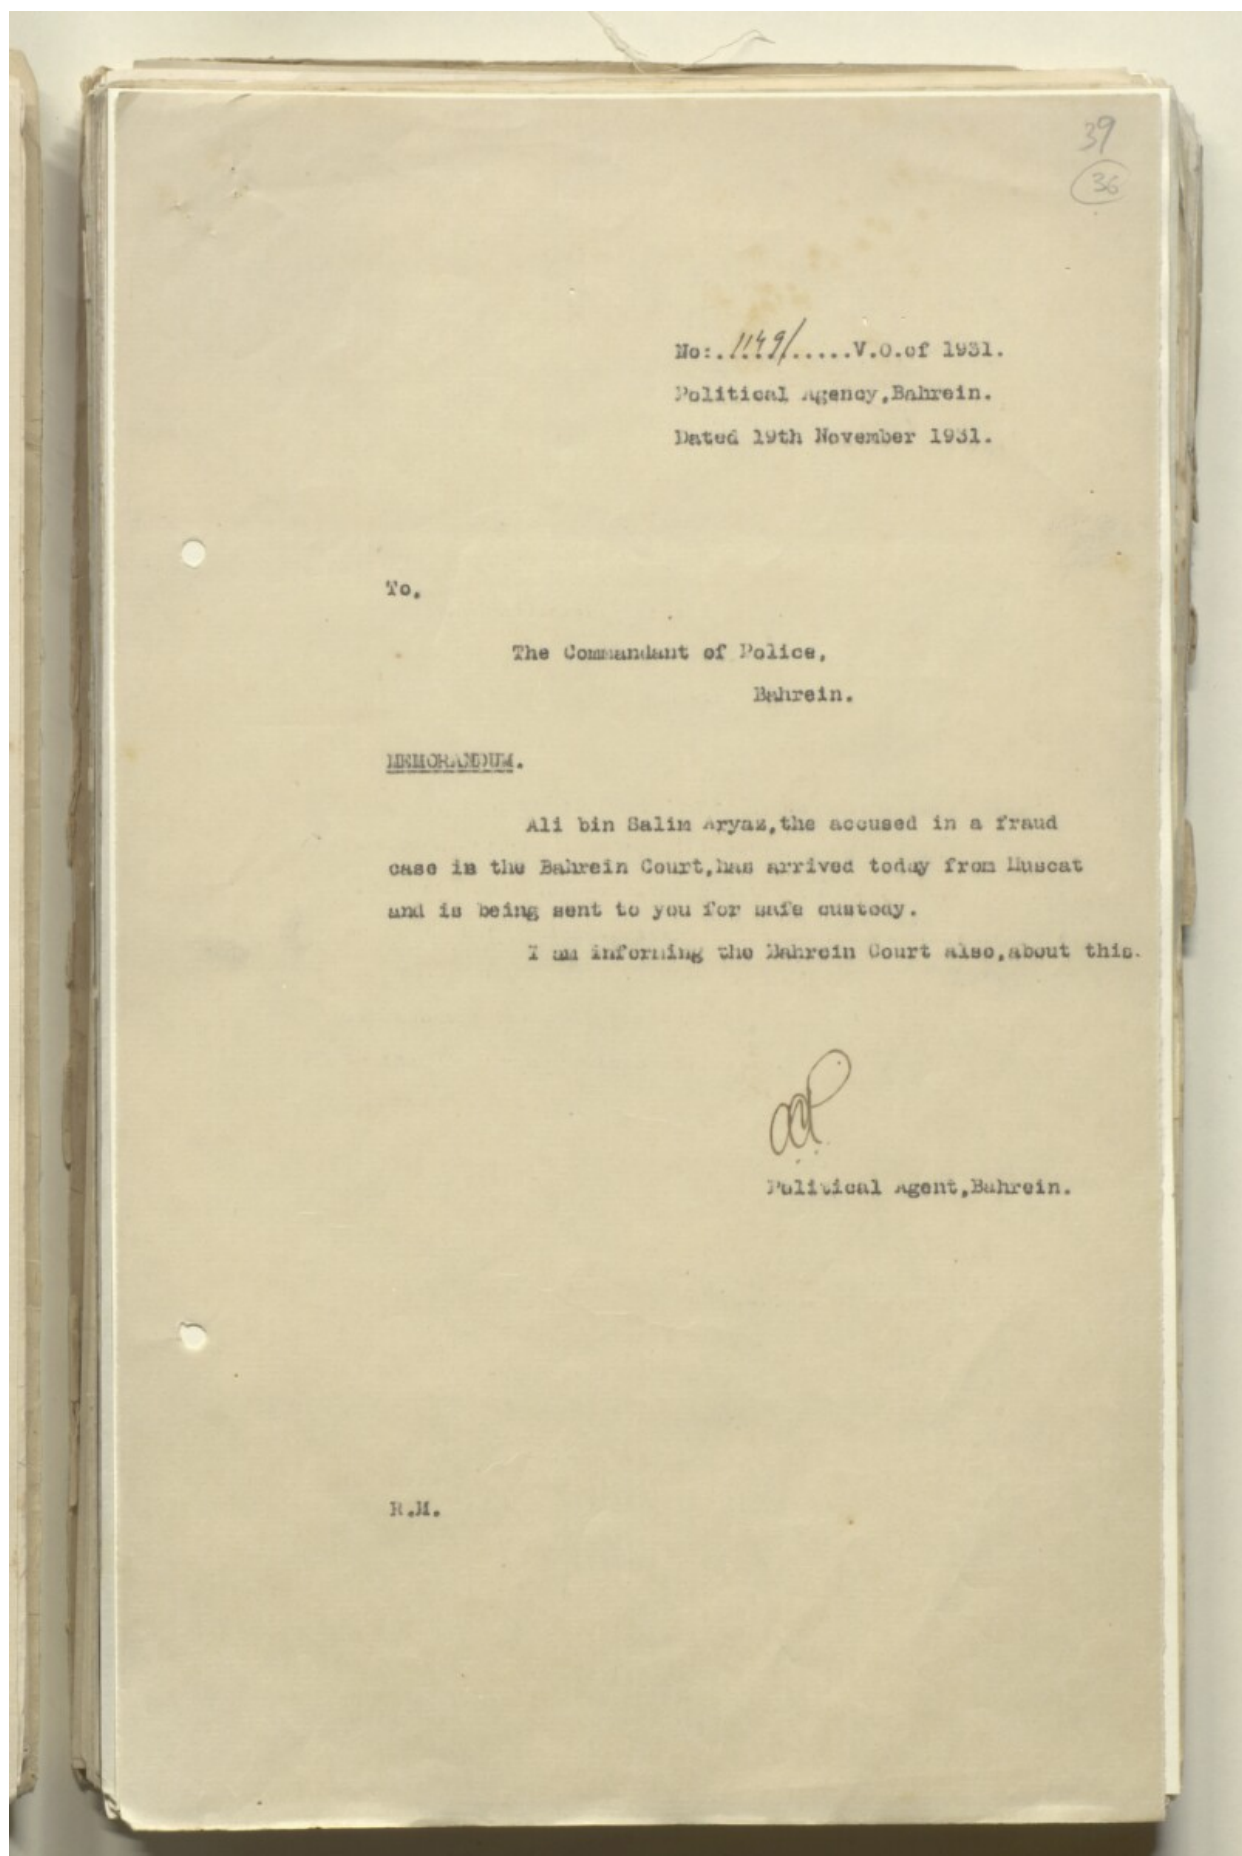

If the accusation of fraud is false as seems *prima facie* possible he can take action in the Bahrain Courts.

You will notice, for instance, from the list appended thereto that a number of beggars are mentioned as 'Iraqis, and the repatriation of these persons is likely to cause some difficulty; and if it is not possible to prove that they are in fact Iraqis, they will not be allowed to land at Basra and will be returned to Bahrain at the expense of the steamship company, who will claim the cost of their passages from the Bahrain Government.

My dear Belgrave,

What action is the Bahrain Government likely to take regarding claims against divers who are in debt? You will recall that alans have twice been issued to the effect that owing to the paucity of salaf no civil suits against divers are to be heard during the Pearling season. The result was, of course, that none of the small merchants could get back anything this hot weather or last.

As you know the divers are firmly imbued with the idea that they are not expected to do any work during the cold weather and that their tisqam should serve them for this. One diver, whose tisqam I attached last year, explained that this would leave him too little to live upon; replied when I suggested that he should do some work to make up the balance, "work, I am a diver!" I do not think we can continue placing the divers beyond the reach of the civil law, at any rate, during the cold weather. Unless the smaller merchants are assisted in recovering their outstandings very many of them will go bankrupt and they, in their turn, will pull down bigger men. I think there is a fair amount of work still available and I think, therefore, that no restrictions be placed this year on attachment of tisqam.

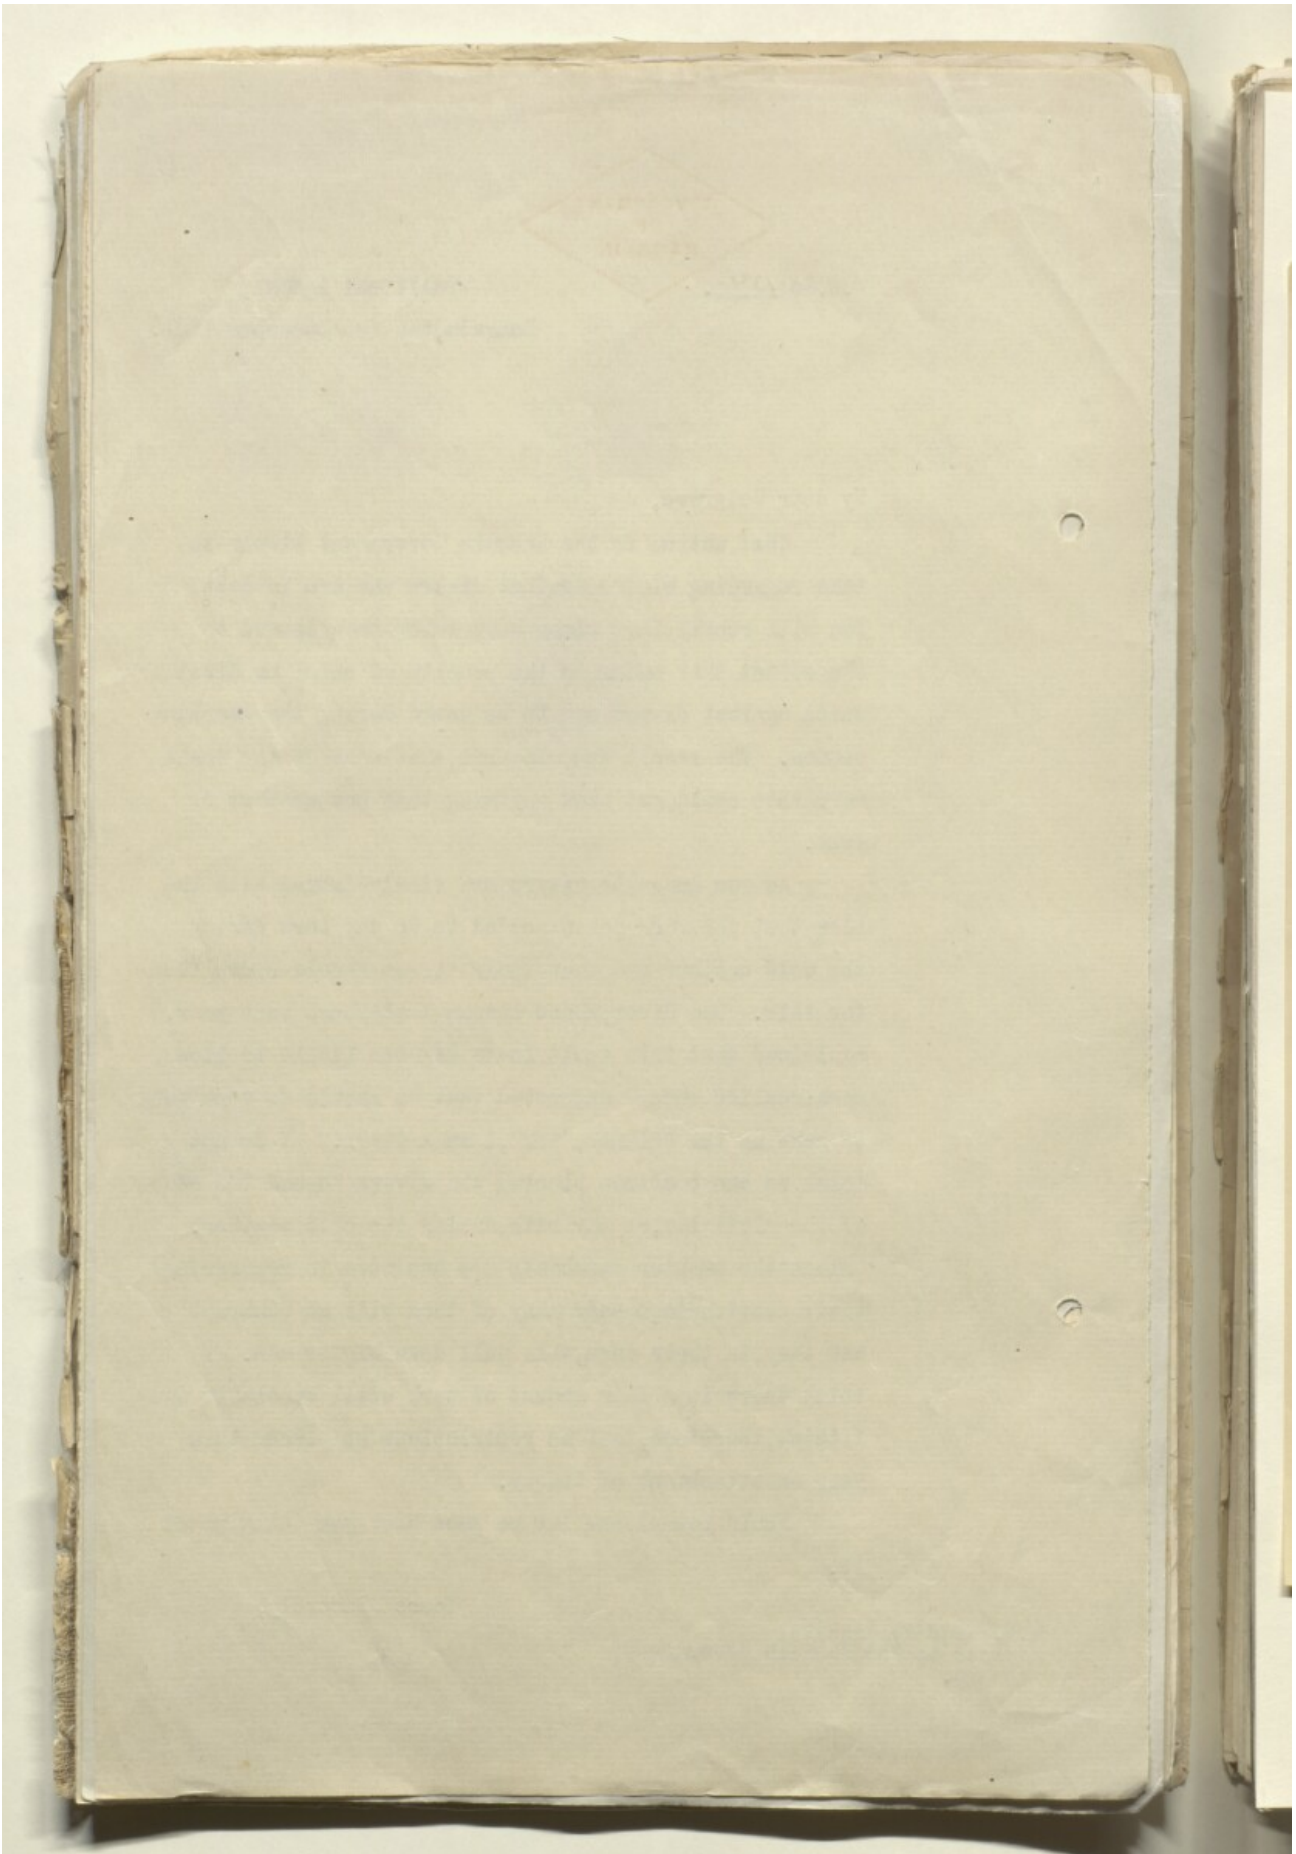

Would you please let me know what you think about it.

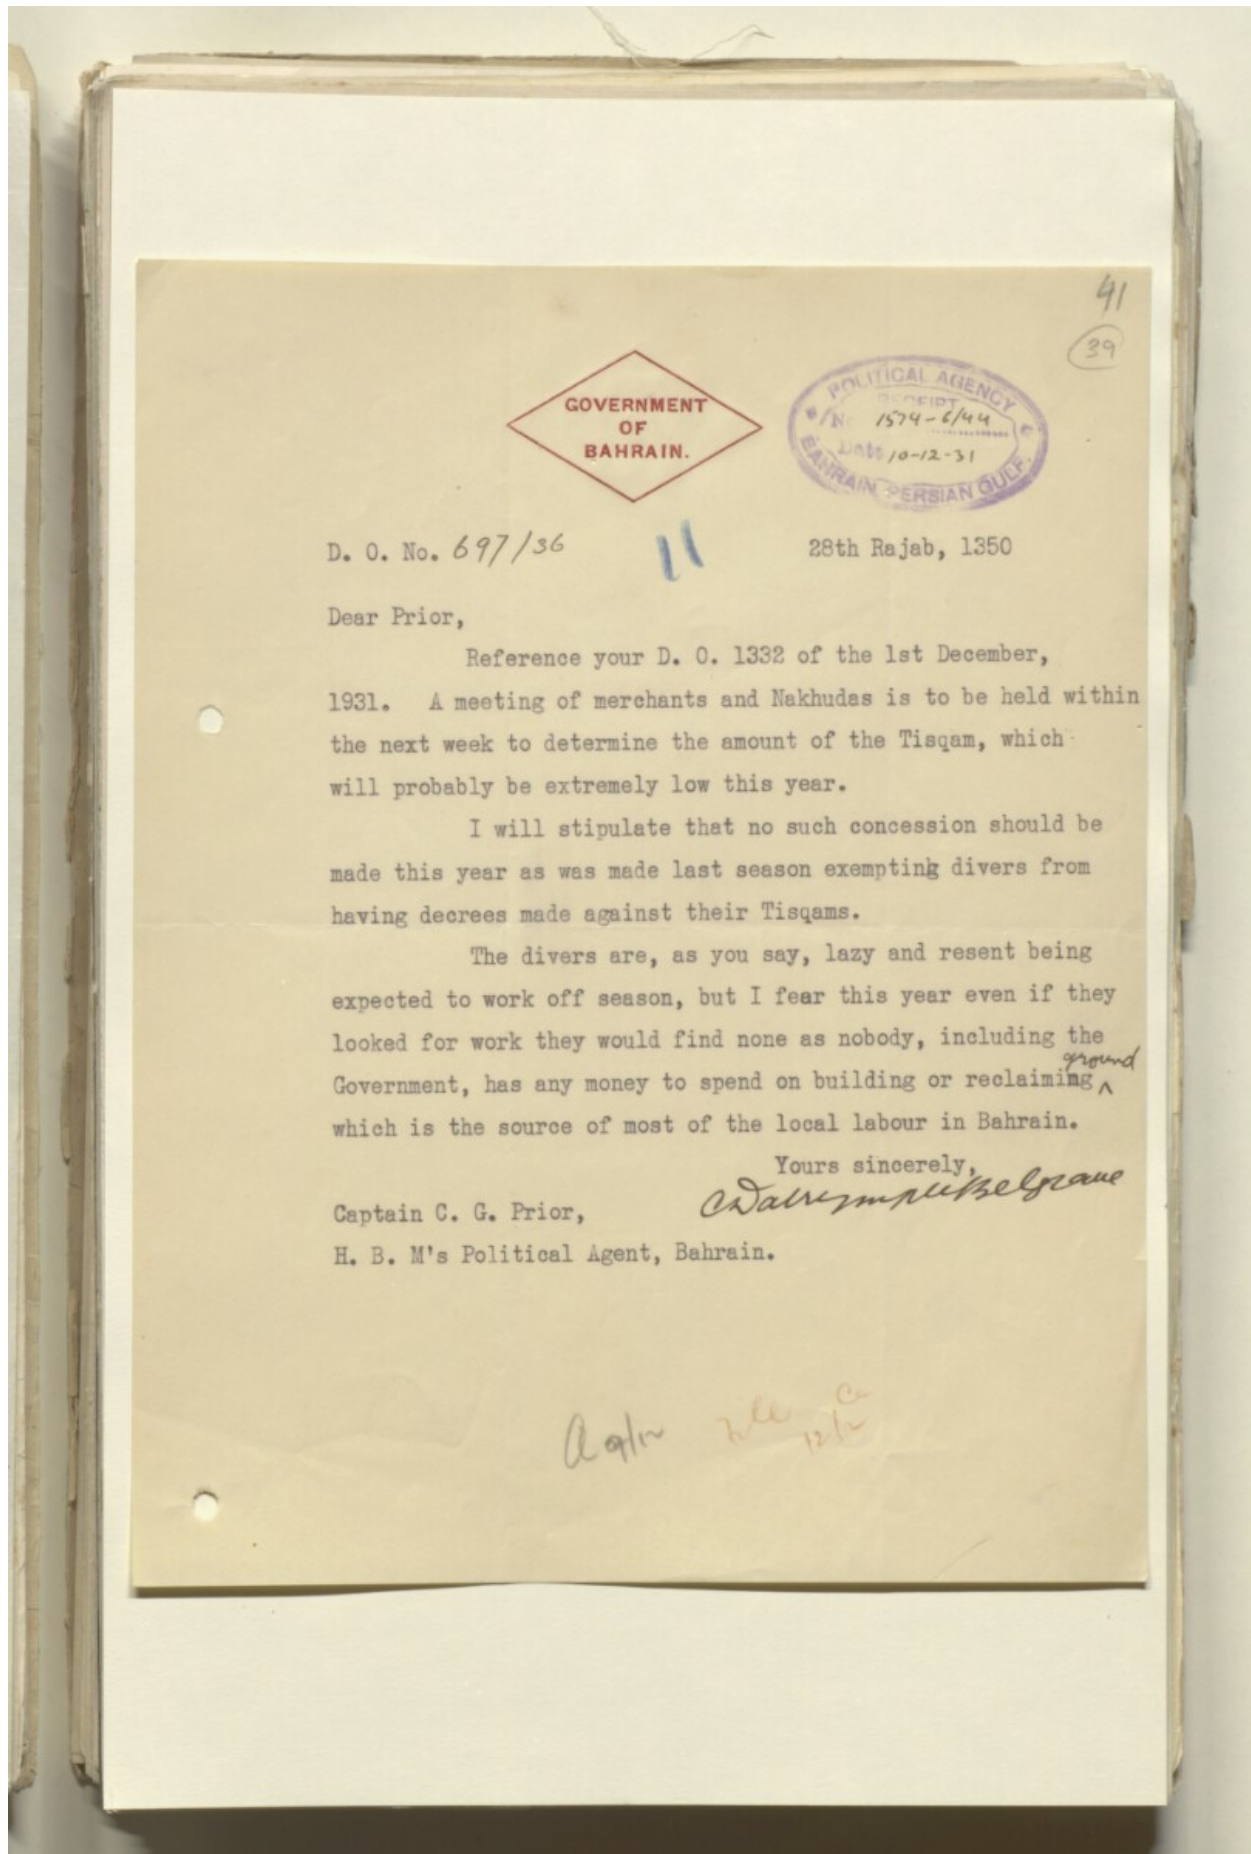

Yours Sincerely,

Dear Belgrave,

A day or two ago I noticed a boom in the harbour filled with persons of both sexes and of all ages in clothing which suggested that they had very recently come from the southern coast of Persia.

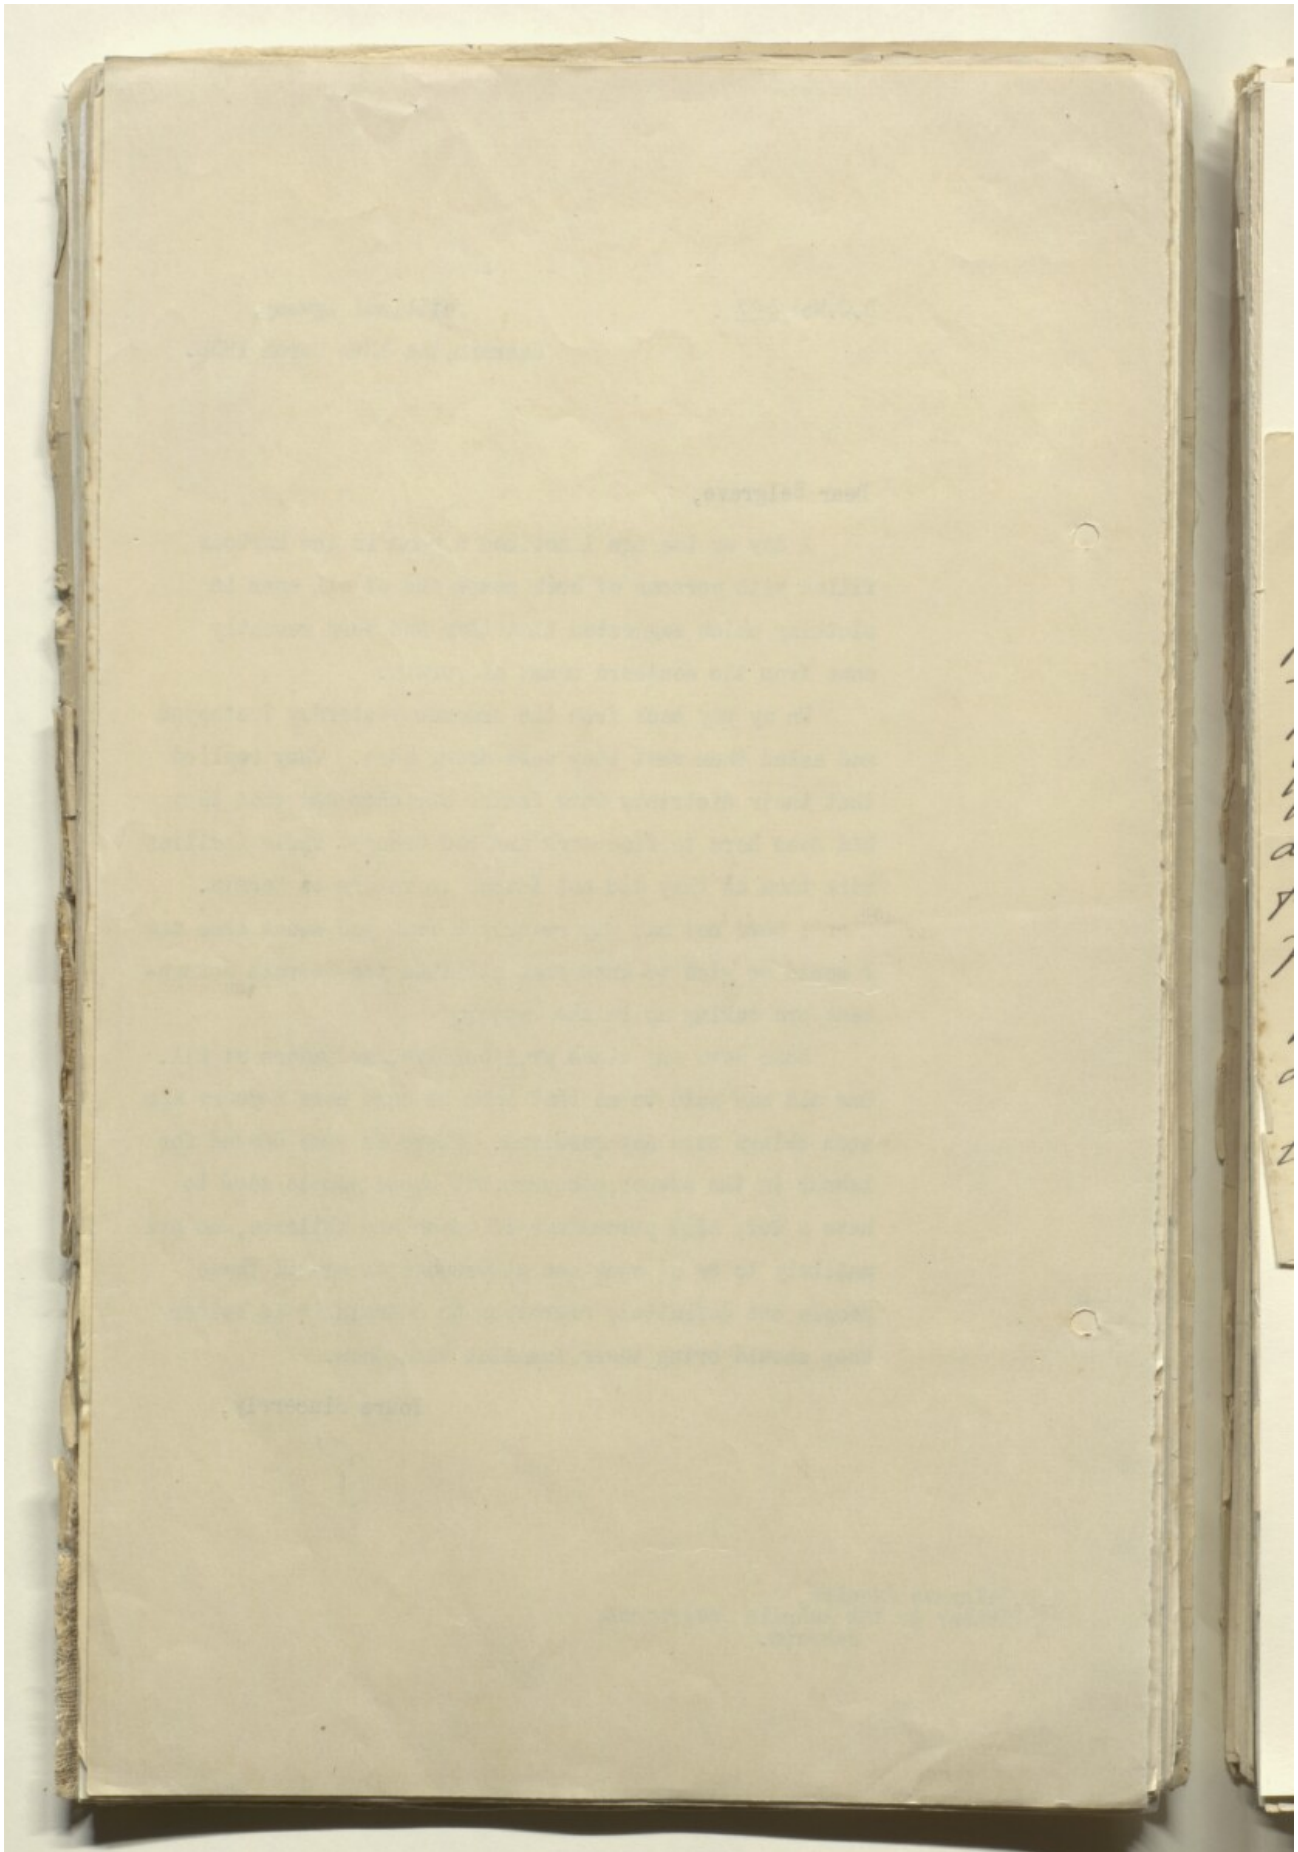

On my way back from the Ormonde yesterday I stopped and asked them what they were doing here. They replied that their districts were famine stricken and that they had come here to find work and had brought their families with them as they did not intend to return to Persia.

I have not had any reference from you about them and I would be glad to know what attitude the Bahrain Government are taking up in the matter.

None have any visas or, I believe, any papers at all. One old man said to me that when he came here 6 years ago such things were not required. There is some demand for labour in the summer, of course, but these people seem to have a very high percentage of women and children, who are unlikely to be of much use at present, though if these people are definitely migrating to Bahrain it is better they should bring their families with them.

Dear Belgrave,

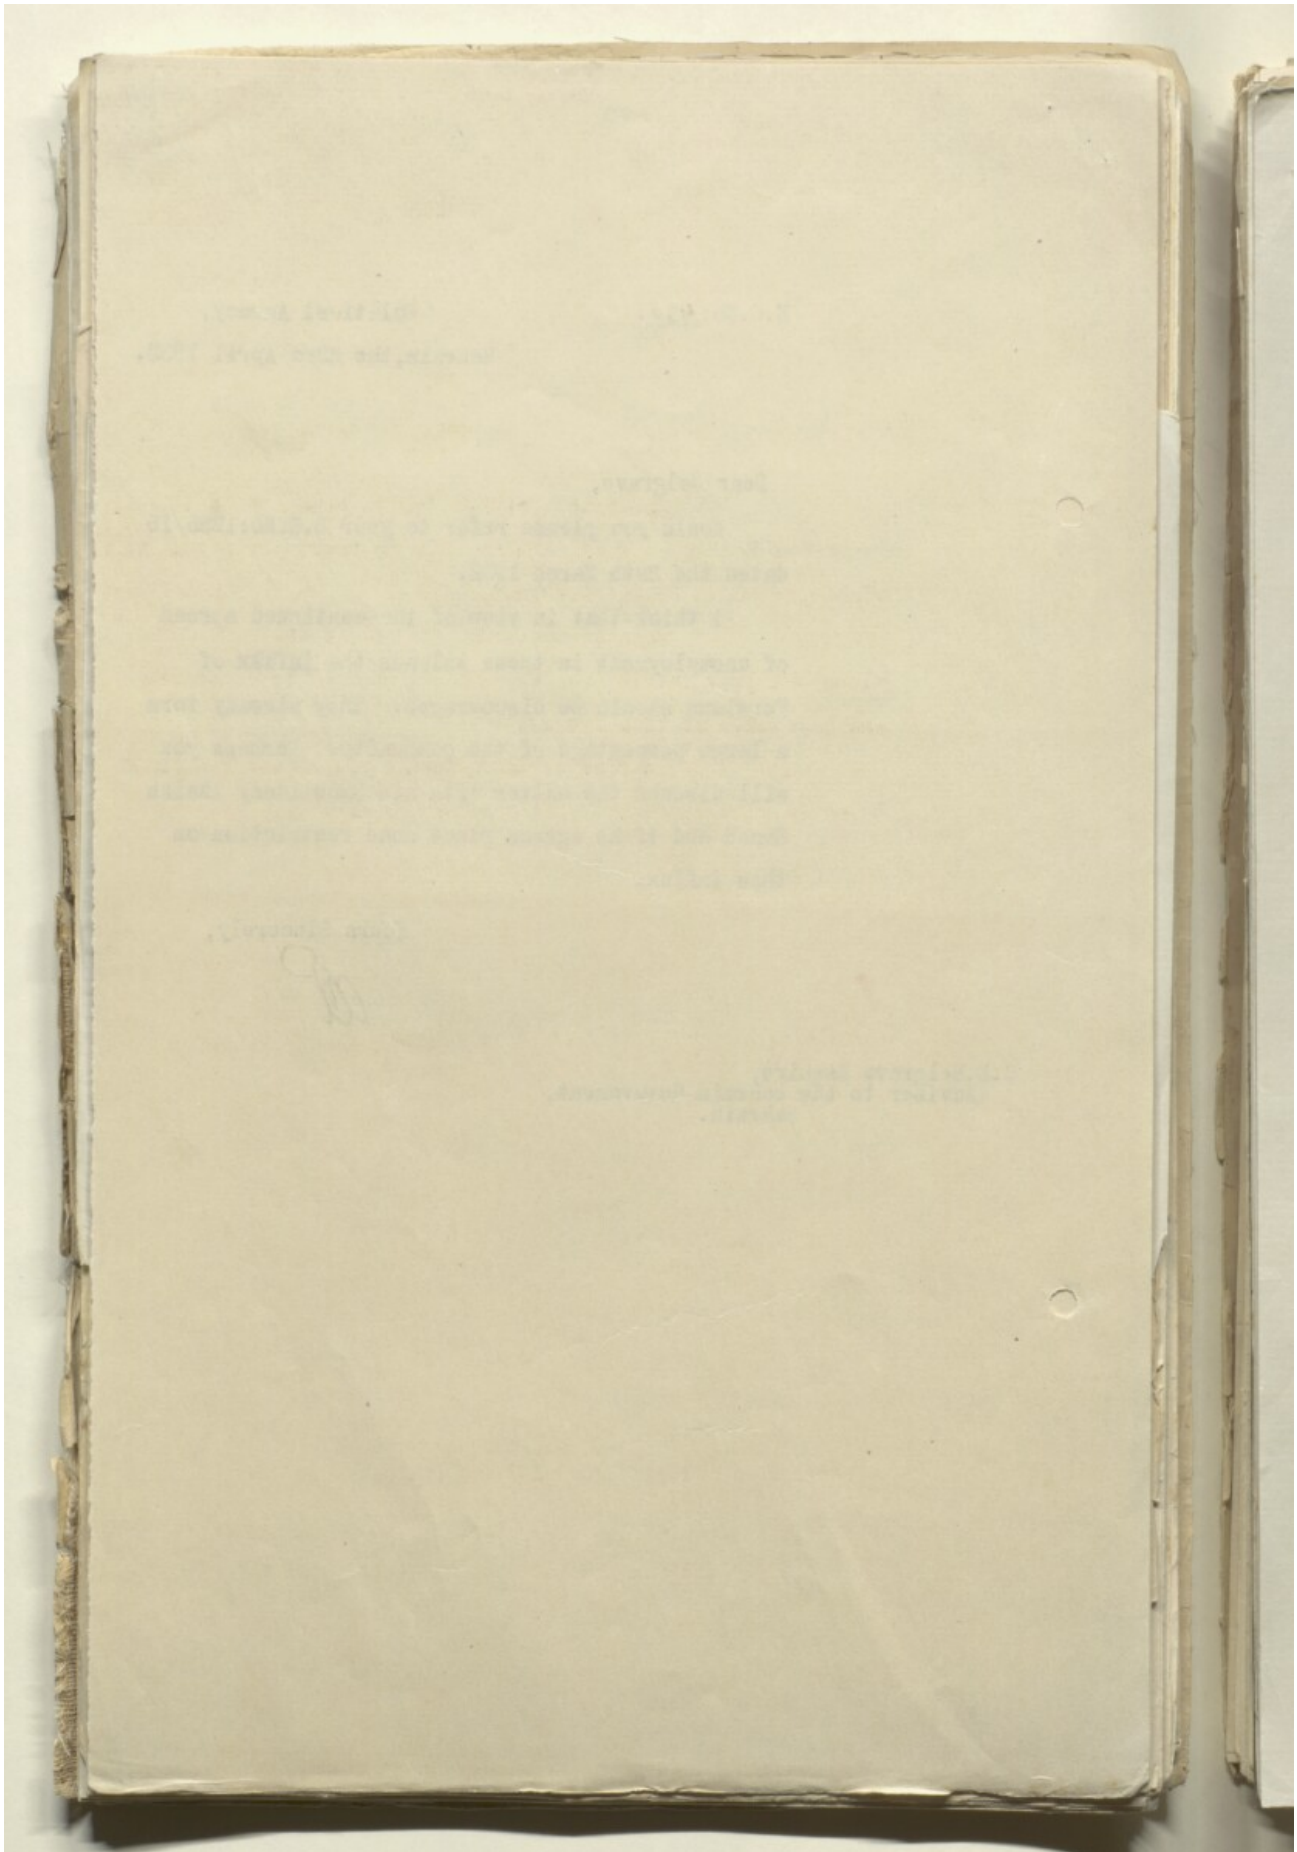

Would you please refer to your D.O.No:1255/15  
dated the 29th March 1932.

I think that in view of the continued spread  
of unemployment in these islands the influx of  
Persians should be discouraged. They already form  
a large percentage of the community. Perhaps you  
will discuss the matter with His Excellency Shaikh  
Hamad and if he agrees place some restriction on  
this influx.

Yours Sincerely,

H. E. Shaikh Hamad has asked me to enquire from  
you the particulars of an arrangement made, so he  
says, by the Agency, not less than eight years ago,  
by which the Government of Bahrain pays to the head  
of the Bin Ali tribe of Hedd Rs 1000/- per annum *as remuneration for pearling boats.*  
An arrangement was also made by which the Government  
of Bahrain lent ~~was~~ to the Bin Ali Rs 15,000/- per  
annum, without interest ~~on~~ <sup>or</sup> security. Of the last  
loan of this nature Rs 9000/- is still owing.

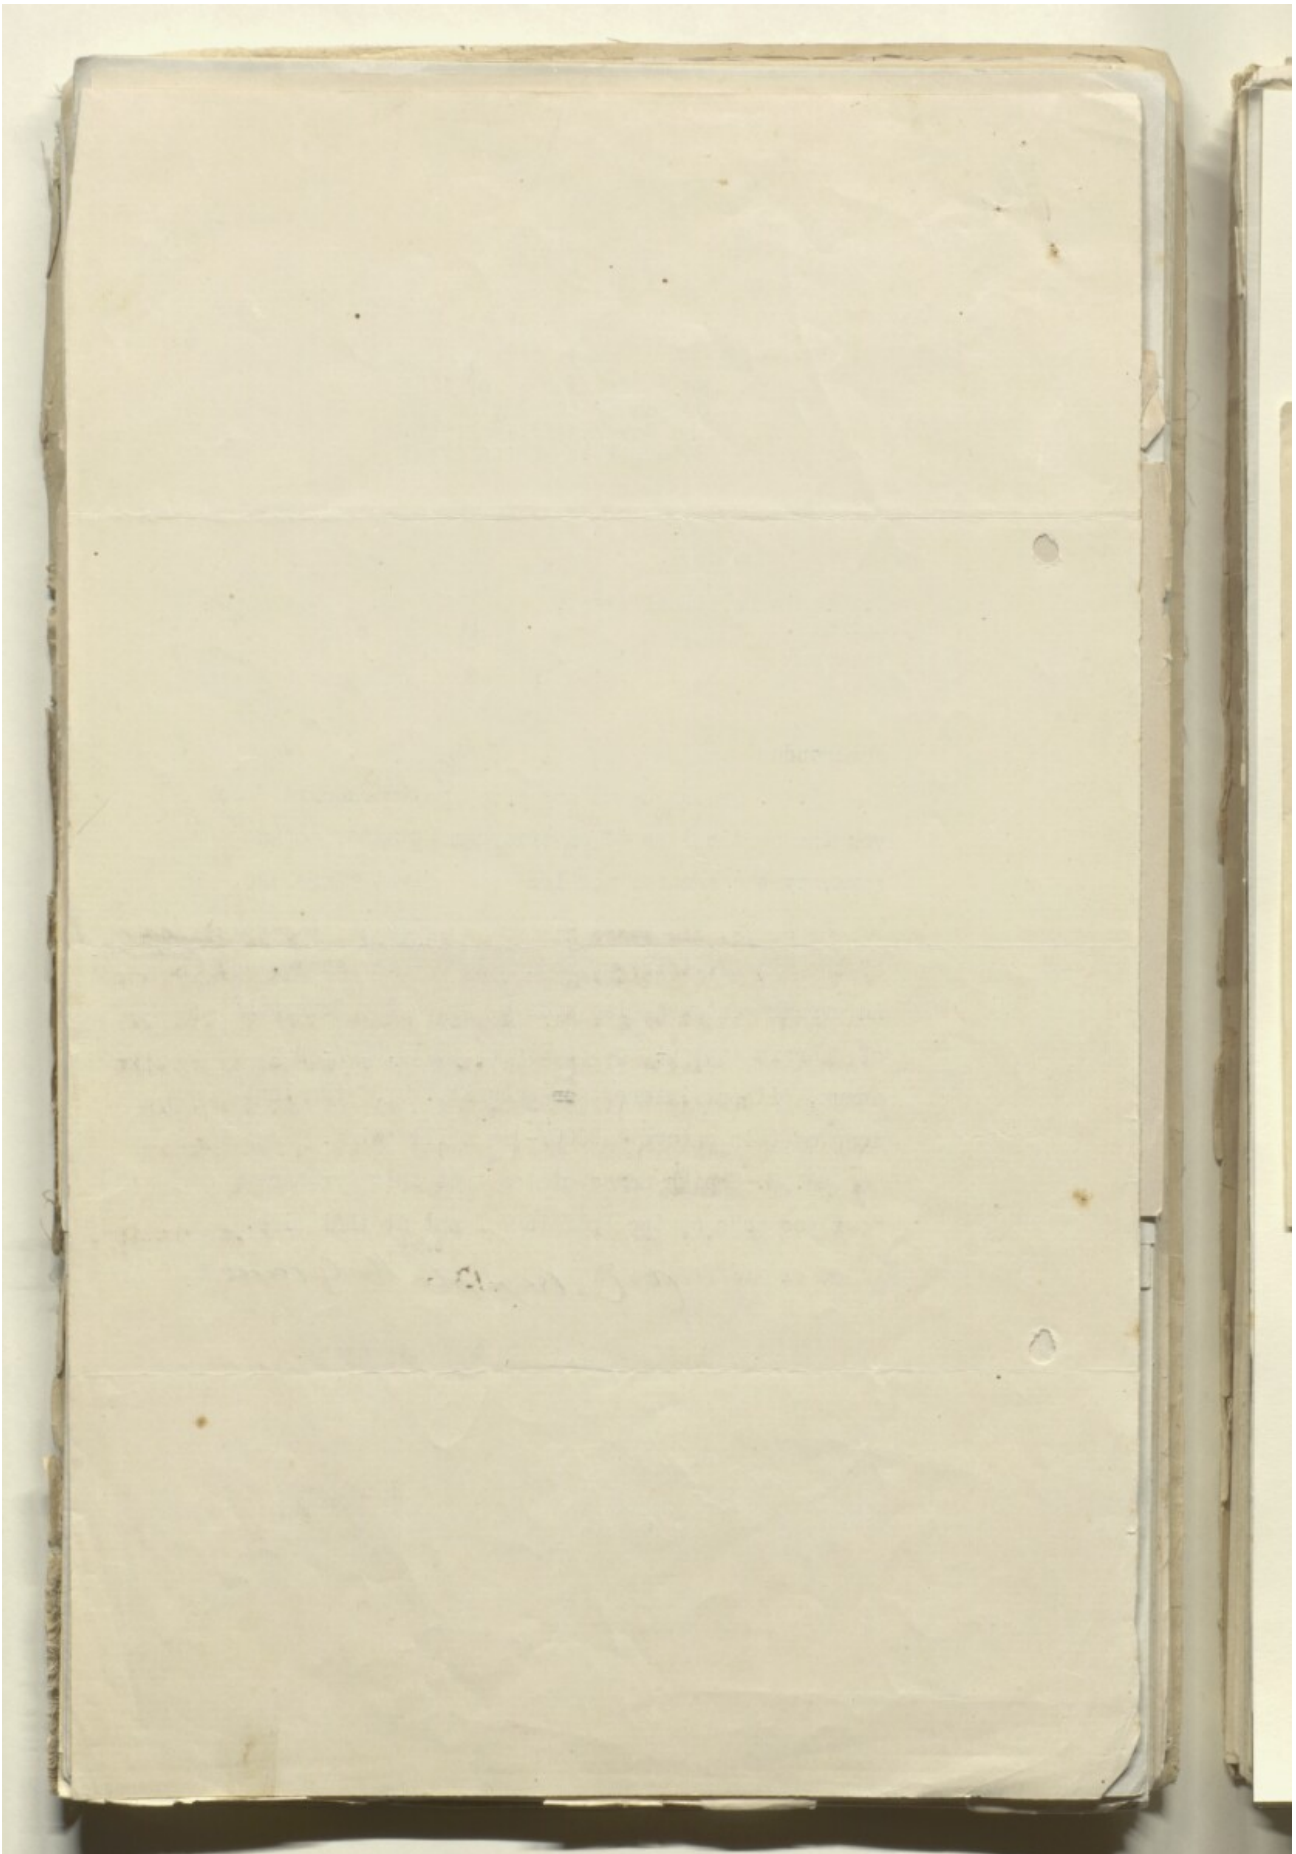

H. E. Shaikh Hamad states that this arrange-  
ment was made by the Political Agent at that time.

Please refer to your letter No:56/1 dated the 13th Muharrem 1351 regarding the alleged arrangement with the Bin Ali tribe of Head.

2. Despite careful search no information whatever is forthcoming in my records regarding any such arrangement as that mentioned by you and, unless the number of a letter or other reference can be quoted, it does not appear possible to trace the matter.

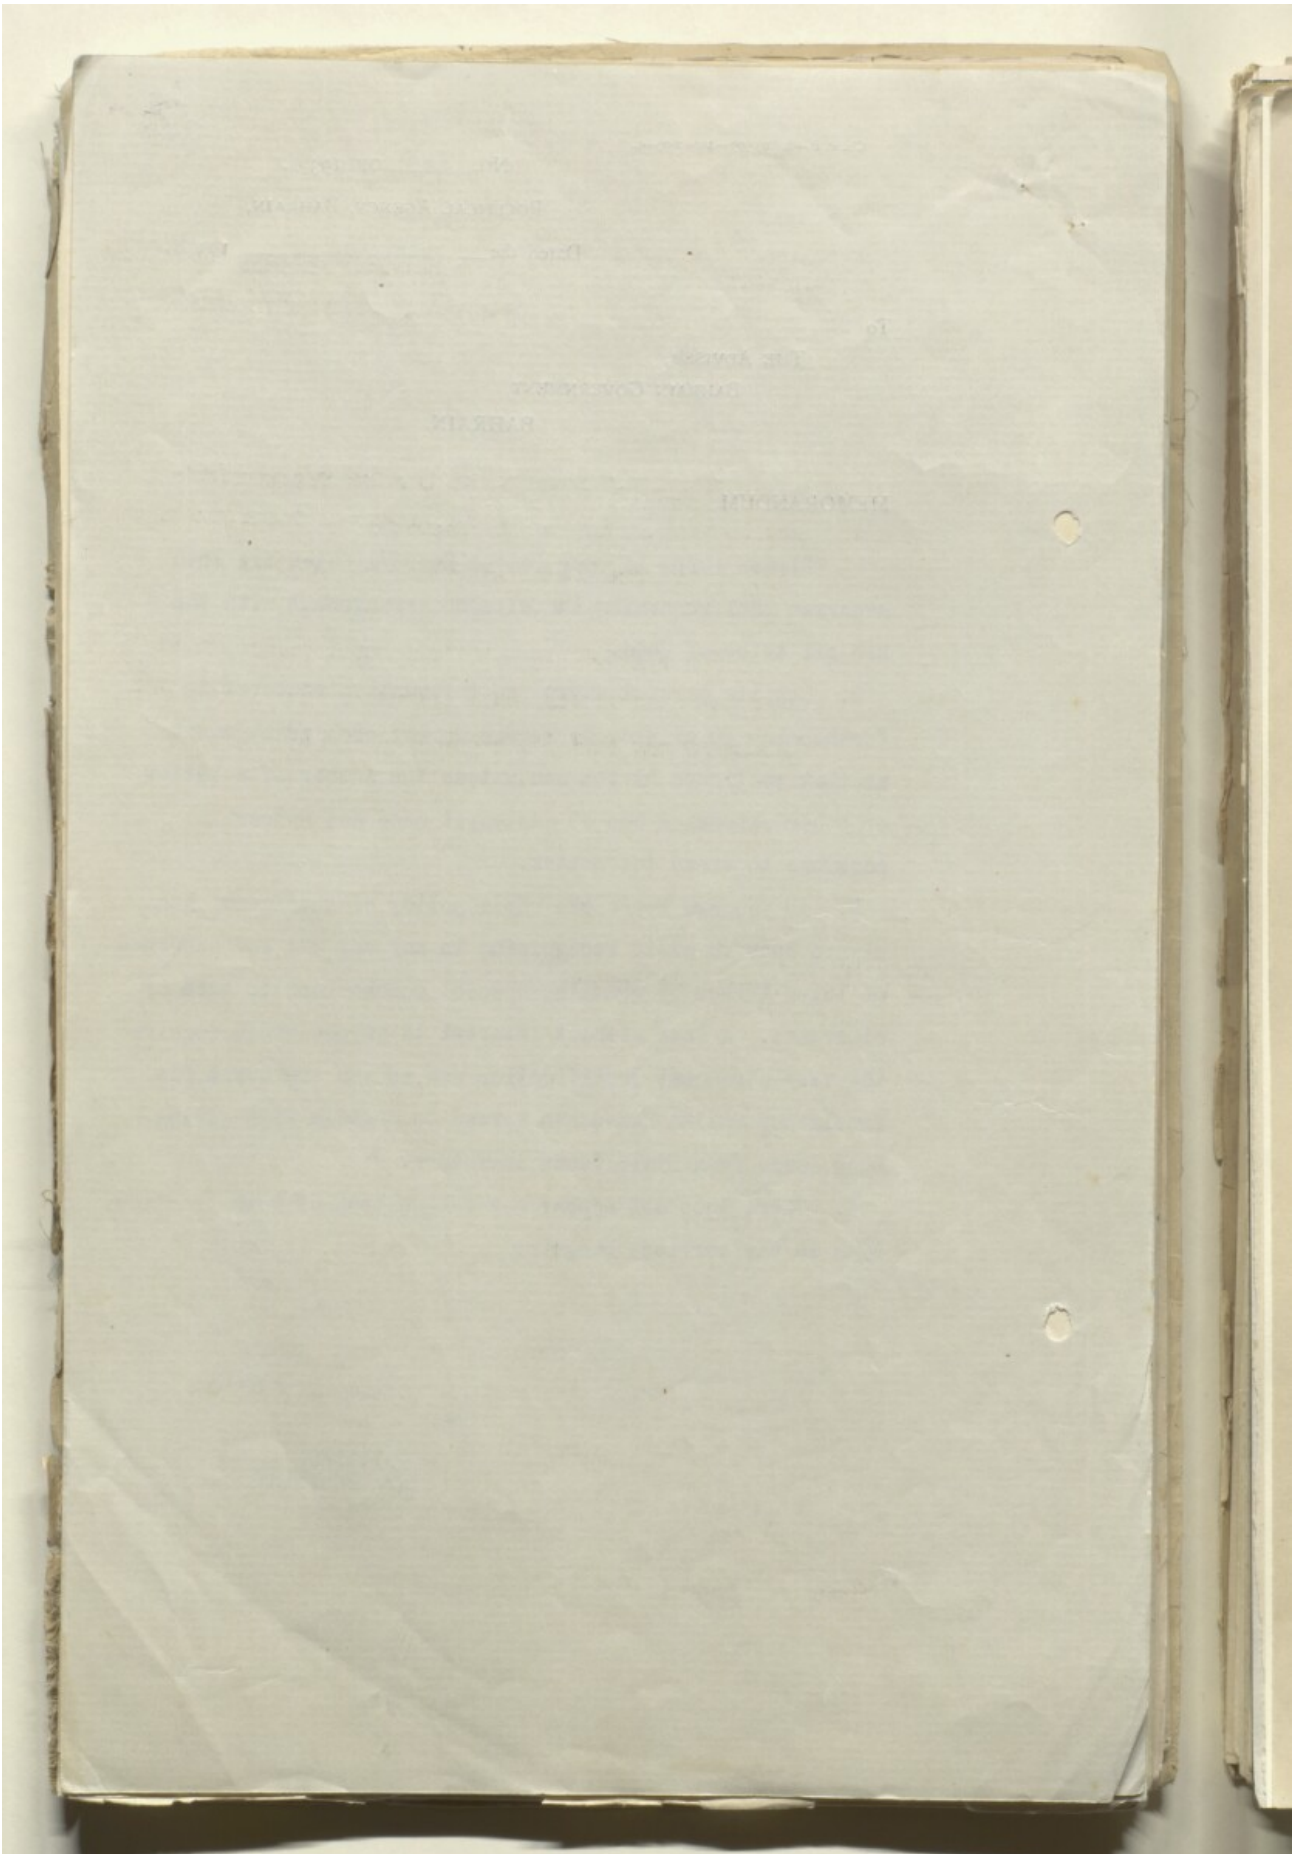

3. As you are aware the whole policy of the Agency has always been to avoid recognising in any way the independence of these tribes by granting special concessions to them or otherwise. A loan without interest to anyone would require the very strongest justification and, as you are aware, His Excellency Shaikh Hamad has agreed to abstain from giving such loans from State funds in future.

4. There does not appear any recognition of this practice, even in the earliest budgets.

These persons have not paid the rents to the Wakf

Memorandum:-

I forward the following note for your information:-

On the night of 29-30, Jany, 1933, the house of a Bahraani in Ged-Ali was attacked by a party of three armed men. The owner of the house and his wife were inside, the man was attacked and very seriously wounded by knife <sup>wounded</sup> on his wrists head and back, the wound on the back damaged the lungs. The three men are said to have seized some gold bracelets, a few rupees and a garden knife.

Information was given to the police early on the following morning. One of the men was recognised by the victim as being from Rafea, though his name was not known. After some questioning of the villagers it was discovered that the victim and his alleged assailant had recently had a quarrel in the presence of a grass cutter from Rafea. All the grass cutters in Rafea were collected and eventually the victim of the quarrel was identified and by these means the name of the assailant was discovered. The man was said to be one Isa al-Mullah, of Hassawi origin but of Bahrain nationality, a relation of

of one of the gang of men implicated some years ago in a series of murders and raids on Baharna villages culminating in the attempted assassination of H. E. Shaikh Hamad.

During the course of the day the accused was arrested and when his house was searched a shirt with some bloodstains was found, also a dagger and a garden knife which was identified as being the one belonging to the victim.

Later the accused was identified by the victim and is now under arrest.

Since the occurrence the condition of the victim has improved and it is now probable that he will recover.

The accused denied any knowledge of the victim and stated that he had never seen him before, but afterwards he admitted having had a quarrel with him saying that he had completely forgotten the incident which took place some ten days before the attack.

It has not been possible to trace <sup>the</sup> ~~his~~ identity of the two other men who were concerned in the affair.

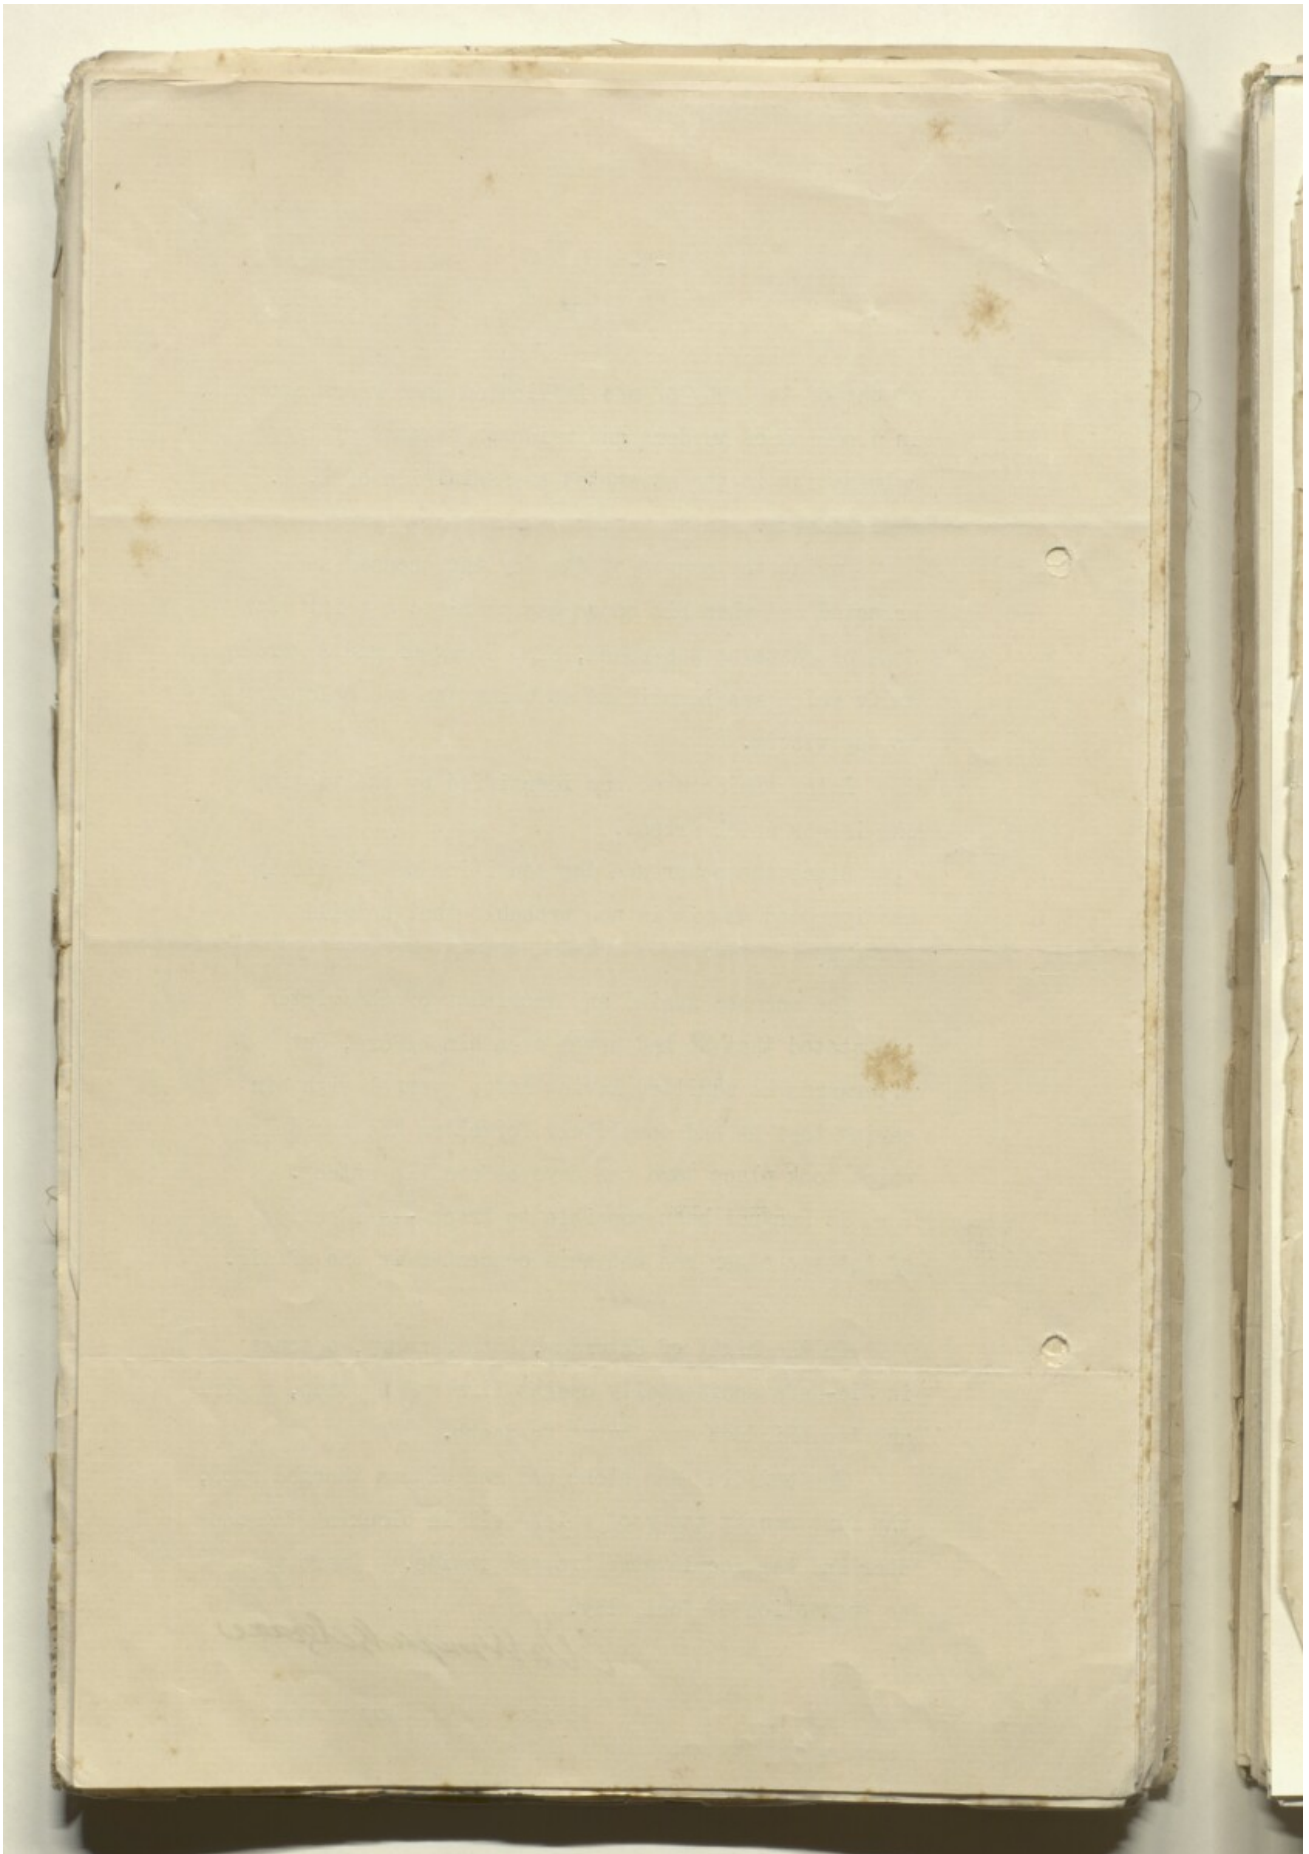

\*\*\*

On the night of Saturday, 28th January, a house in Jid-Hafs accidentally caught fire and a woman, a girl and two children were burnt to death.

The building was stone and mud with a thached roof, the fire caught the roof which fell in blocking the one door and the people were trapped inside. There was no suggestion of foul play.

Dear Col. Loch,

A P.W.D. overseer, a Sikh, is at present living in a house, with some of the electric department staff who are also Sikhs, which the Bahrain government rents for their use.

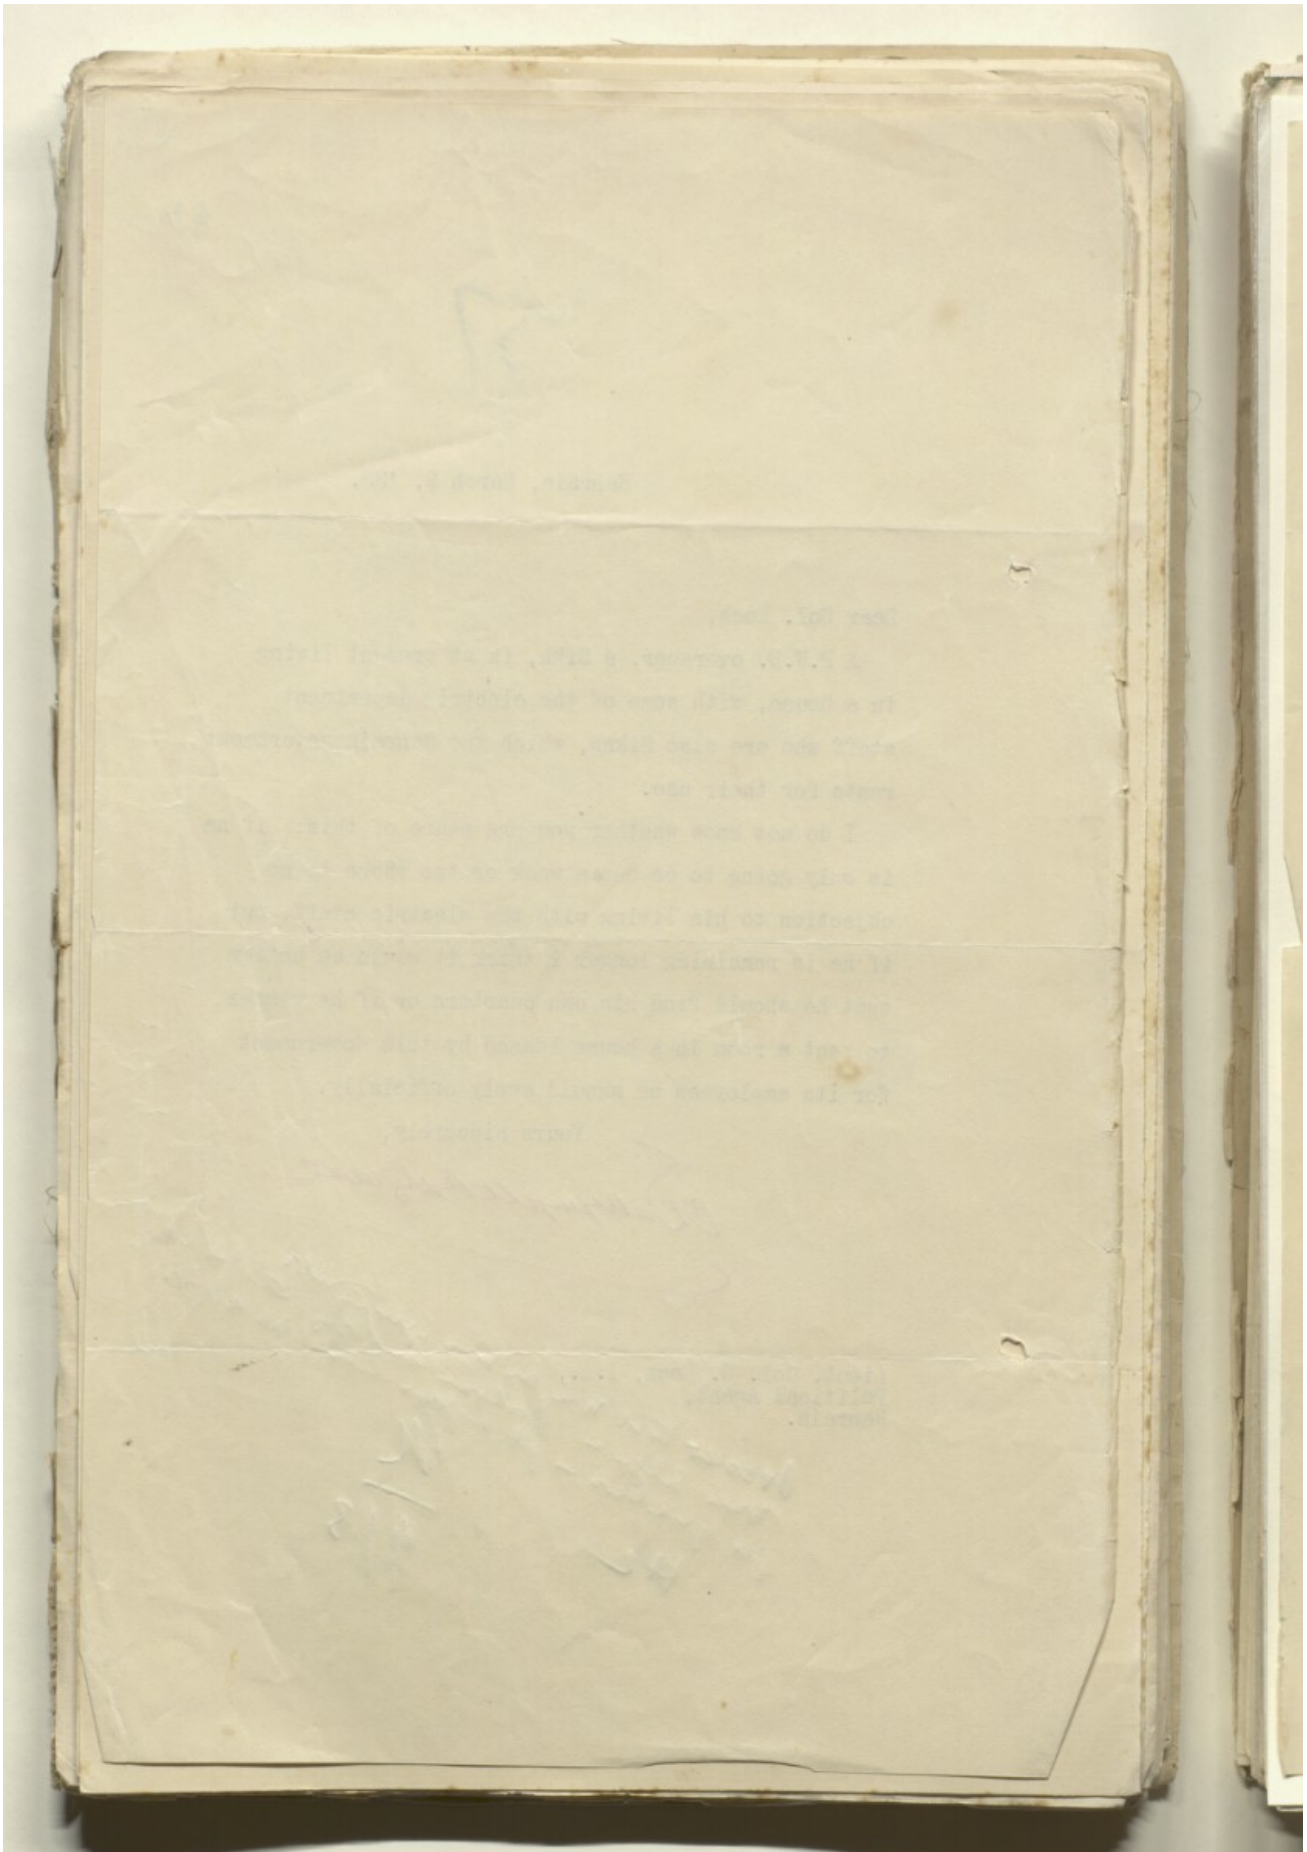

I do not know whether you are aware of this; if he is only going to be here a week or two there is no objection to his living with the electric staff, but if he is remaining longer I think it would be better that he should find his own quarters or if he wishes to rent a room in a house leased by this Government for its employees he should apply officially.

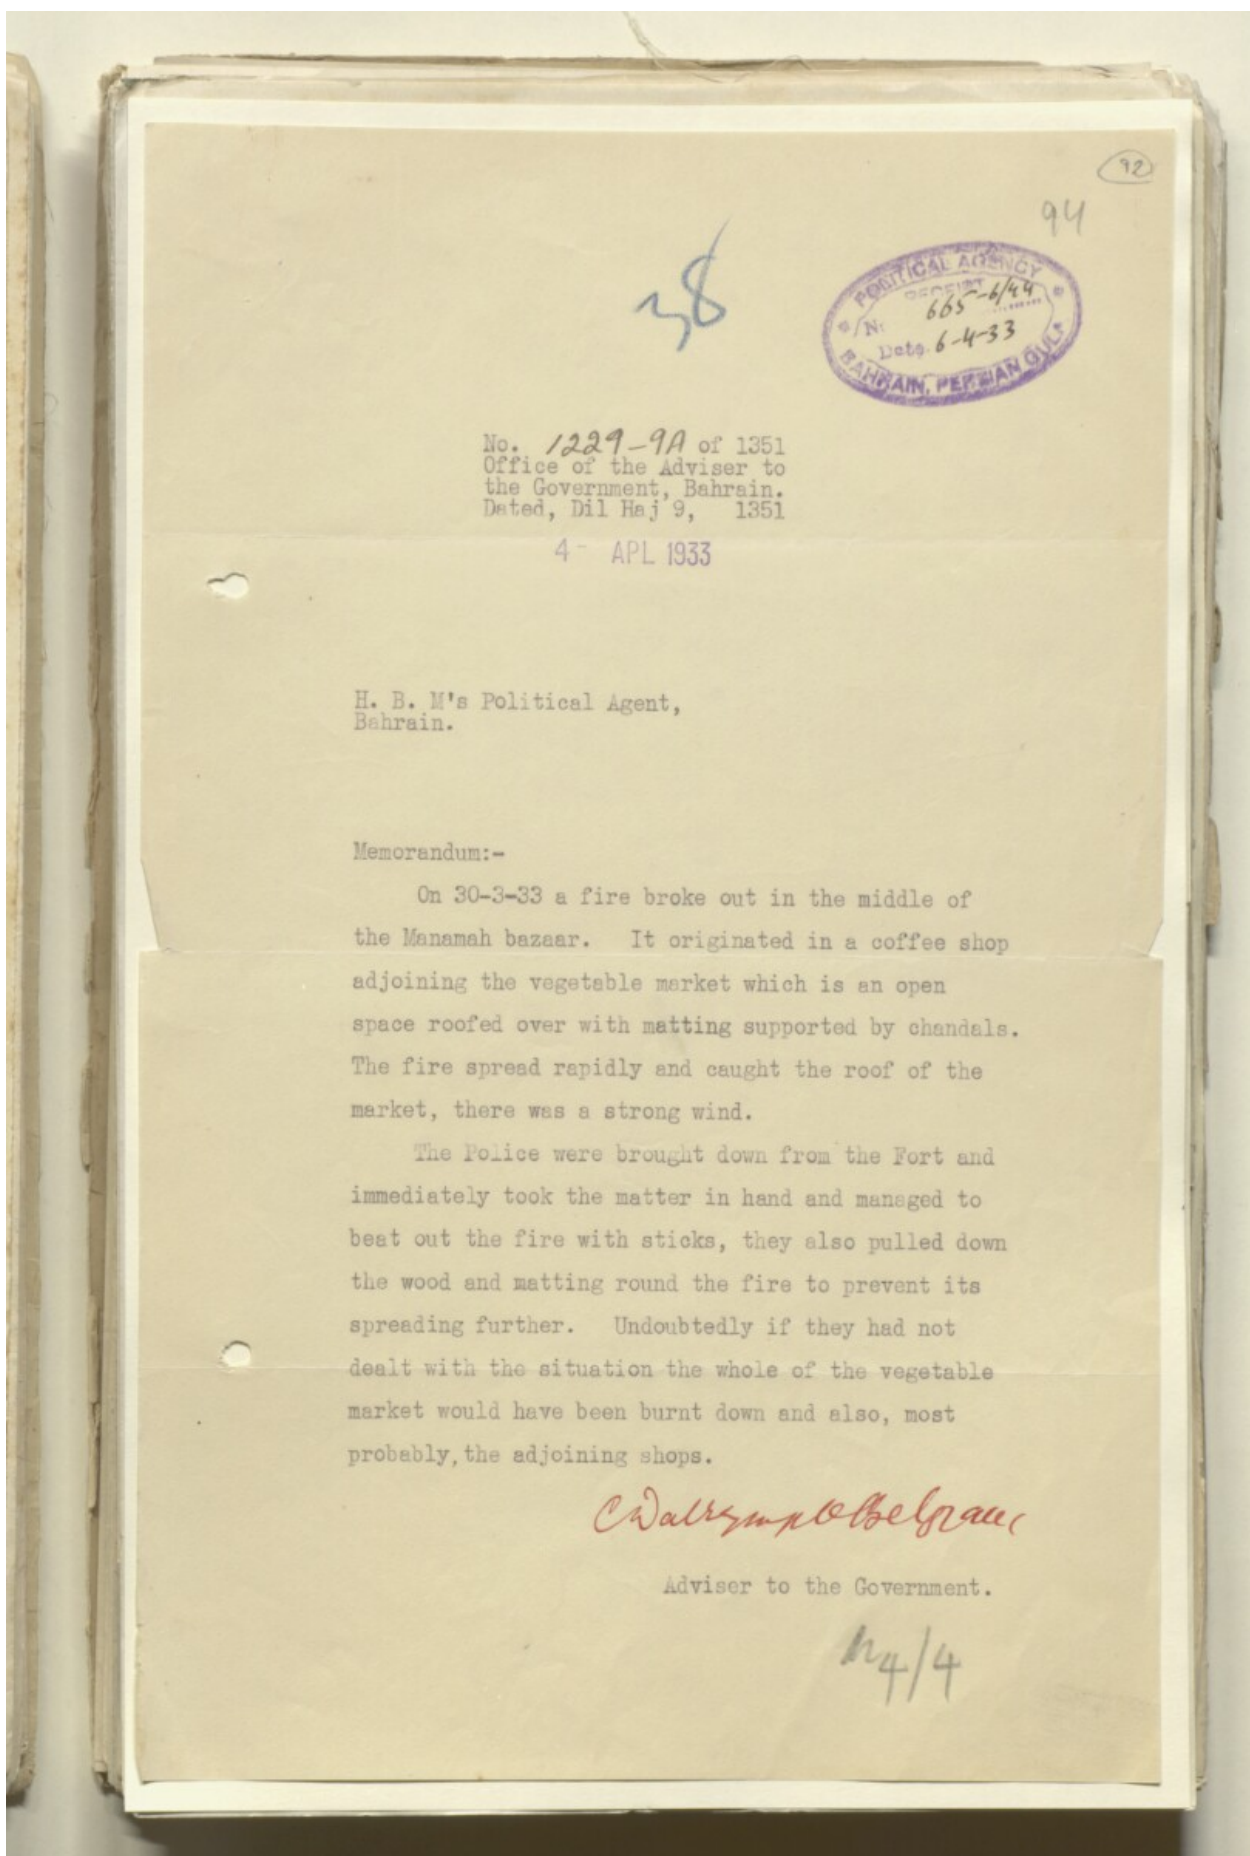

Yours sincerely,

Dear Gartrell.

When on leave in England two years ago I did a good deal of work in the British Museum Library collecting material for a history of Bahrain which I have been trying to put together. I enclose a short section which deals with the period of the Portuguese occupation. The sources are from translations, mostly into French, from Portuguese history, some local history which I got hold of here and references to Bahrain in English books.

Is there any objection to my allowing the Journal of the Royal Central Asian Society to publish it? I believe they would like to.

Yrs sincerely

Reference letter dated the 4th November 1935 from C.D.  
Belgrave Esquire, Adviser to the Government of Bahrain.

- - - - -

On Saturday (2nd November) in the afternoon (about 3-30 ) a ferrash from the Adviser's office brought a cover marked "Urgent Confidential". As it was marked confidential I directed him to take it to the Assistant Political Agent's Residence: he returned a little later to say that he (the Assistant Political Agent) had gone out (to meet Mr. Cross).

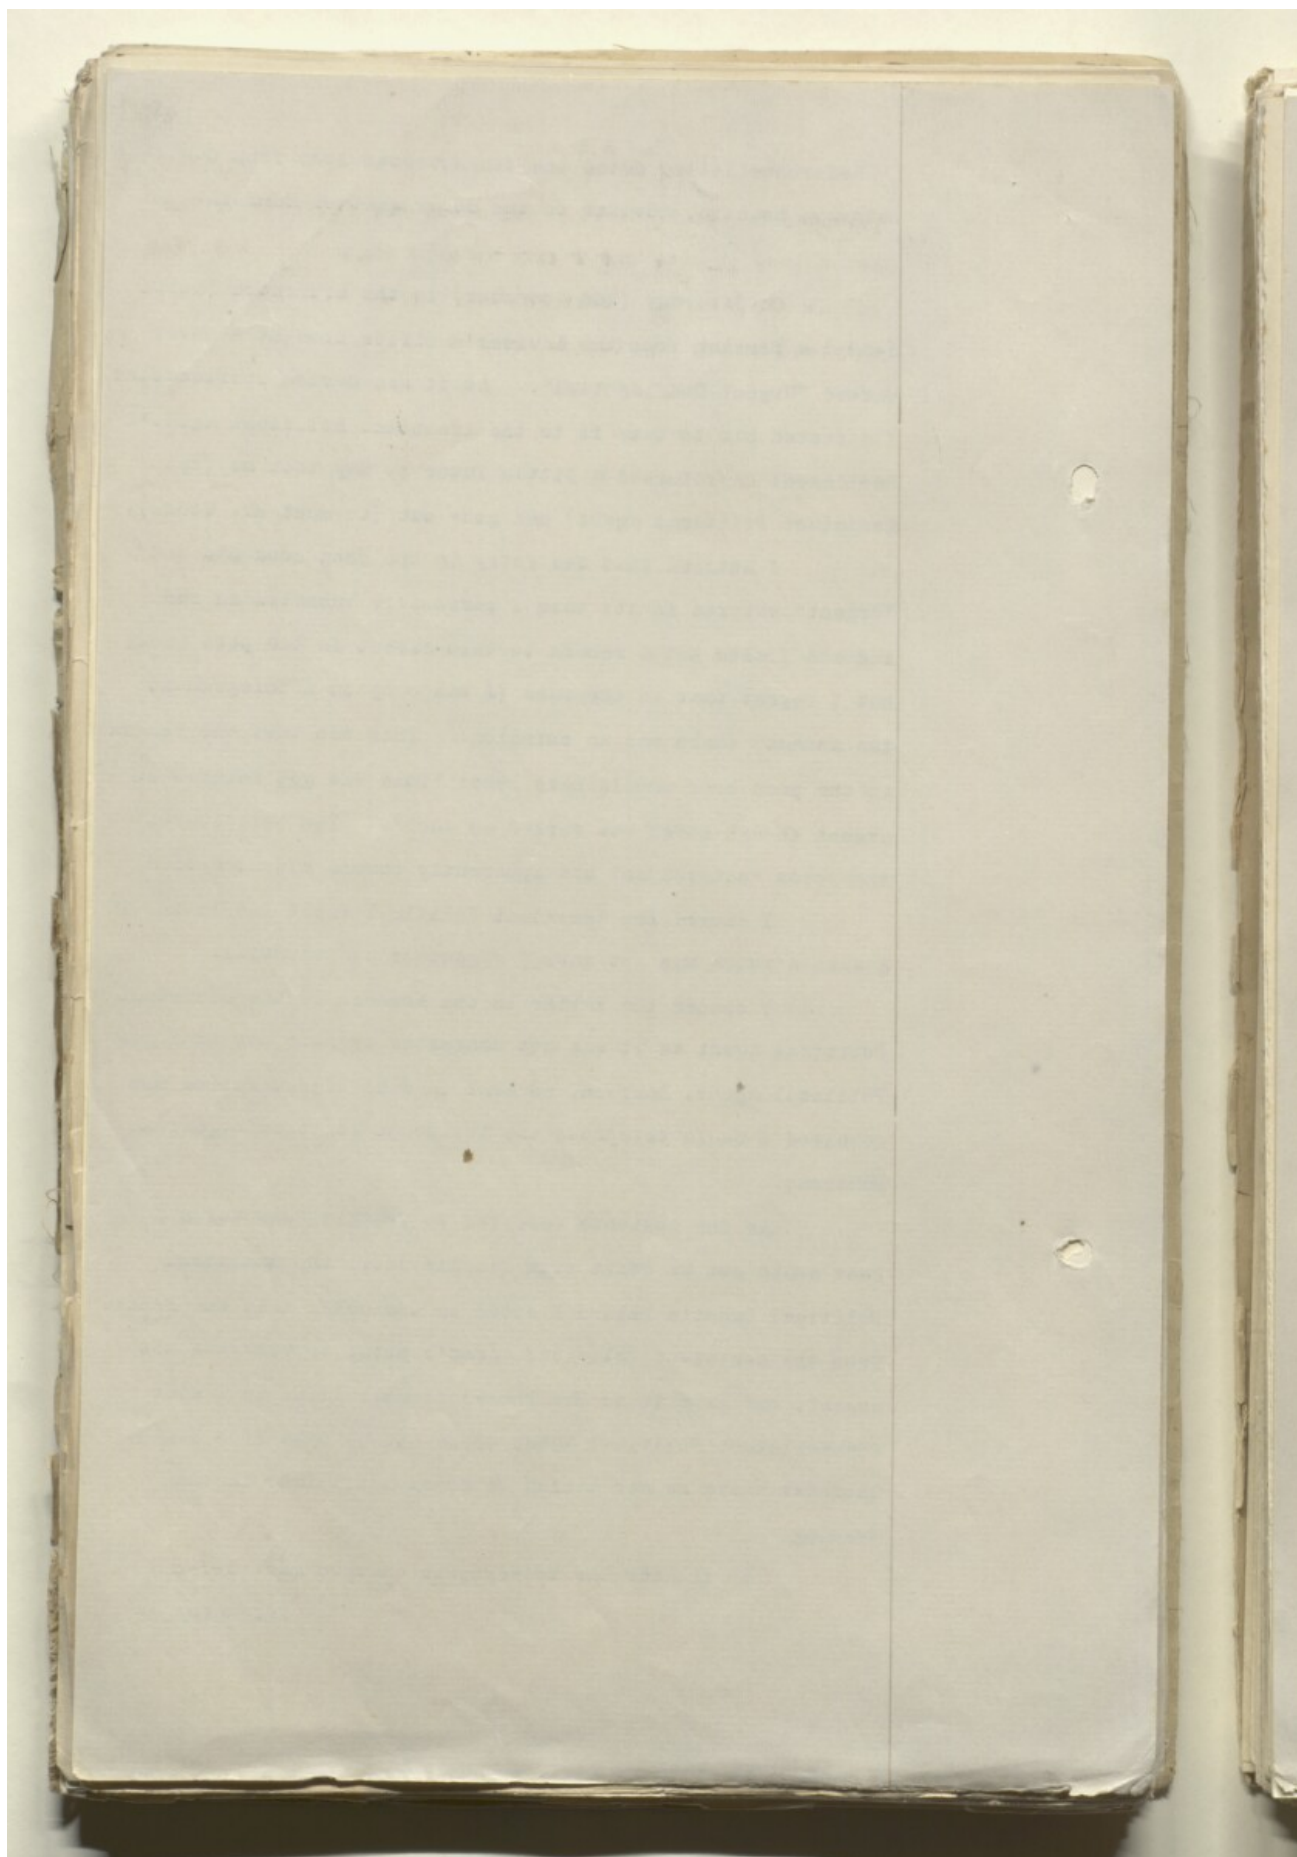

I noticed that the entry in the Peon Book had not "Urgent" entered in it: this I personally inserted in red ink and I also put a remark to this effect in the peon book; but I regret that in the rush (I was busy on a telegram at the moment) there was an omission. This was that the remark in the peon book should have read: "This was not entered as urgent though cover was marked as such". The omission of the words "entered as" has apparently caused misconception.

I showed the Assistant Political Agent the letter in question which was not marked urgent or confidential.

I opened the letter in the absence of the Assistant Political Agent as it was not addressed by name out to H.B.M.'s Political Agent, Bahrain, so that in case urgent action was required I could telephone the Assistant Political Agent at Muharraq.

As the contents referred to Transit Dues which I knew could not be dealt with finally until the ~~Assistant~~ Political Agent's return I noted on the cover that the letter from the Assistant Political Agent's point of view was not urgent, and gave it to Mr. Thomas to deal with, as I knew the Assistant Political Agent would not be back from H.M.S. Shoreham where he was taking Mr Cross until late in the evening.

Memorandum:-

I am forwarding a passport produced  
by one Faiz Ahmad an Indian employed by  
the Bahrain Petroleum Company. Several  
things about the passport appear somewhat  
irregular:-

1. A paper has been pasted over part of  
front page.

2. The holder's name is described on cover  
as Faiz Muhammad but on photograph it is  
stated to be Faiz Ahmad.

3. There is no stamp on the specimen  
signature though the holder of the passprt  
tells me that the signature "Allah Rakha"  
is a magistrate.

4. Registration Visa (Page 11) bears no  
date.

The passport came up to me as the  
holder was involved in a dispute with the  
Police.

*See p. 9. Registration  
Stamp please. On  
page 11. an extra  
stamp was inadvertently  
affixed and sealed, which  
it was not considered  
proper to remove

Sir,

I have the honour to enclose passport No.45335 issued at Lahore on the 12th September 1930 to Faiz Muhammad son of M. Miran Bakhsh, and to point out that (a) the holder's name on the passport is stated to be Faiz Muhammad but his signature on the photograph is Faiz Ahmad, (b) that there is no official stamp on the photograph or signature.

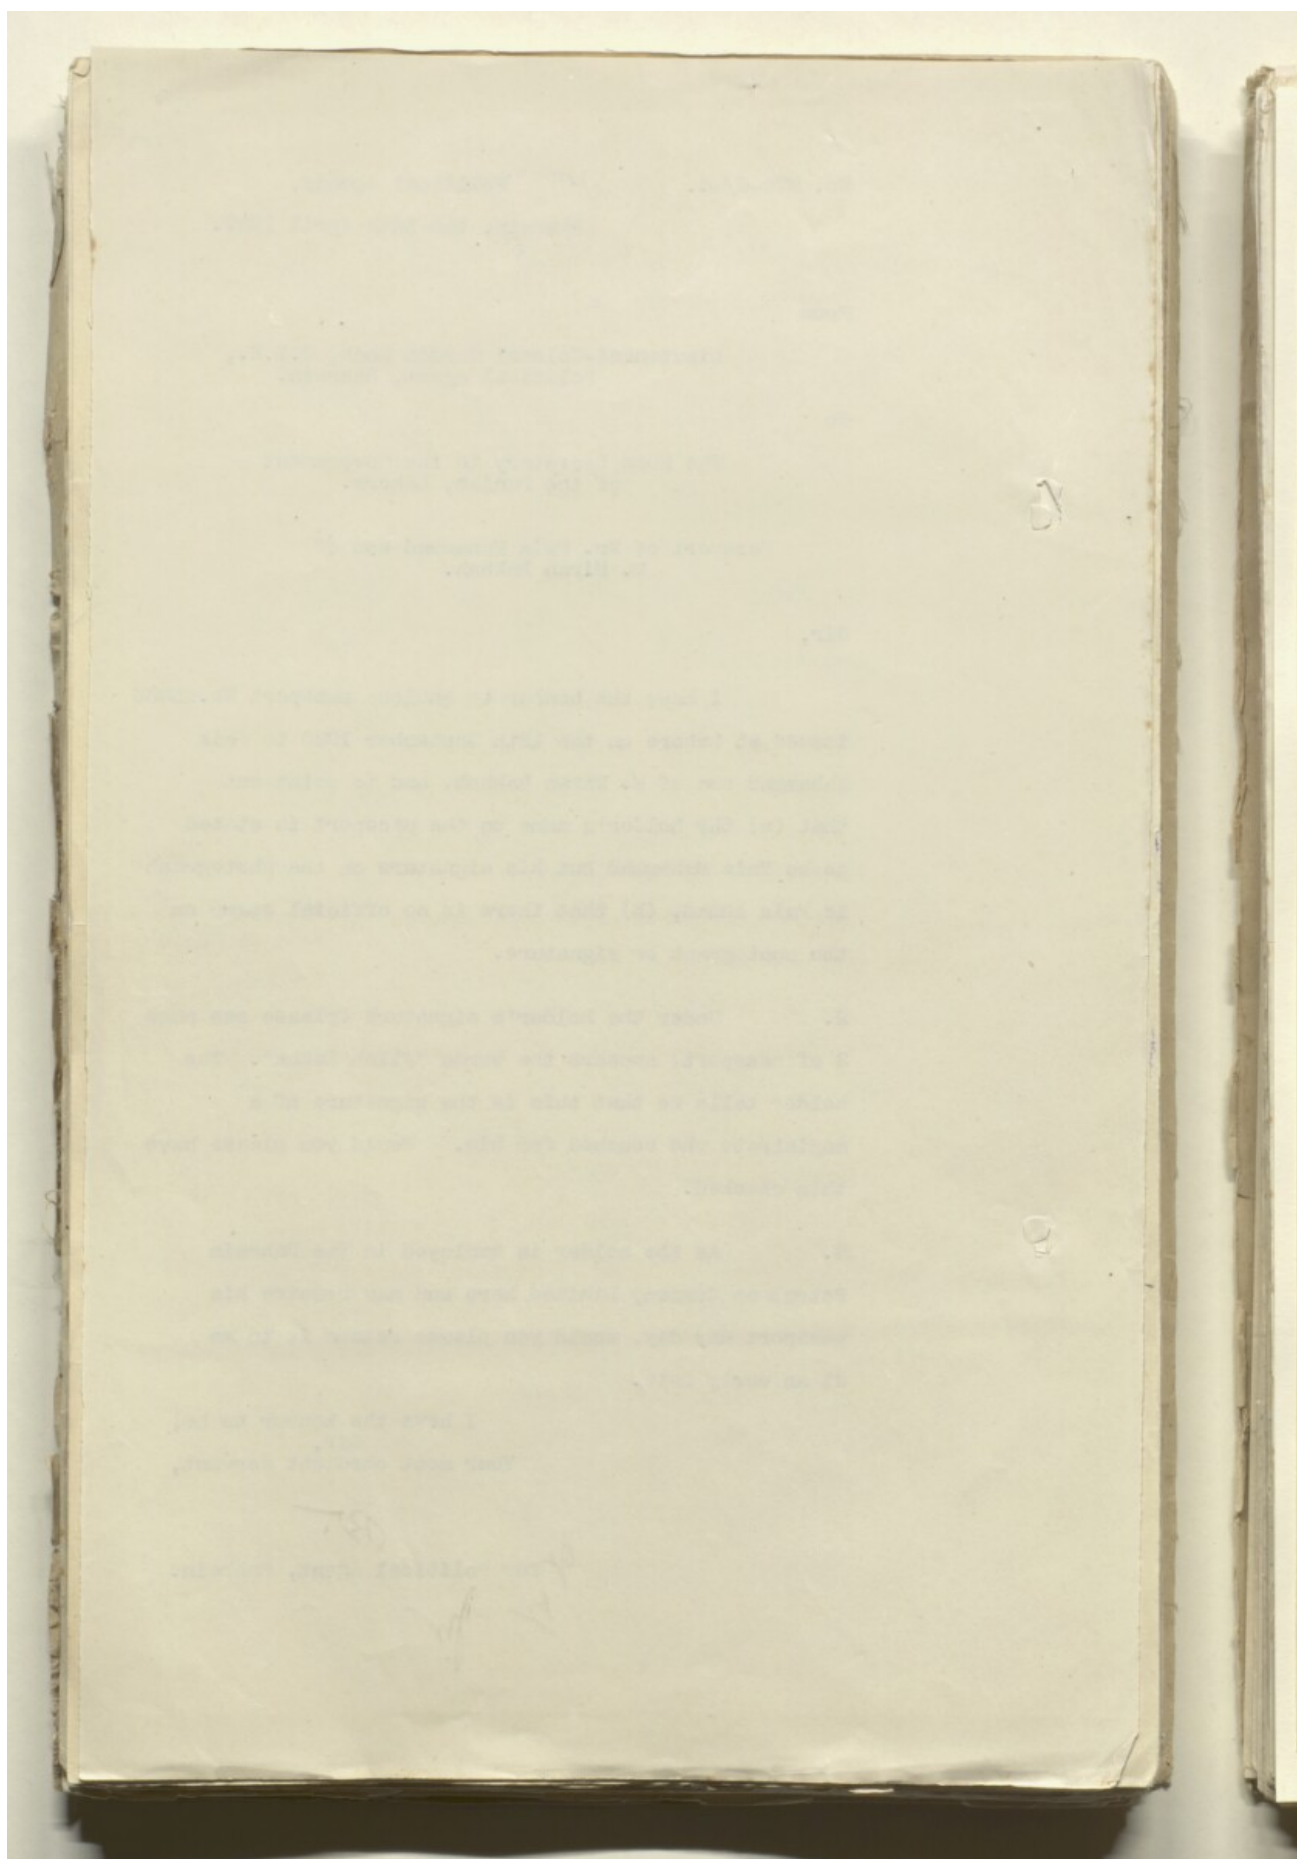

2. Under the holder's signature (please see page 3 of passport) appears the words "Allah Rakha". The holder tells me that this is the signature of a magistrate who vouched for him. Would you please have this checked.

3. As the holder is employed in The Bahrain Petroleum Company Limited here and may require his passport any day, would you please return it to me at an early date.

Memorandum:-

The Bahrain Government recently engaged one Jivan Coover as a motor mechanic through Callenders Cable and Construction Company. He signed an agreement on 24th November 1936 and took on the job. He was held up until 24th March 1937 by the Protector of Immigrants who would not allow him to leave until he had produced a Memorandum of Agreement signed by the Bahrain Government. This Memorandum embodied the terms of the Bahrain Government's Agreement. The delay has cost the Bahrain Government Rs 534/4/-, and also a claim for the man's expenses in Bombay while detained there through no fault of his own.

Would it not be possible for the Protector of Immigrants to accept Agreements made and signed by the Bahrain Government in cases where persons are enlisted from India?

9th July, 1937.

Sir,

I have been approached by one Youssef Aly Al-Omran, bearer of Bahrein passport No. 15 dated the 26th March 1937. This person has been staying in Beirut for three months, apparently for reasons of health. For two months he has received no money from his father, Aly Al-Omran of Moharrak, a merchant, and he states that during the last twenty-five days he has written to him three times without receiving any reply.

Youssef is consequently in debt and his general position will become parlous unless his father can be persuaded to advance him enough to clear himself. He computes his needs at 800 Rupees.

He would be extremely grateful if his father could be approached in this matter and persuaded to shed again the light of his countenance upon his wandering boy.

Youssef's address is:-

Hôtel Misr el Jedidat,

Place des Canons,

Beirut,

but it might be safer if his father were to remit any money through this Consulate-General.

Memorandum:-

With reference to your letter No. 1593 of 19th July on the subject of a letter from the British Consul General, Beyrut, regarding one Yusuf bin Ali Al-Omaran.

This young man is the son of Haji Aly bin Musa Al-Omaran, a well-to-do and respectable merchant of Muharraq. The father says that his son went about three months ago to Beyrut for treatment for appendicitis. The doctors there reported that he did not suffer from appendicitis, but instead of returning to Bahrain he continued to remain in Beyrut. The father wrote to him several times asking him to return to Bahrain. He states that the boy had with him Rs 400/- when he left, he later remitted to him Rs 600/- and also sent Rs 240/- by hand of certain passengers from here to pay for his return fare and requested them to persuade the young man to return.

The father now requests me to arrange for the return of this boy to Bahrain through <sup>you</sup> and is prepared ---

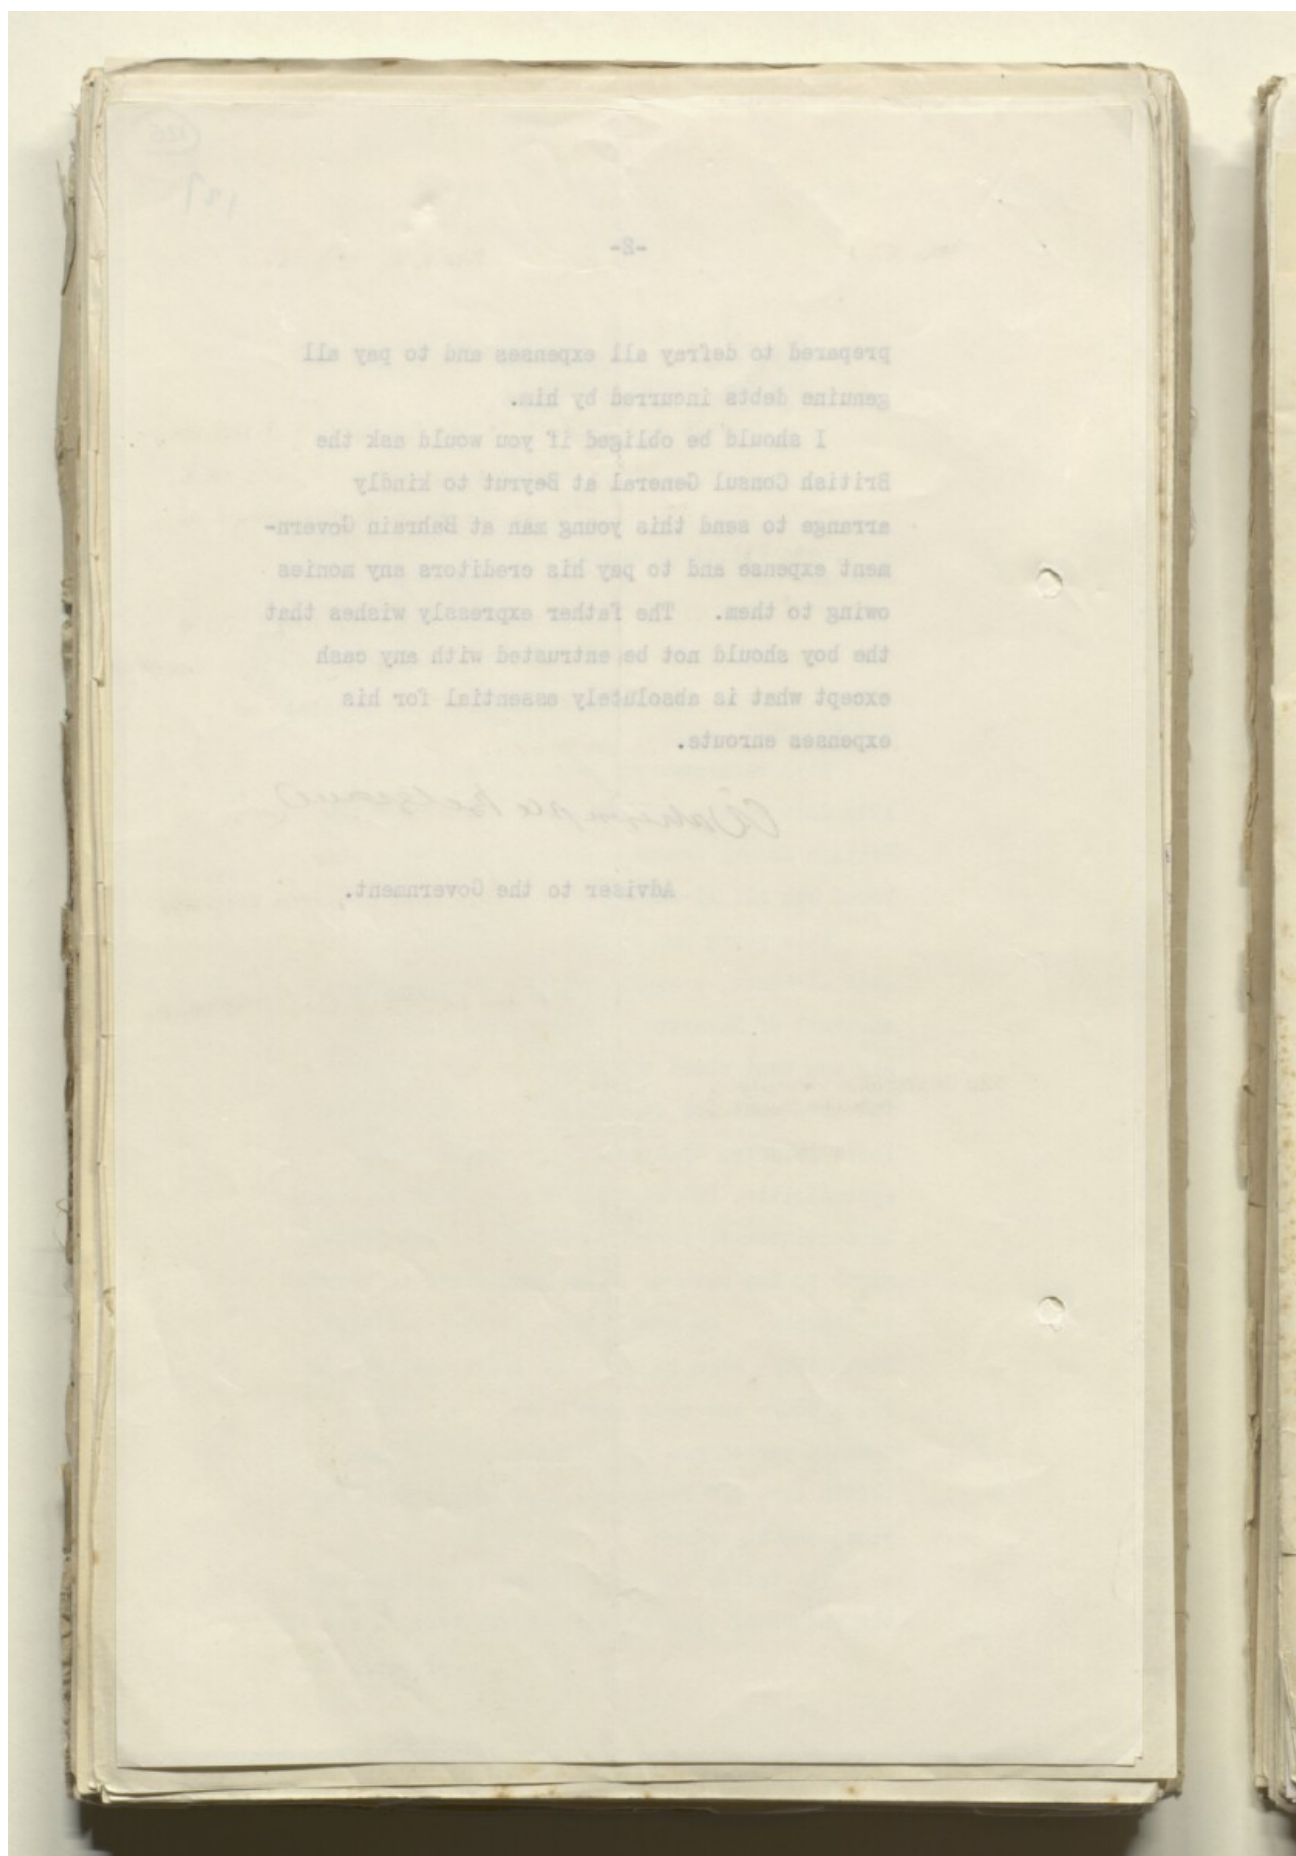

-2-

prepared to defray all expenses and to pay all genuine debts incurred by him.

I should be obliged if you would ask the British Consul General at Beyrut to kindly arrange to send this young man at Bahrain Government expense and to pay his creditors any monies owing to them. The father expressly wishes that the boy should not be entrusted with any cash except what is absolutely essential for his expenses enroute.

Sir,

I most humbly beg to bring to your kind notice that I am a native of Bahrain I came down to Bagdad for obtaining the permission for my two daughters <sup>①</sup> Fatimah and <sup>②</sup> Aishah daughters of Haji Sakar to join the midwives School. I applied to the Directorate of Public Health about that and the matter was referred to the Ministry of Interior who accepted to grant us that permission on condition that the Government of Bahrain will write officially to the Ministry of Foreign Affairs about that.

I beg you to help me in this case and ask the Government of Bahrain to write to the Iraq Ministry of Foreign Affairs that there is no objection for accepting my abovementioned daughters in the Midwives school of Bagdad.

I shall pay all the expenses which will be required for my daughters and the Government of Bahrain will not pay any expenses for them.

For which act of kindness I shall ever pray for your long life and prosperity.

20th August, 1937.

Sir,

With reference to your despatch No.1612 of July 21st, I have the honour to inform you that I have interviewed Yusuf bin Ali el-Omran, but I find that not only are there discrepancies in the total moneys he acknowledges to have received from his father and those his father informs you that he remitted, but that the debts he has run up in addition at Beirut during the four and a half months of his stay here are so large that I hesitate to undertake payment thereof without his father's definite permission.

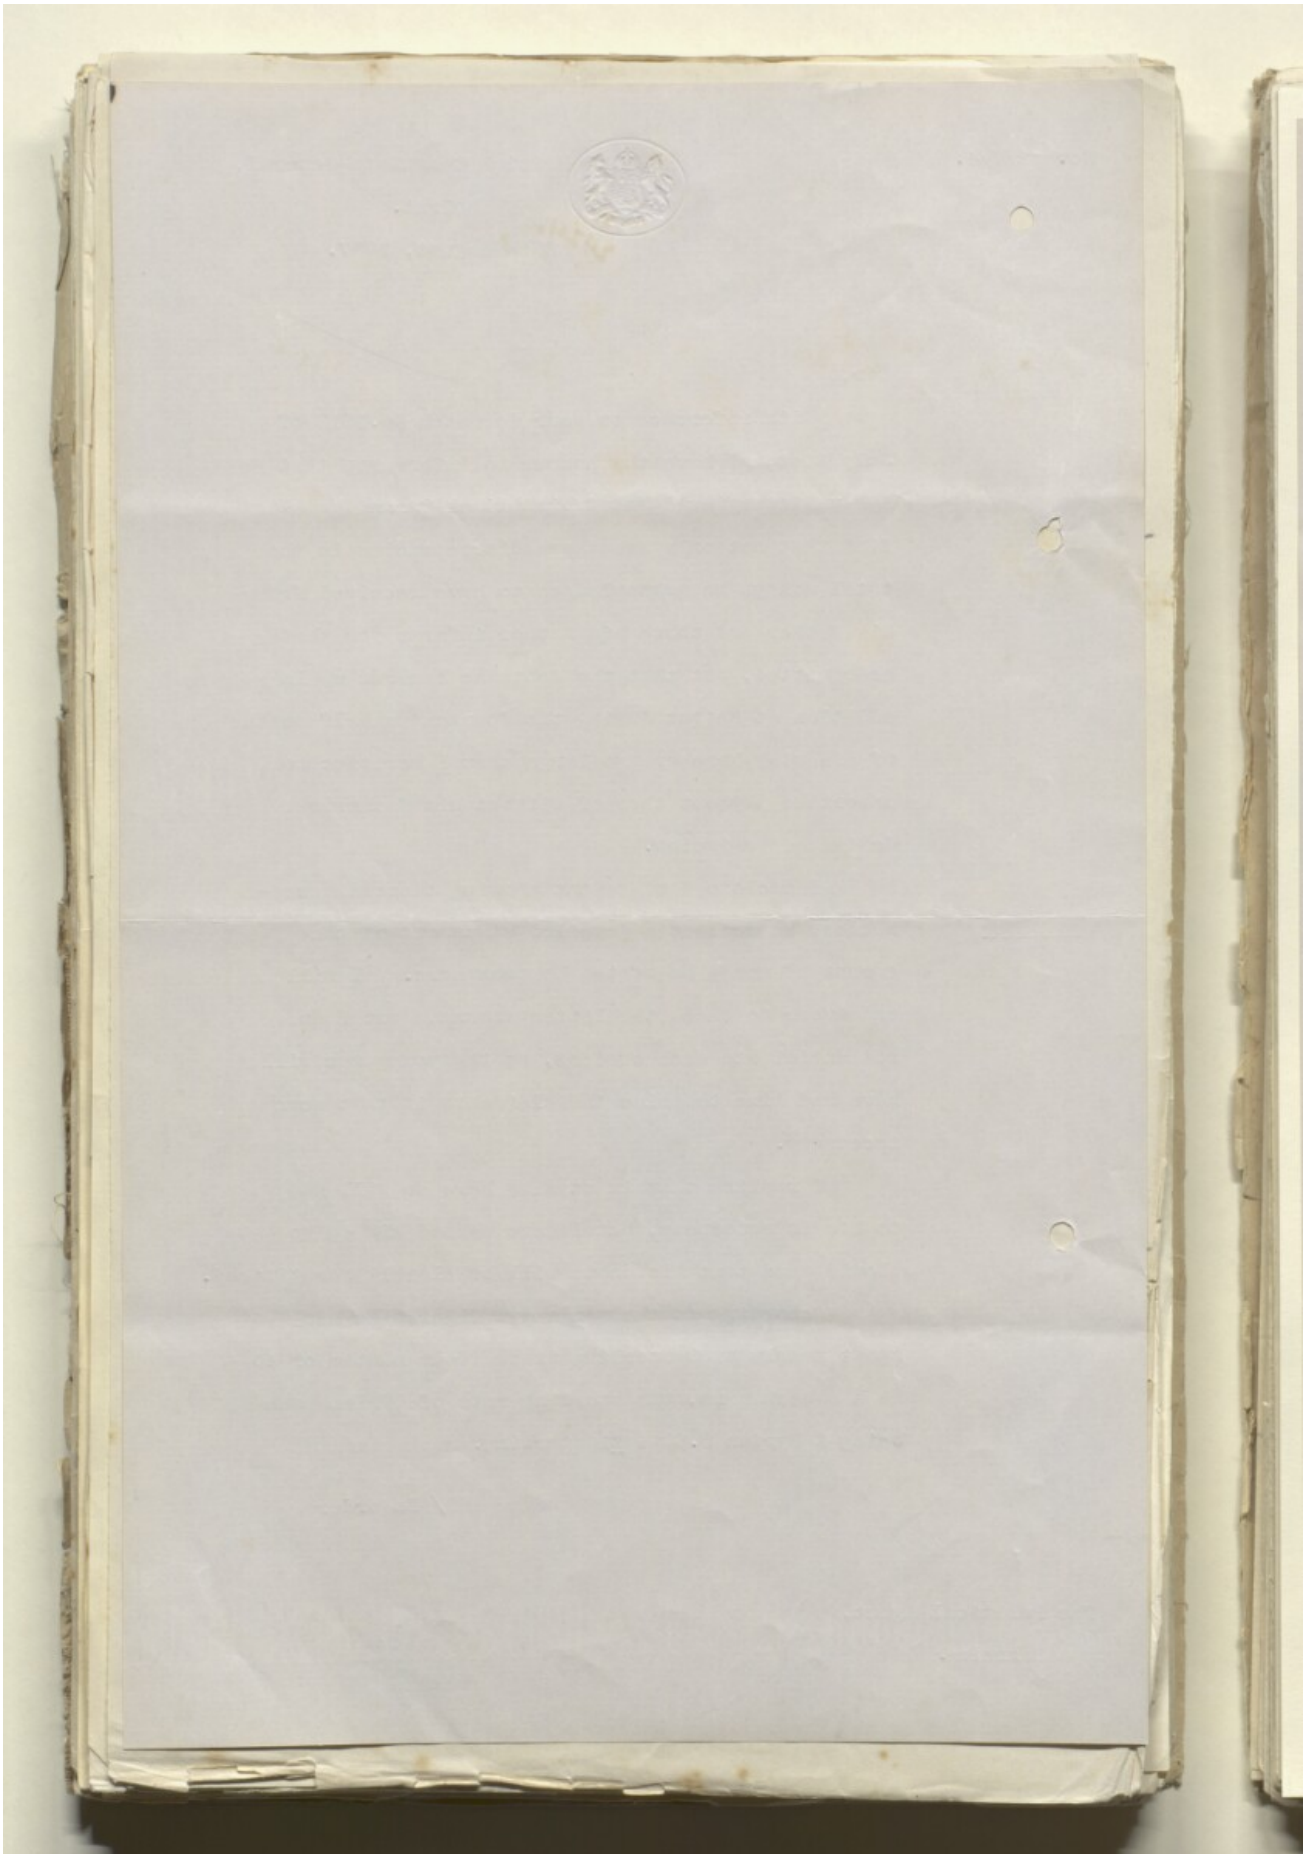

I enclose a statement showing these discrepancies, as well as a detailed statement of the amount of money he states he owes here. I will endeavour to check the latter amount, but I do not anticipate much success, as the young man will have had time to prime the claimants if that were necessary.

I realise that in staying here he will add to his indebtedness, but I have warned him to go slowly, and that his debts will be closely scrutinized.

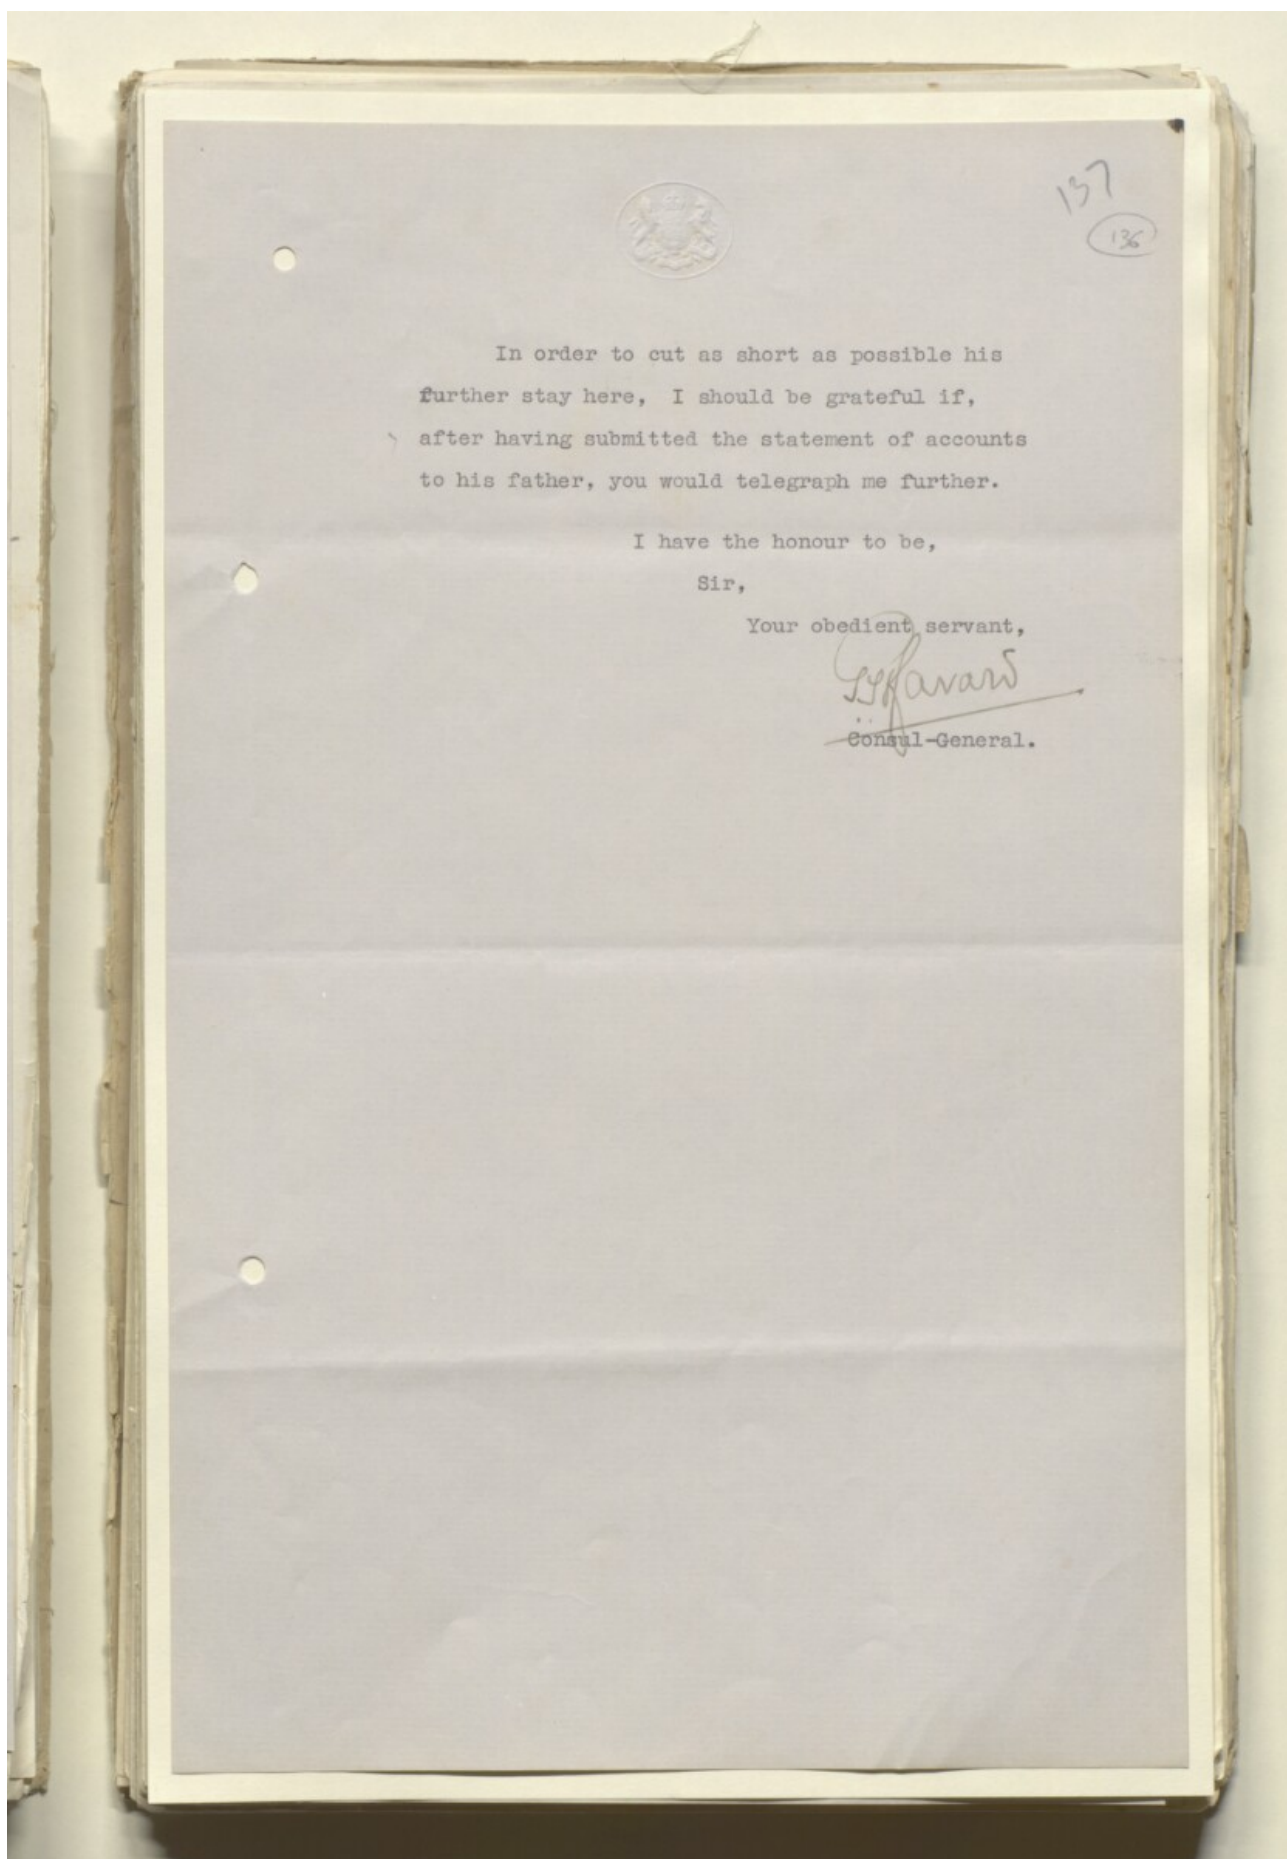

According to the man's own figures he has spent nearly £100 sterling in the four months or so he has been here, the sterling rate of Syrian pounds being £ Syrian 6.60 = £1 sterling.

I thank Your Highness for opening this building which is the first building for use entirely as a Law Court which has been built in Bahrain. I thank the Political Agent, the nobility and the notables who are assembled here for their presence on this occasion.

The opening of the Law Courts is one of the many signs of the progress of this country under the wise and fortunate rule of our ruler His Highness Shaikh Hamad, Inshallah the opening of the Law Courts will be followed by improvements and developments in the administration of Justice. One of the reasons for making this building was for the assistance and convenience of the public and to prevent the waste of time in going from place to place to where the various courts were previously situated. In future all the courts and their offices will be situated in this building which is in a central position and easy to reach from all parts. In the past the care of records has been difficult because there was no central court but now arrangements are being made to preserve the cases and to make it easier to examine old records.

As you are aware for a long time a committee has been working on a draft Kanoon which when complete will be considered by the Government. The Kanoon is compiled from the law of Islam which is the religion of the country and from local customs and regulations. It is hoped that during this year the committee will complete their work.

As you are aware there is a great deal

-2-

of litigation in Bahrain and the number of civil cases increased every year but in regard to crime, Bahrain is very fortunate, there are few countries where there is so little serious crime as in Bahrain during recent years. The state of public security in Bahrain is better than in many neighbouring countries and there are few crimes of violence.

I take this opportunity to thank the Political Agents for their help and advice in matters of judicial administration and I thank all the Judges on courts for their service to their country and especially those persons of all nationalities who give their valuable time, freely and frequently, by sitting on the Meglis Tajara and on many special committees and who so often assist the courts as assessors or as mediators.

In conclusion I thank the Government staff who have worked upon this building which will be the most handsome Government building in Bahrain.

of not being able to keep the supply going.

5. The consumers supplied by the Bahrain Government Electricity Department include the Royal Naval Base, and their navigation lights, Imperial Airways, Limited, the Royal Air Force, Cable and Wireless, Limited, in addition to the British and other consumers in the State, and thus a shut down, or a partial failure of supply would be serious.

6. As the suppliers inform us that the steel demand is largely due to British Government re-armament requirements, I enquire whether it is possible to obtain priority to some extent by bringing Government influence to bear on the suppliers of the steel. We do not ask for a better delivery than originally quoted for by the suppliers.

7. The quantity required is small and would in no way affect the Government arrangements.

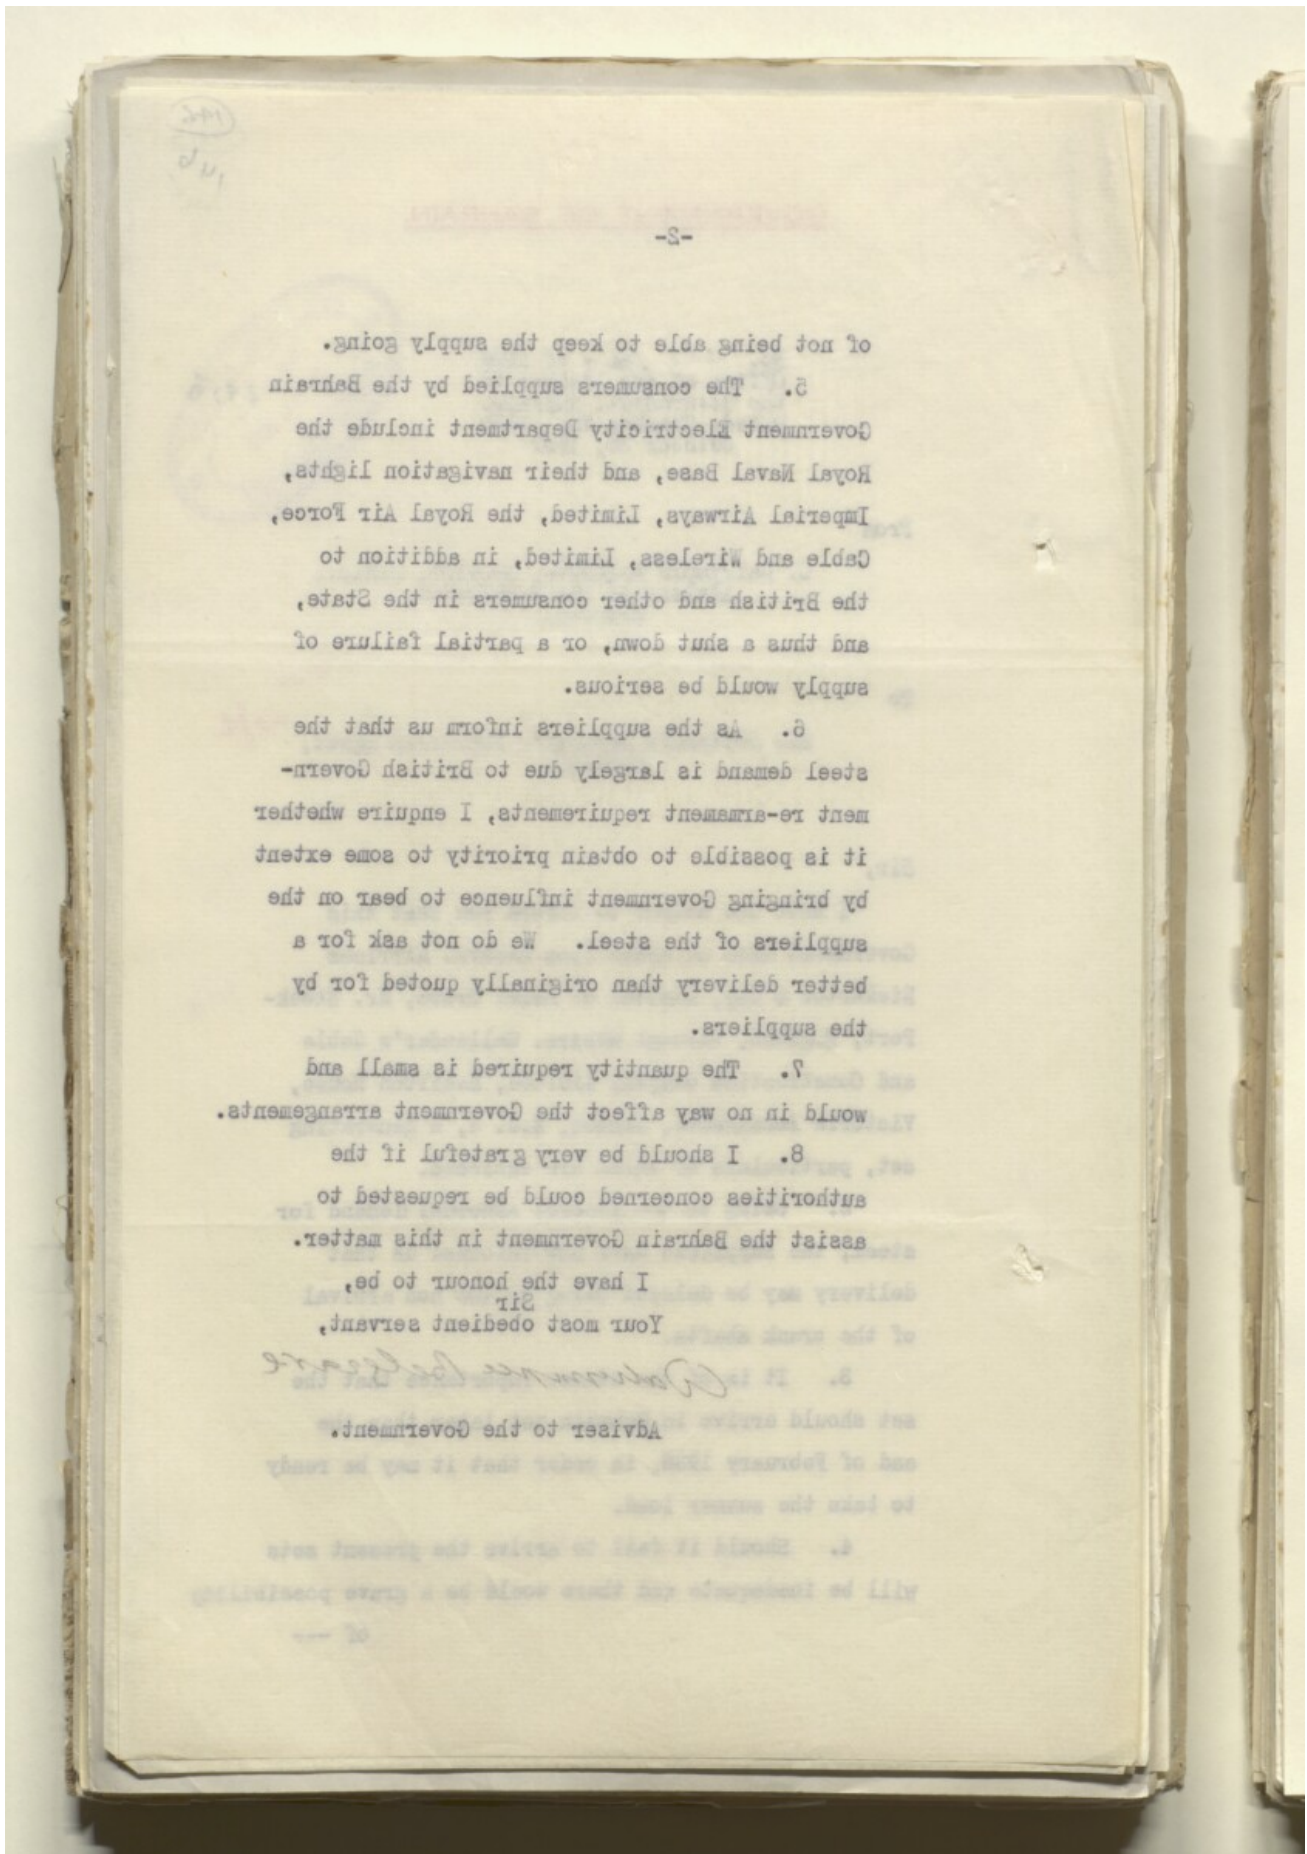

8. I should be very grateful if the authorities concerned could be requested to assist the Bahrain Government in this matter.

I have the honour to be,  
Sir  
Your most obedient servant,

*Walter Belgrave*

Adviser to the Government.

From

H. Weightman Esquire I.C.S.,  
Political Agent, Bahrain.

To

The Honourable the Political Resident  
in the Persian Gulf, Bushire.

Sir,

I have the honour to enclose herewith a copy of letter No. 1257 dated the 30th October 1937, from the Adviser to the Bahrain Government, which is self explanatory. I regret I am unable to forward copies of correspondence with the suppliers of the generating set, the facts set out in the letter having been communicated verbally in London to the Bahrain State Engineer when he was on leave recently.

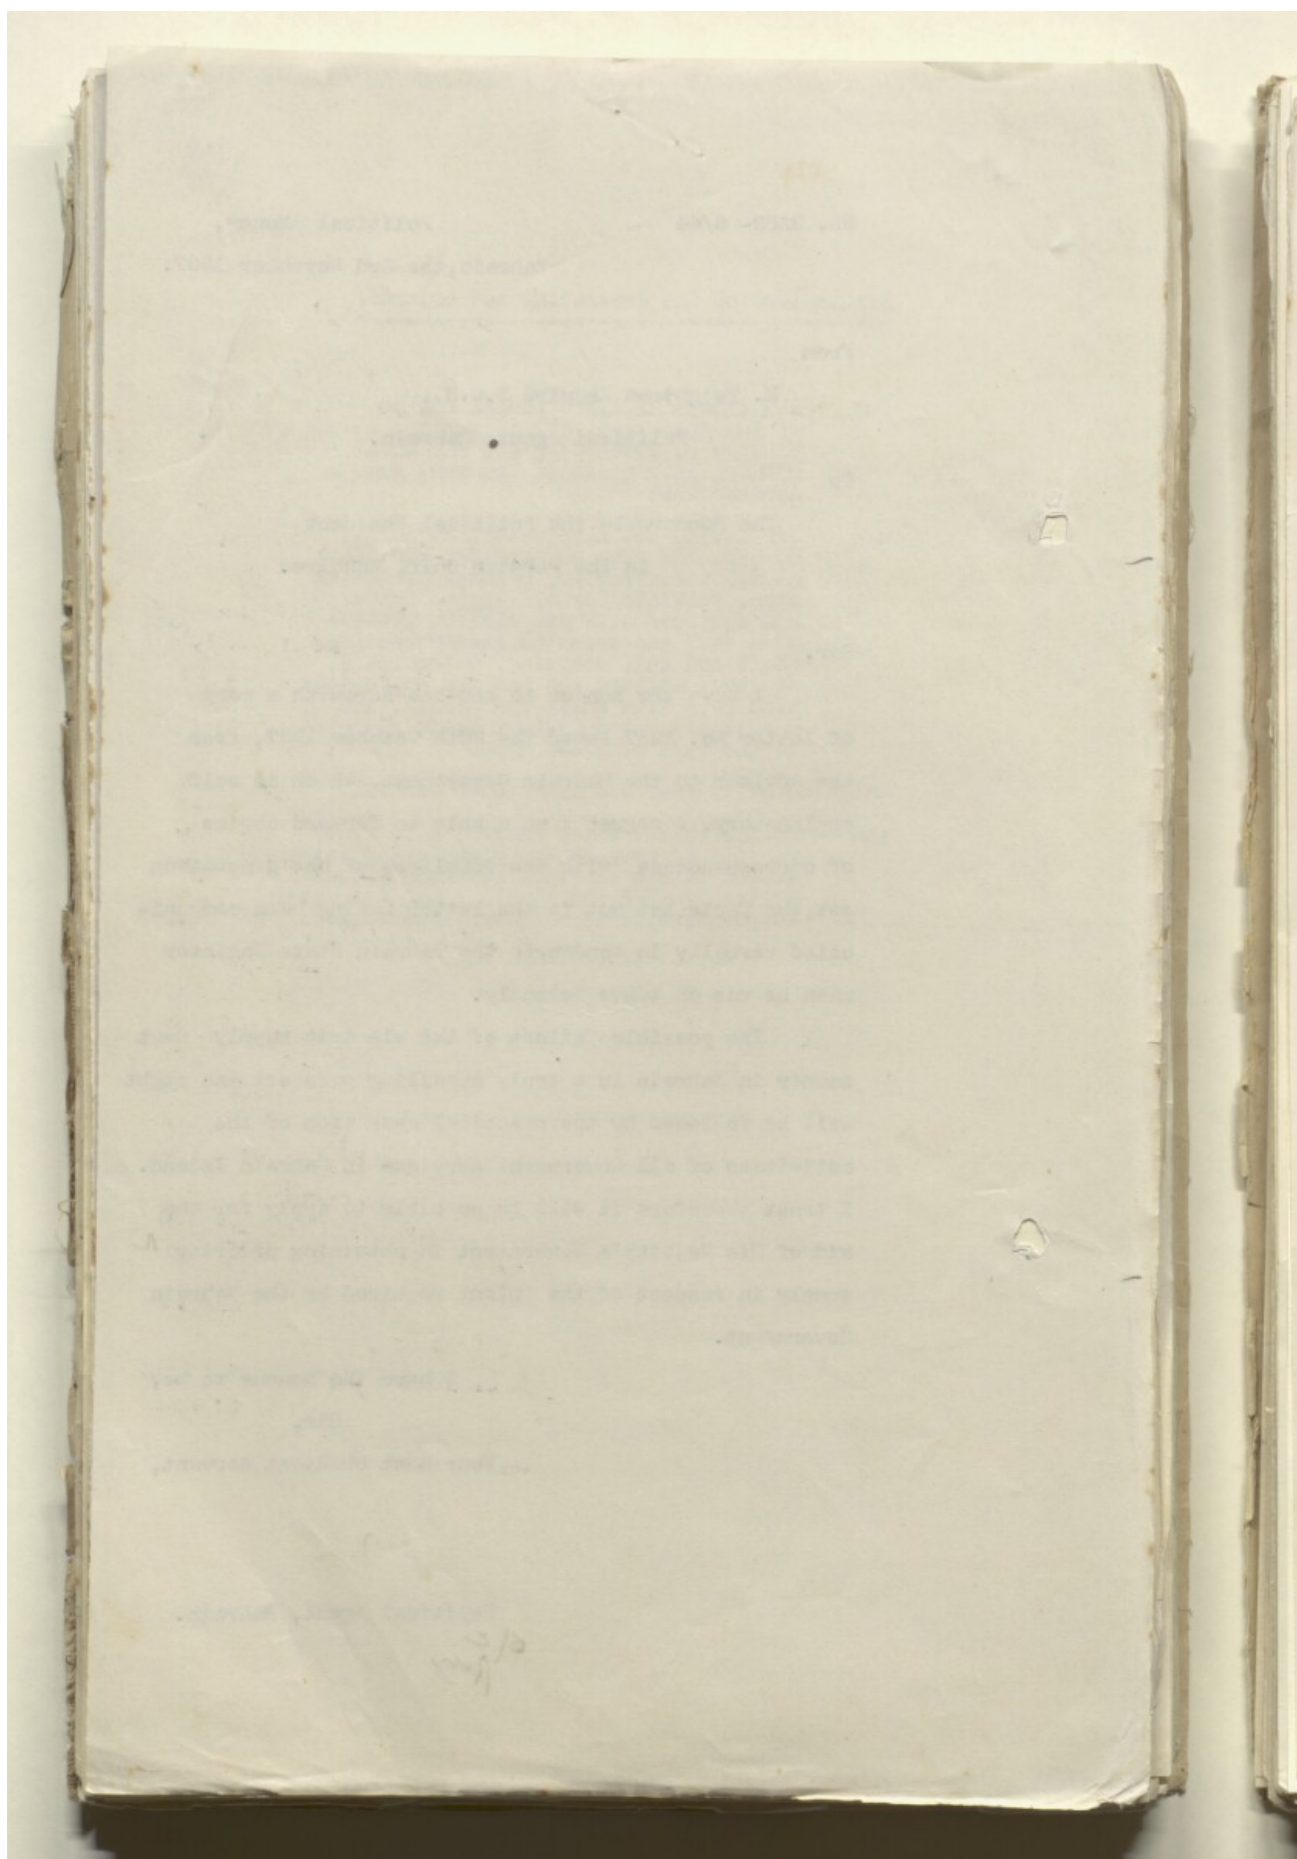

The possible failure of the electric supply next summer in Bahrain is a truly appalling prospect and might well be followed by the practical cessation of the activities of all Government services in Bahrain Island. I trust therefore it will be possible to apply for the aid of His Majesty's Government in obtaining priority supply in respect of the plant required by the Bahrain Government.

I have the honour to be,

Sir,

Your most obedient servant,

Political Agent, Bahrain.

Sir,

I have the honour to forward two copies of a letter addressed by the Adviser to the Bahrain Government to the Political Agent in Bahrain and transmitted by the latter to me.

2. The letter is self-explanatory and I have little to adduce by way of comment. The Political Agent views the prospect of an eventual failure of the electric supply in Bahrain with considerable concern, and points out that such a failure might have as consequence the practical or partial cessation of Government services in the Island.

3. I would add that, at time when British interests in Bahrain are important and when a considerable capital expansion is in progress there, inability on the part of a British firm to fulfil its explicit undertaking, might

be/

- 2 -

be not only detrimental to British trade, but impolitic generally. The force of circumstances, however extenuating, would be discounted locally, were material inconvenience to ensue.

4. I have therefore the honour to request that you may take such action as you think fit to ensure the timely fulfilment of the Bahrain Government's order.

5. Copies of correspondence between the Government in Bahrain and the British firm in question are not available, as the facts set out in paragraph 2 of the accompanying letter were communicated verbally to the Bahrain State Engineer when on leave recently in London

I have the honour to be,

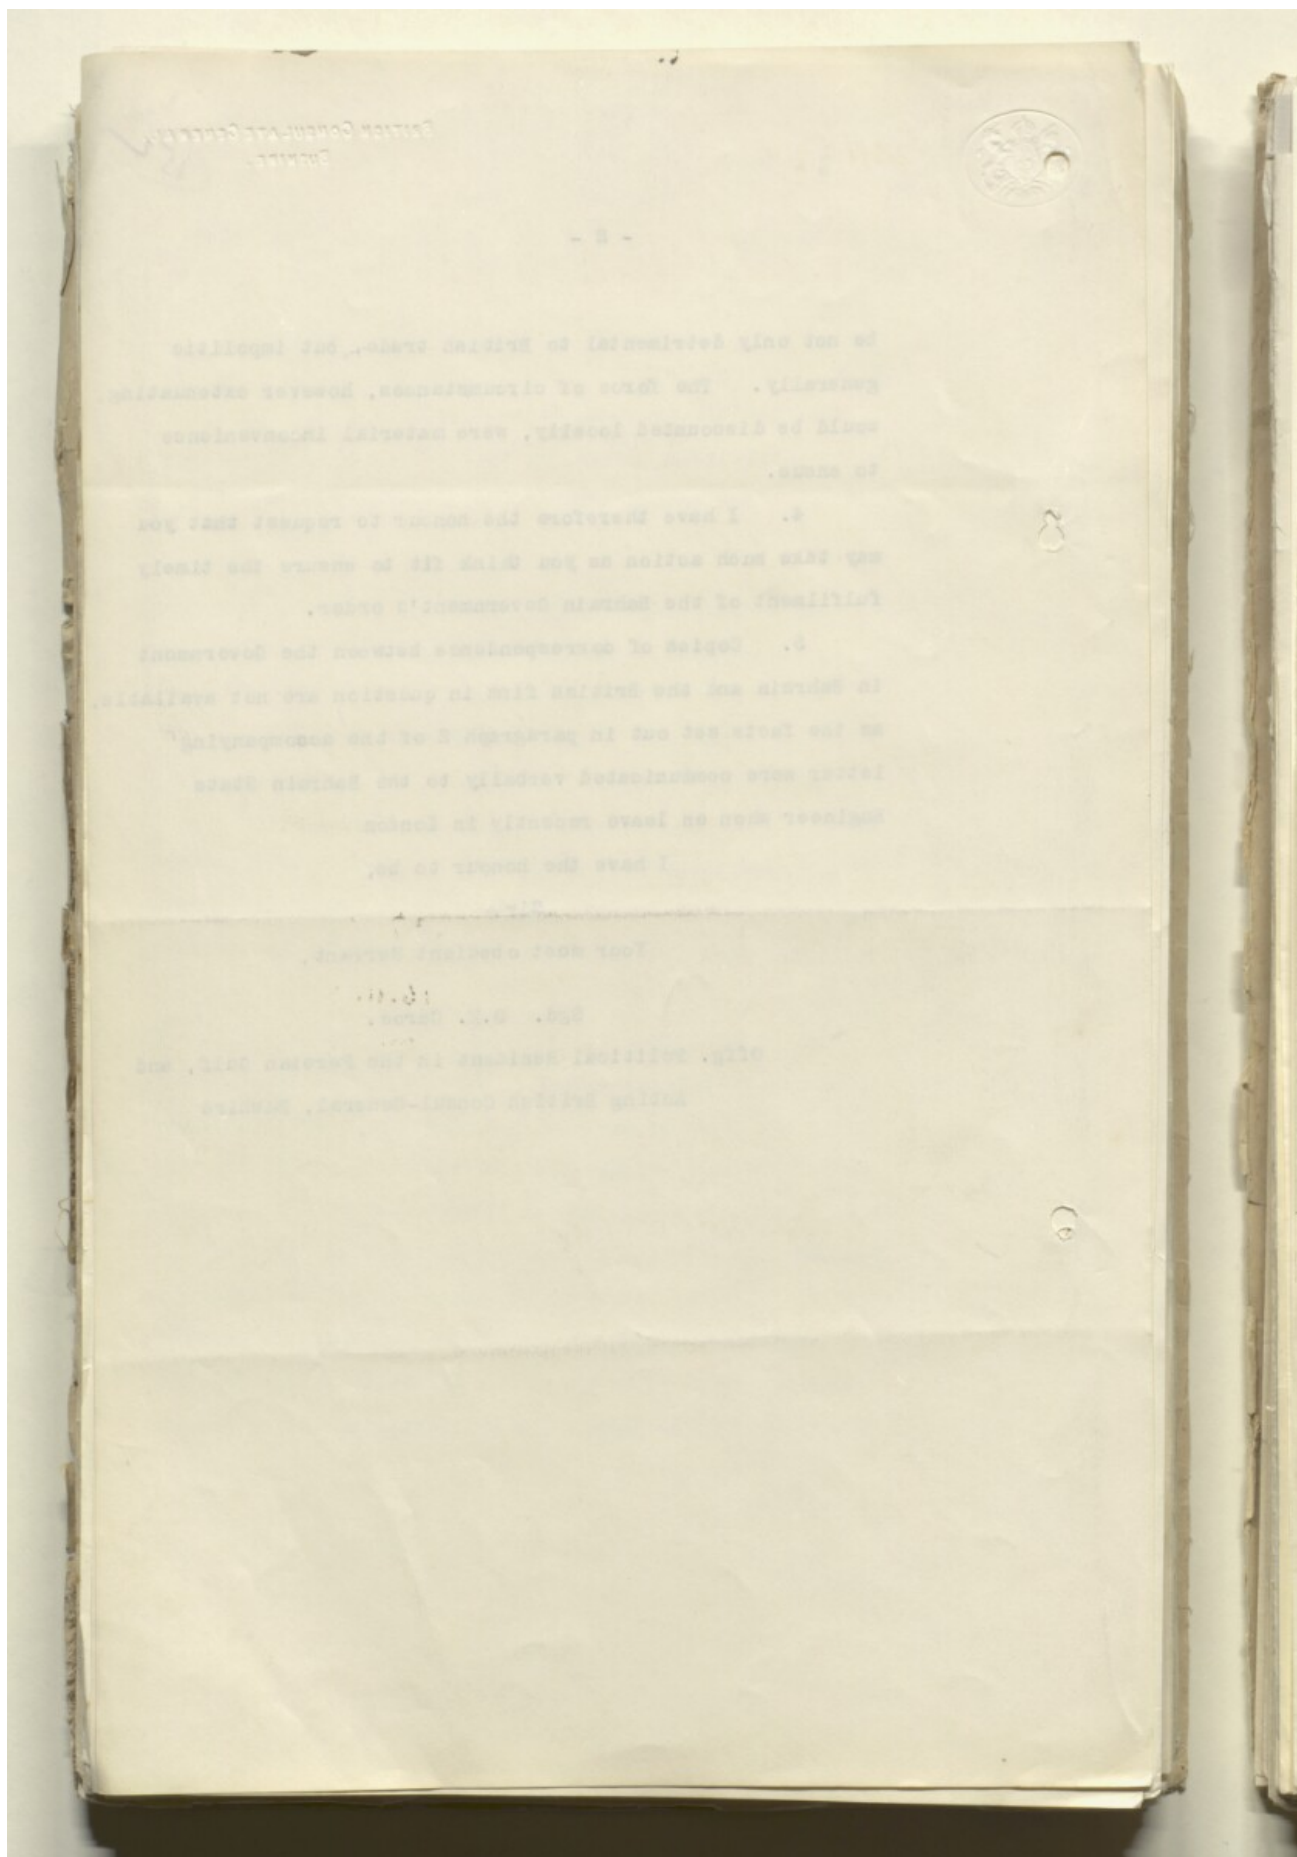

Sir,

Sir,

Dear Sir,

I enclose a note regarding the care and food  
of the two camels which are being shipped to Edin-  
burg Zoo.

I hope that they will stand the journey well.  
They are quite young animals, a male and a female.

The N.C.O., who is to take them out to the ship  
will explain how they should be fed, if by any chance  
you have any Somalis on board it is probable that  
they will know something about camels.

I enclose a cheque, on London, for £ 5/- and I  
should be grateful if you would divide it among the  
persons who have the work of looking after the  
animals during the voyage.

I trust that they will reach England safely.

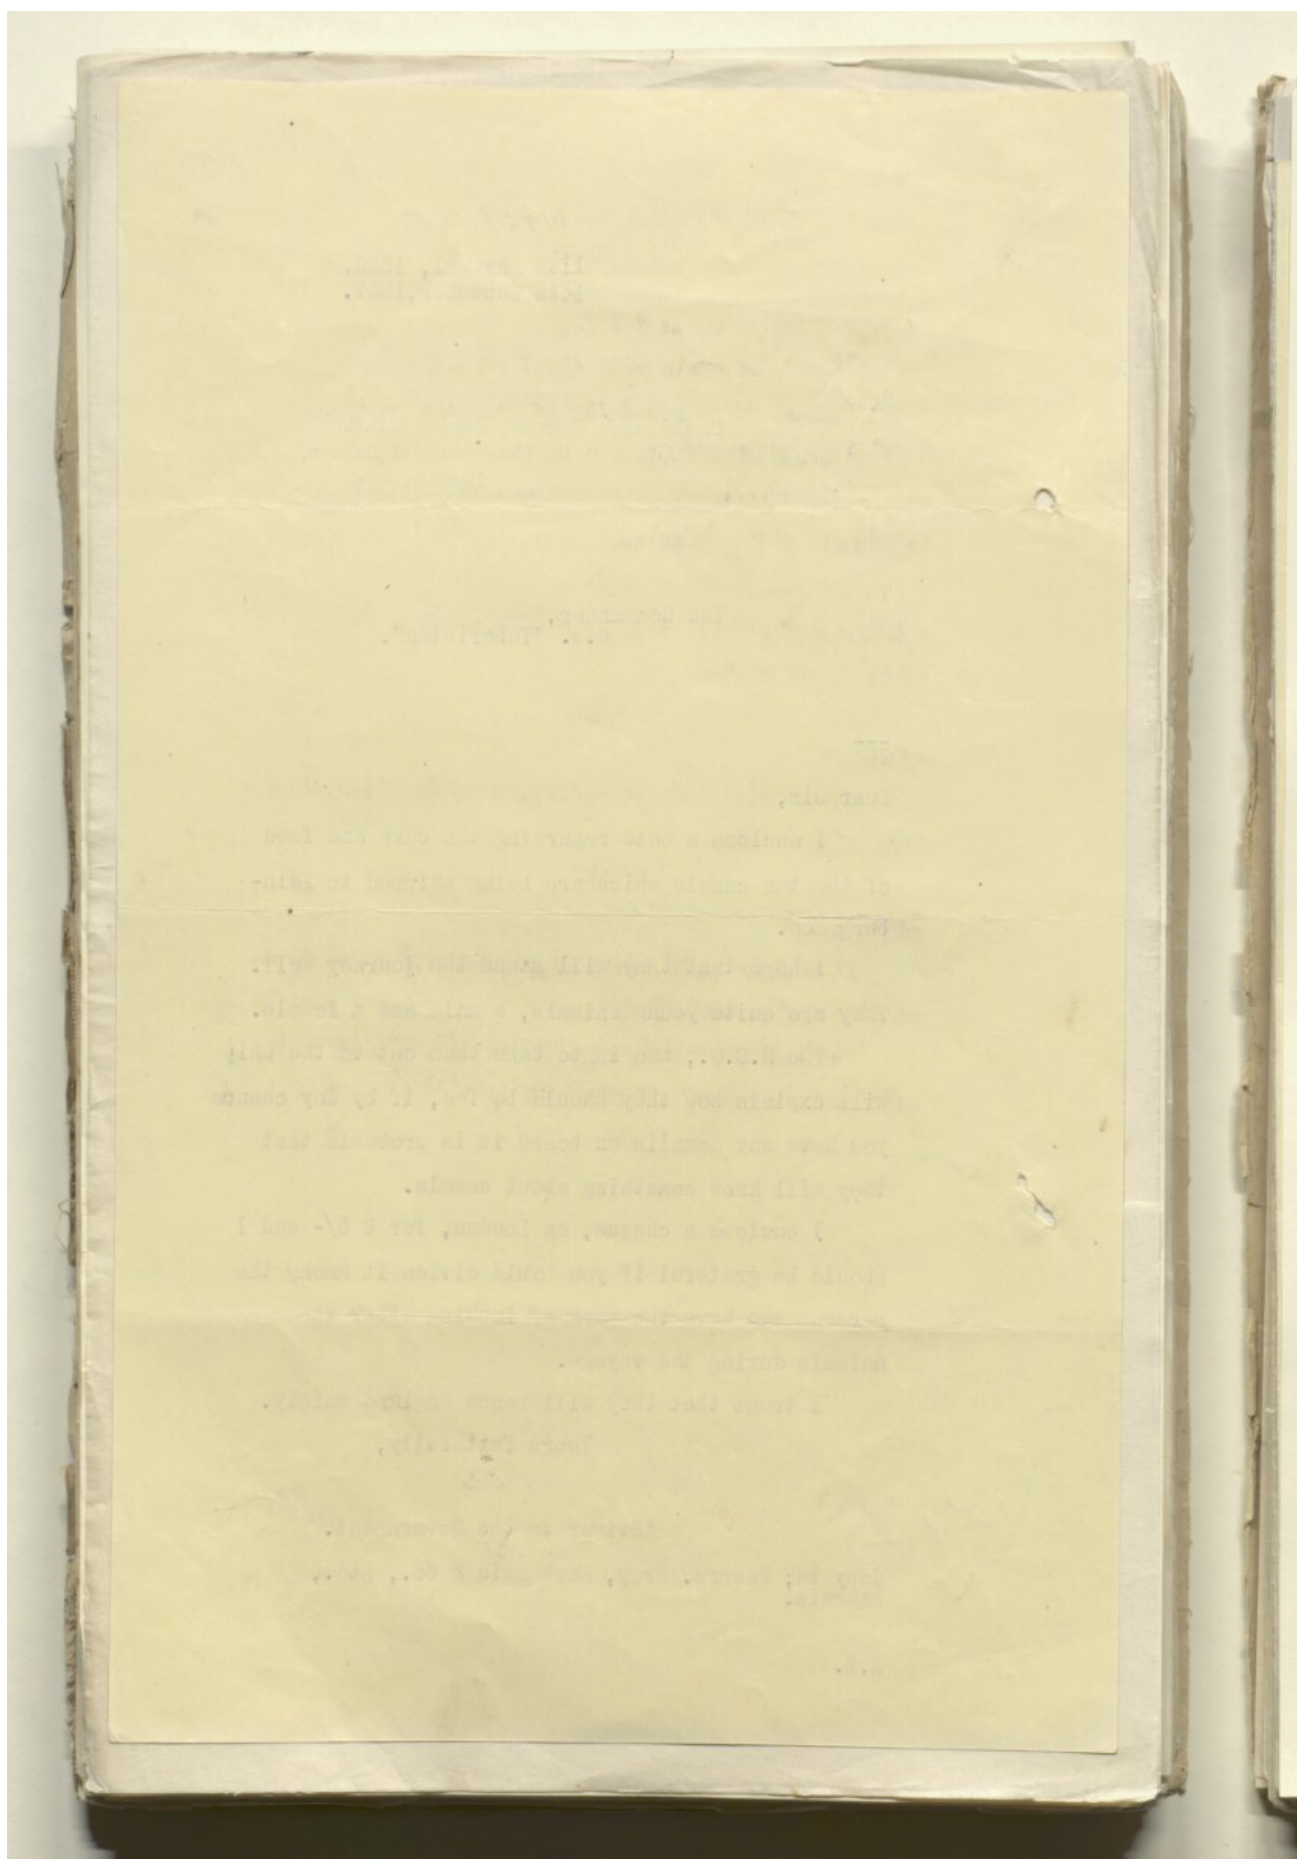

Yours faithfully,

Note on feeding of Camels.  
-----

Morning Feed, about 7 A.M.,

4 lbs of grain with about an egg cup full of salt mixed in it and 4 lbs of dry lucerne mixed, 1 lb dates with food.

After finishing this they should be given about 16 lbs. of dry lucerne.

-----

Evening Feed, about an hour before sunset, same quantity as above.

-----

Water.

Every third day, at midday, as much water as they will drink.

-----

Medecine.

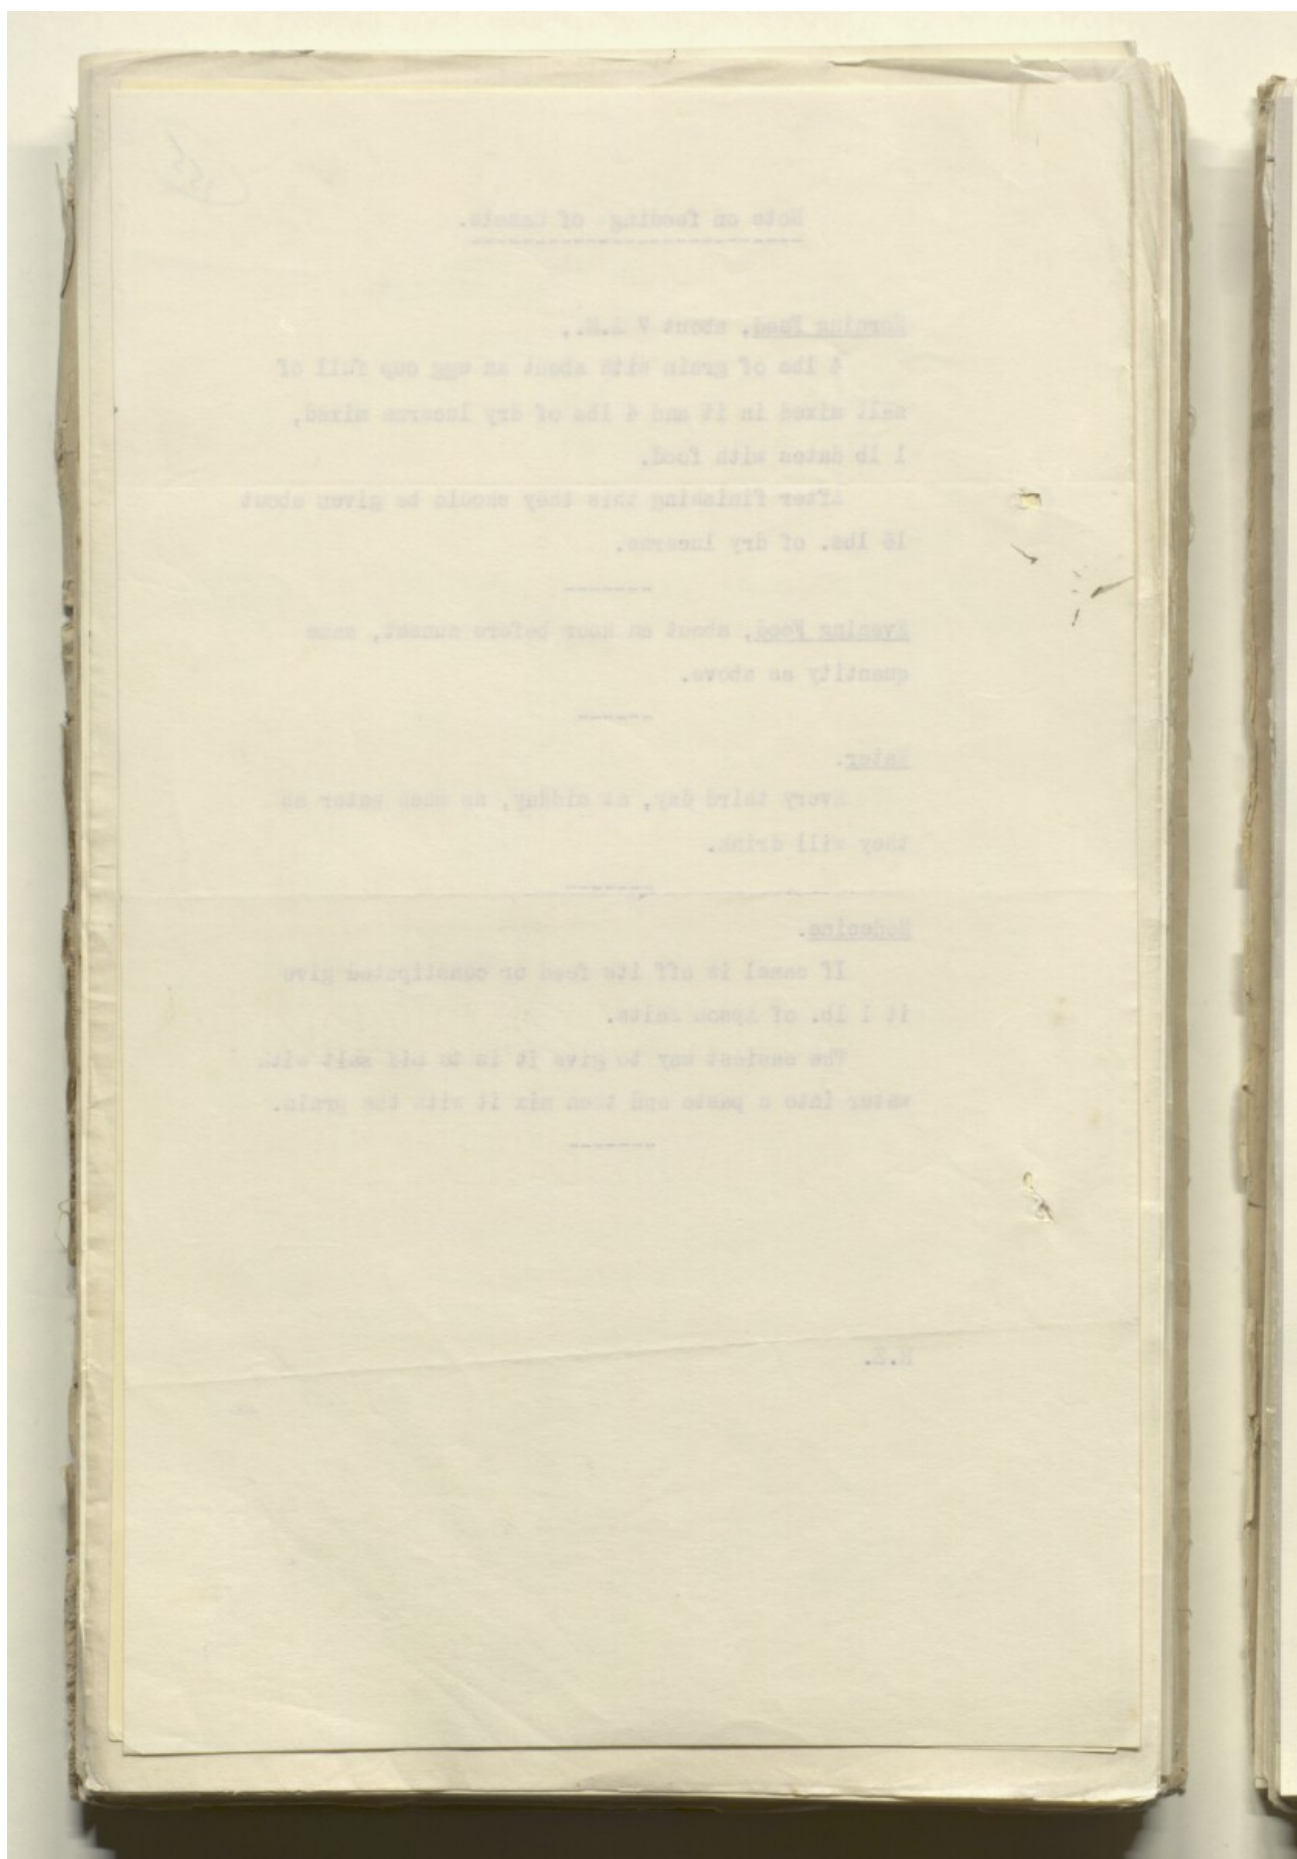

If camel is off its feed or constipated give it 1 lb. of Epsom Salts.

The easiest way to give it is to mix salt with water into a paste and then mix it with the grain.

Overseas Trade, immediately on the receipt of that despatch  
made contact with the London office of Messrs. Mirrless  
Bickerton & Day Ltd. and have been in close contact with  
them throughout the ensuing period.

2. Information has now been received from the firm's  
works at Stockport to the effect that the crank shafts in  
question have been received and that they have every reason  
for thinking that delivery will be effected within the period  
promised.

P.A.

Opposite to our house there is a sort of motor garage occupied by an Irani by name Abdur Reza. Of late he has converted the garage into a workshop ~~sox~~ rather <sup>+</sup> would say a den for all the rowdies of Bahrain. Instead of repairing one car at a time, he brings about half a dozen cars and parks all round our windows and throws the rubbish of the mud guards near our windows. From 6 o'clock in the morning till 10-30 p.m. in the night, not a single moment passes without either the noise of the accelerator, or the carburettor, or the electric horn, if not the singing and dancing of the rowdies. Had there been no workshop there would have been no noise at all, ~~the~~ and we will be at least having some sort of sleep. The choking gas of petrol, the constant hammering of some parts of machinery, the obnoxious odour of welding, and the stench of the rubbish thrown around our windows - all these have become a day to day nuisance and we are constrained to bring to your notice so that you may take necessary action. Many a time we have told that mechanic to repair one car at a time and not to park the cars near our windows, but he is continuing the same thing. Dr. Siddique who is also living in the same street though a little bit far away, also knows this growing menace.

Regarding P.A. S. on preface:

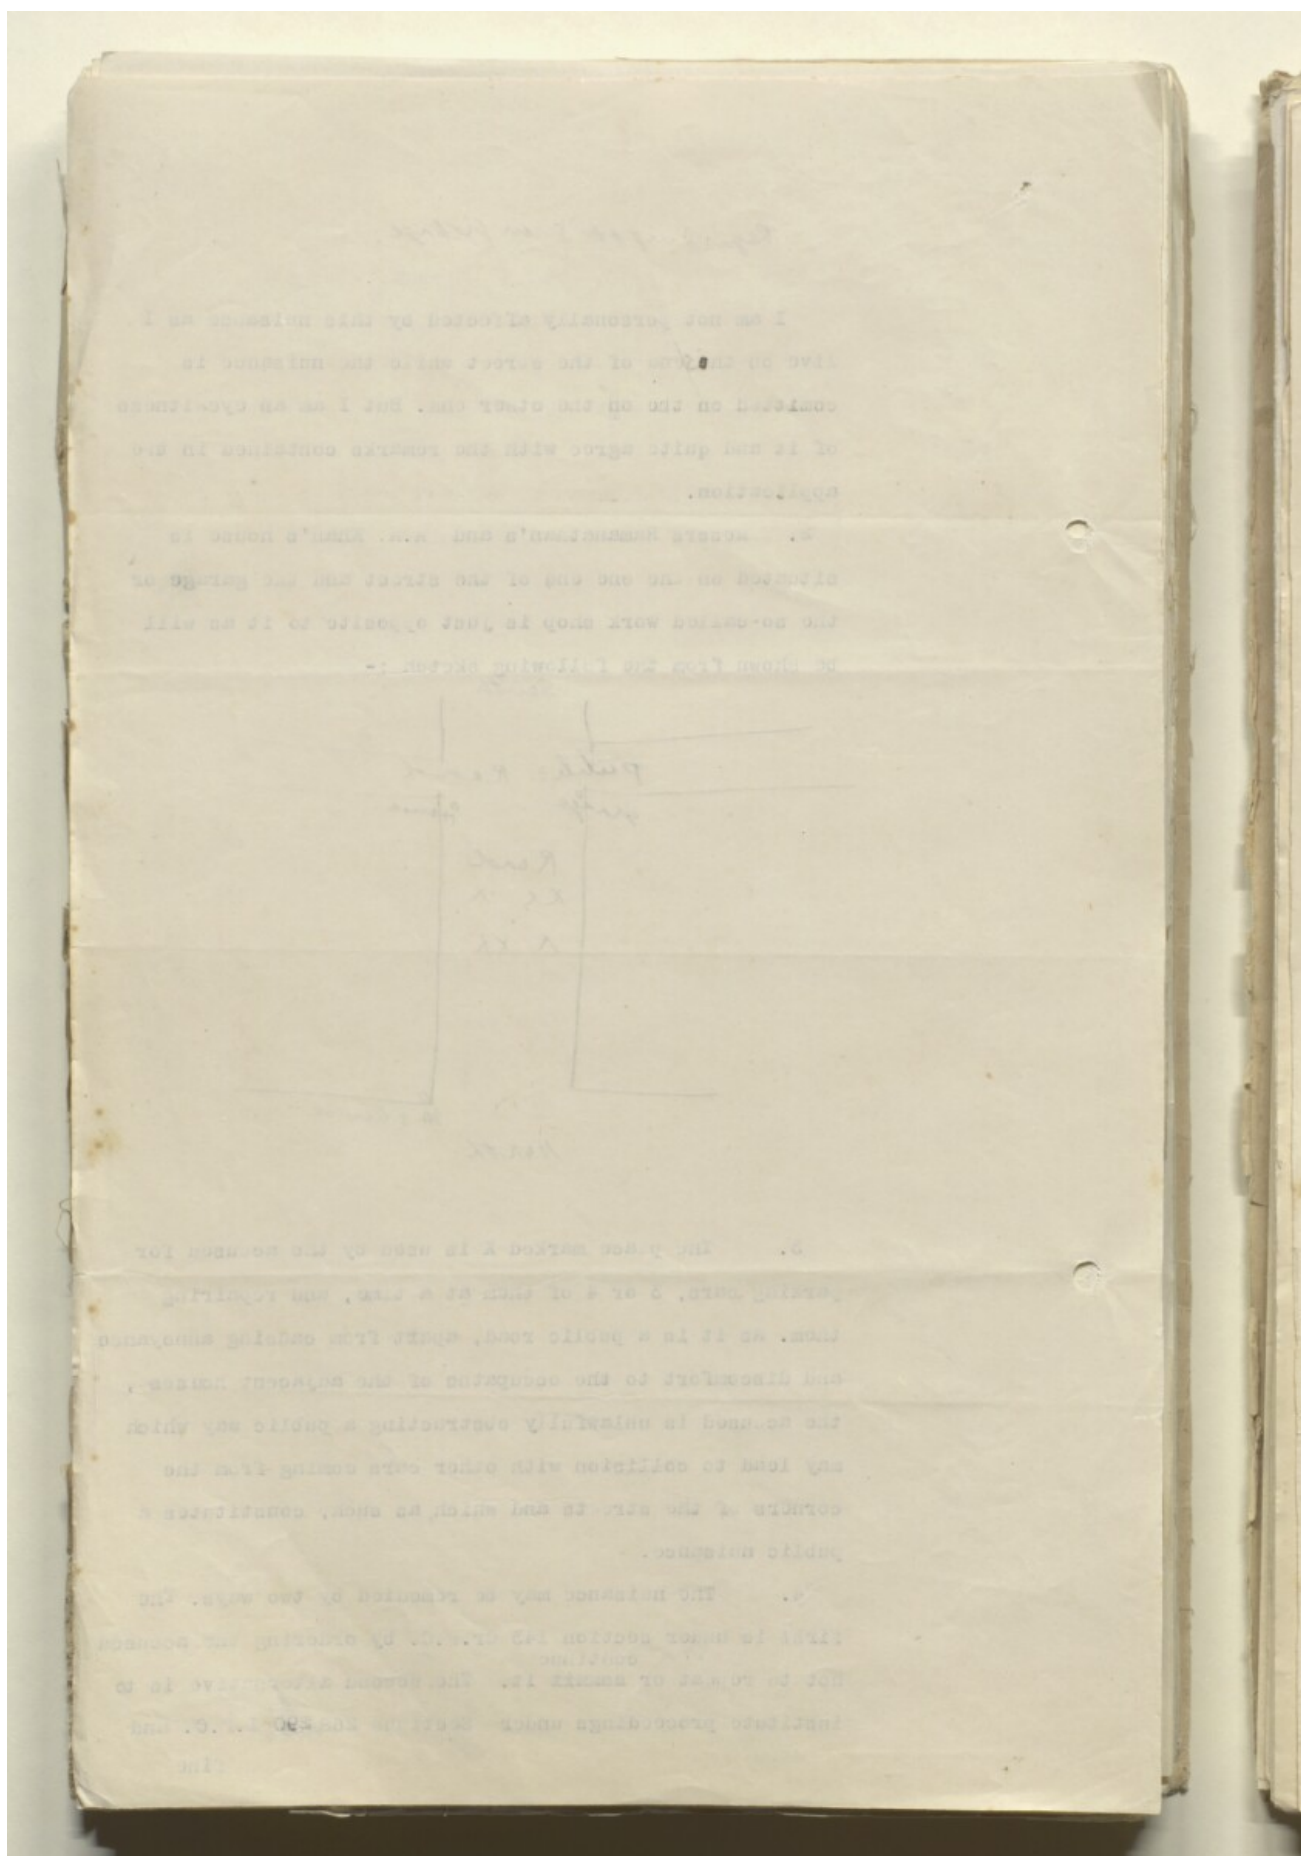

I am not personally affected by this nuisance as I live on the ~~end~~ end of the street while the nuisance is committed on the on the other end. But I am an eyewitness of it and quite agree with the remarks contained in the application.

2. Messrs Ramanathan's and A.A. Khan's house is situated on the one end of the street and the garage or the so-called work shop is just opposite to it as will be shown from the following sketch :-

3. The place marked X is used by the accused for parking cars, 3 or 4 of them at a time, and repairing them. As it is a public road, apart from causing annoyance and discomfort to the occupants of the adjacent houses, the accused is unlawfully obstructing a public way which may lead to collision with other cars coming from the corners of the streets and which, as such, constitutes a public nuisance.

4. The nuisance may be remedied by two ways. The first is under section 143 Cr.P.C. by ordering the accused <sup>continue</sup> not to repeat or ~~commit~~ it. The second alternative is to institute proceedings under Sections 268/290 I.P.C. and fine

(163)

fine the accused. But as it is a long standing nuisance the second method seems more appropriate. As for his using the garage as a workshop it does not seem probable that he will do so as the garage is too small for that purpose and he can only repair one car at a time which may not cause so much annoyance. But if in future the garage proves a nuisance it may also be prohibited but that action seems premature yet.

May be presented v/s 168/190 S.P.C. H.

block of houses belonging to Abdul Aziz Ali al-Basam

Adviser.

Will you please read the papers above? I have seen the place myself and am satisfied that the activities complained of do in fact constitute a nuisance to the neighbouring residents and must cause considerable interference with road traffic. I think the proper course, if you agree, is for the Bahrain Administration to issue a prohibitory order to prevent the garage proprietor from parking in the street those cars which are under repair and from carrying out any repairs except inside his garage. If the prohibitory order is ignored the Police could then prosecute him in the Agency Court as he is a foreigner.

He took part in the fighting in Qattar  
being one of the Arabs employed by the Shaikh  
of Qattar against the Naim and he himself looted  
the house of some Bahrain subjects who live  
in Muharraq.

I am informed by Shaikh Abdulla that this  
man's presence here is most undesirable, in  
fact dangerous, as the Naim and the family  
whose house he robbed are likely to take action  
against him.

He states that he has come here to look  
for work as he is now destitute.

I request your approval of the Bahrain  
Government sending him back to his own country.  
He has now been detained by the Police in order  
to avoid any possibility of trouble.

Proposed deputation of an  
Entomologist to Bahrain.

Memorandum.

I enclose a copy of a letter No. 842-D(S) dated the 5th July 1938 from the Punjab Government offering the services of Syed Abdullah Shah on the terms stated therein.

2. As regards passages referred to in paragraph 3 (3) of the letter, the Government of India consider that it would be equitable if Mr. Shah were paid the difference between the cost of his passage from London to Bombay and that from London to Bahrain and thence to Bombay, the usual travelling allowance from Bombay to Lyalpur on his return from Bahrain.

3. Would you please inform me as early as possible whether the Bahrain Government are prepared to accept Mr. Shah on these terms.

4. The Punjab Government are being asked whether Mr. Shah is agreeable to the above proposal and when he is expected to return from leave.

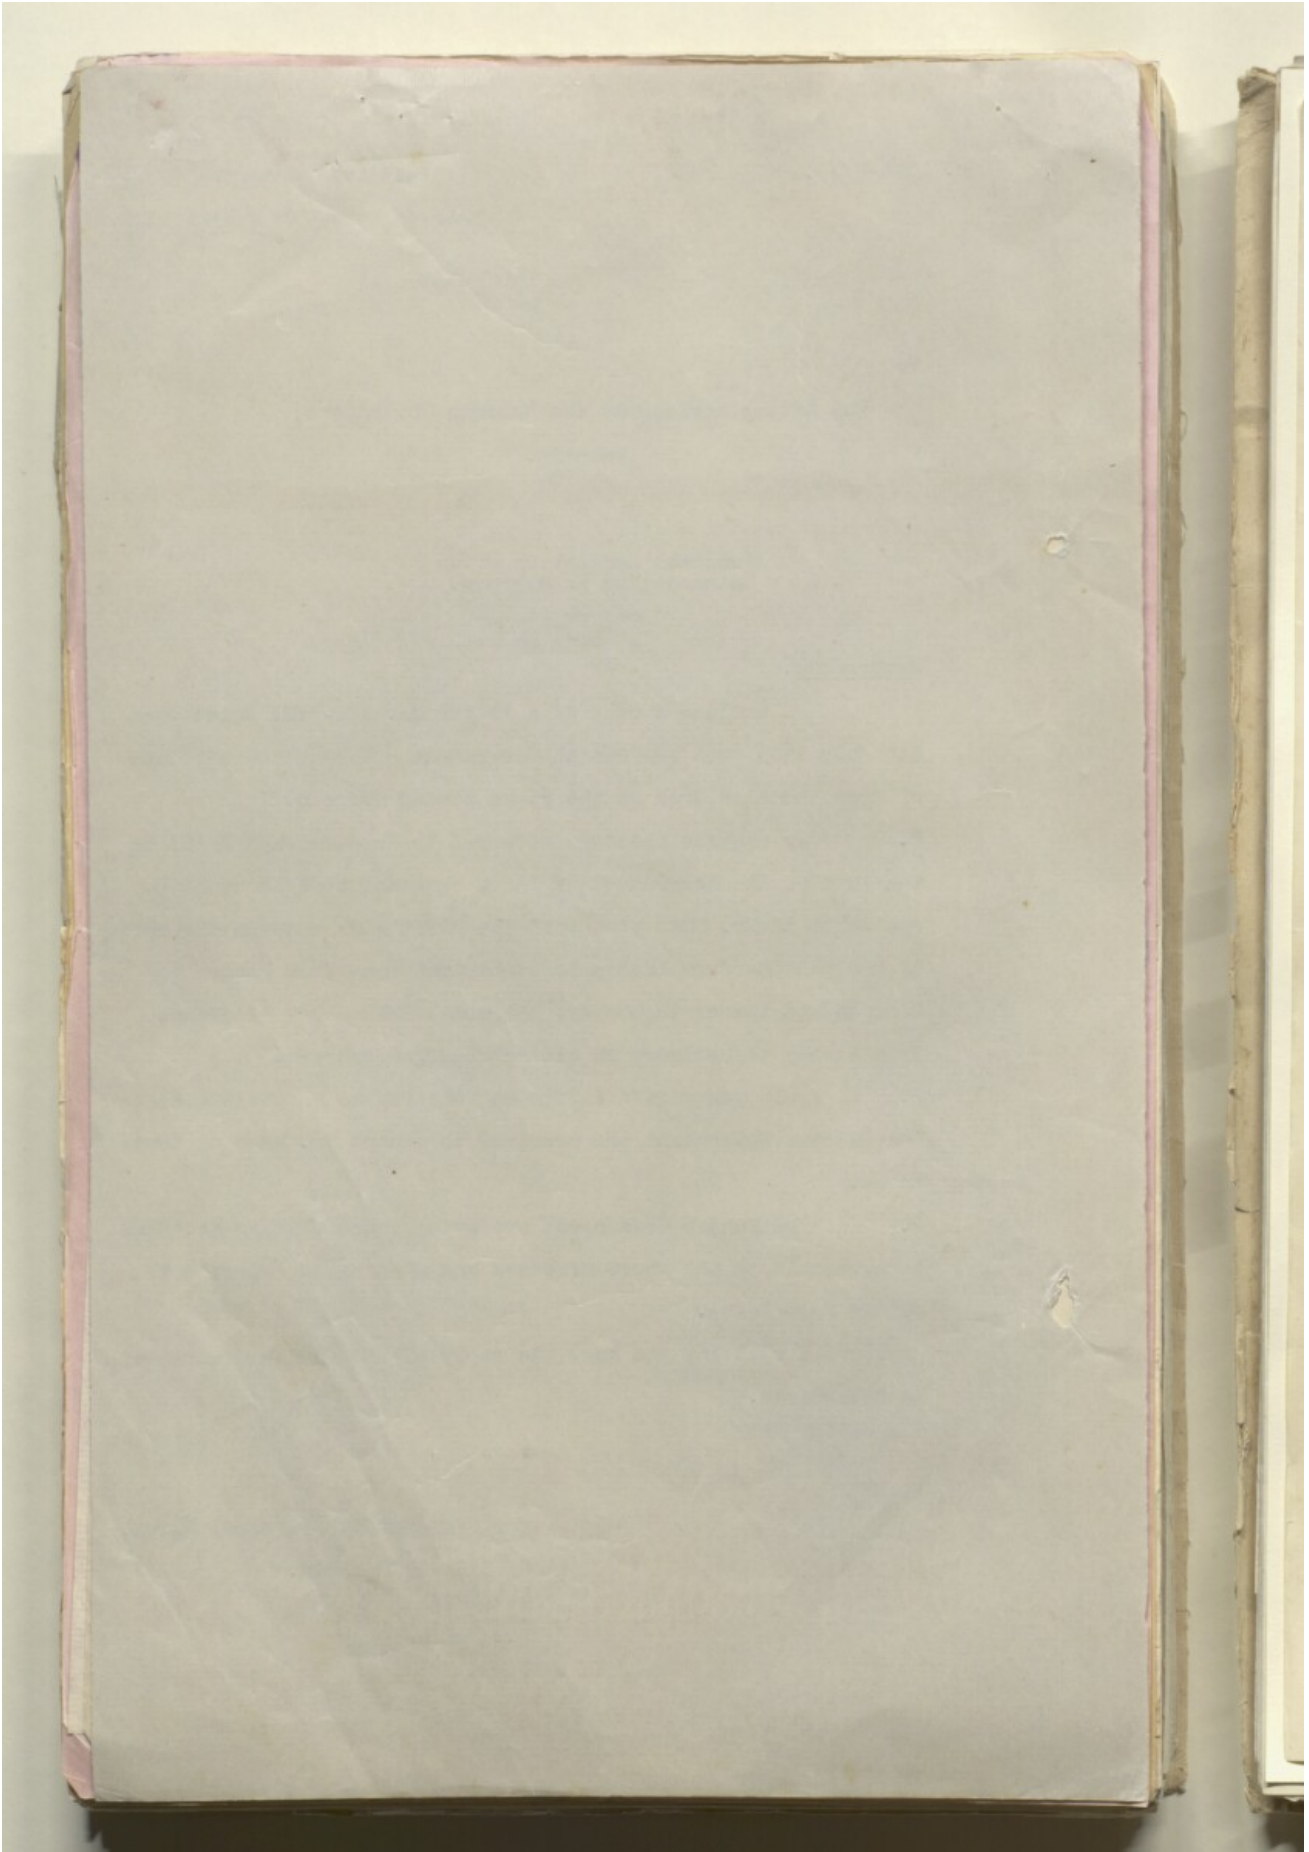

I will let you know the reply of the Punjab Government in due course.

GOVERNMENT OF BAHRAIN.

Accts. No.46/57.

Adviserate.

6th August 1938.

To,

H.B.M's Political Agent,  
Bahrein.

Memorandum:

Subject - Pay and Allowances of K.B.  
Fateh-ud-din Agricultural Expert attached  
to Government of Bahrein.

In his letter No. F.S. 44-16 dated the 4th April 1938, forwarded to this Office under cover of your note 1007-6/44 dated the 7th July 1938, the Accountant General Punjab (Pension Report Section) Lahore, claims Leave and Pension Contributions upto and for 9.8.37? (38) (? 37 is apparently a typing error). It is, however, pointed out that the Khan Bahadur was attached to this Government from the 22nd February to the 31st May 1938 (actual period of duty being 5.3.38 to 14.5.38) and was paid at the under mentioned rates:-

From 22.2.38 to 4.3.38 (Joining time) @ 1250/-	Rs. 473.13
" 5.3.38 to 14.5.38 (duty) @ 1750/-	" 4064. 8
" 15.5.38 to 31.5.38 (joining time) @ 1250/-	" 685. 8
Total.	5223.13

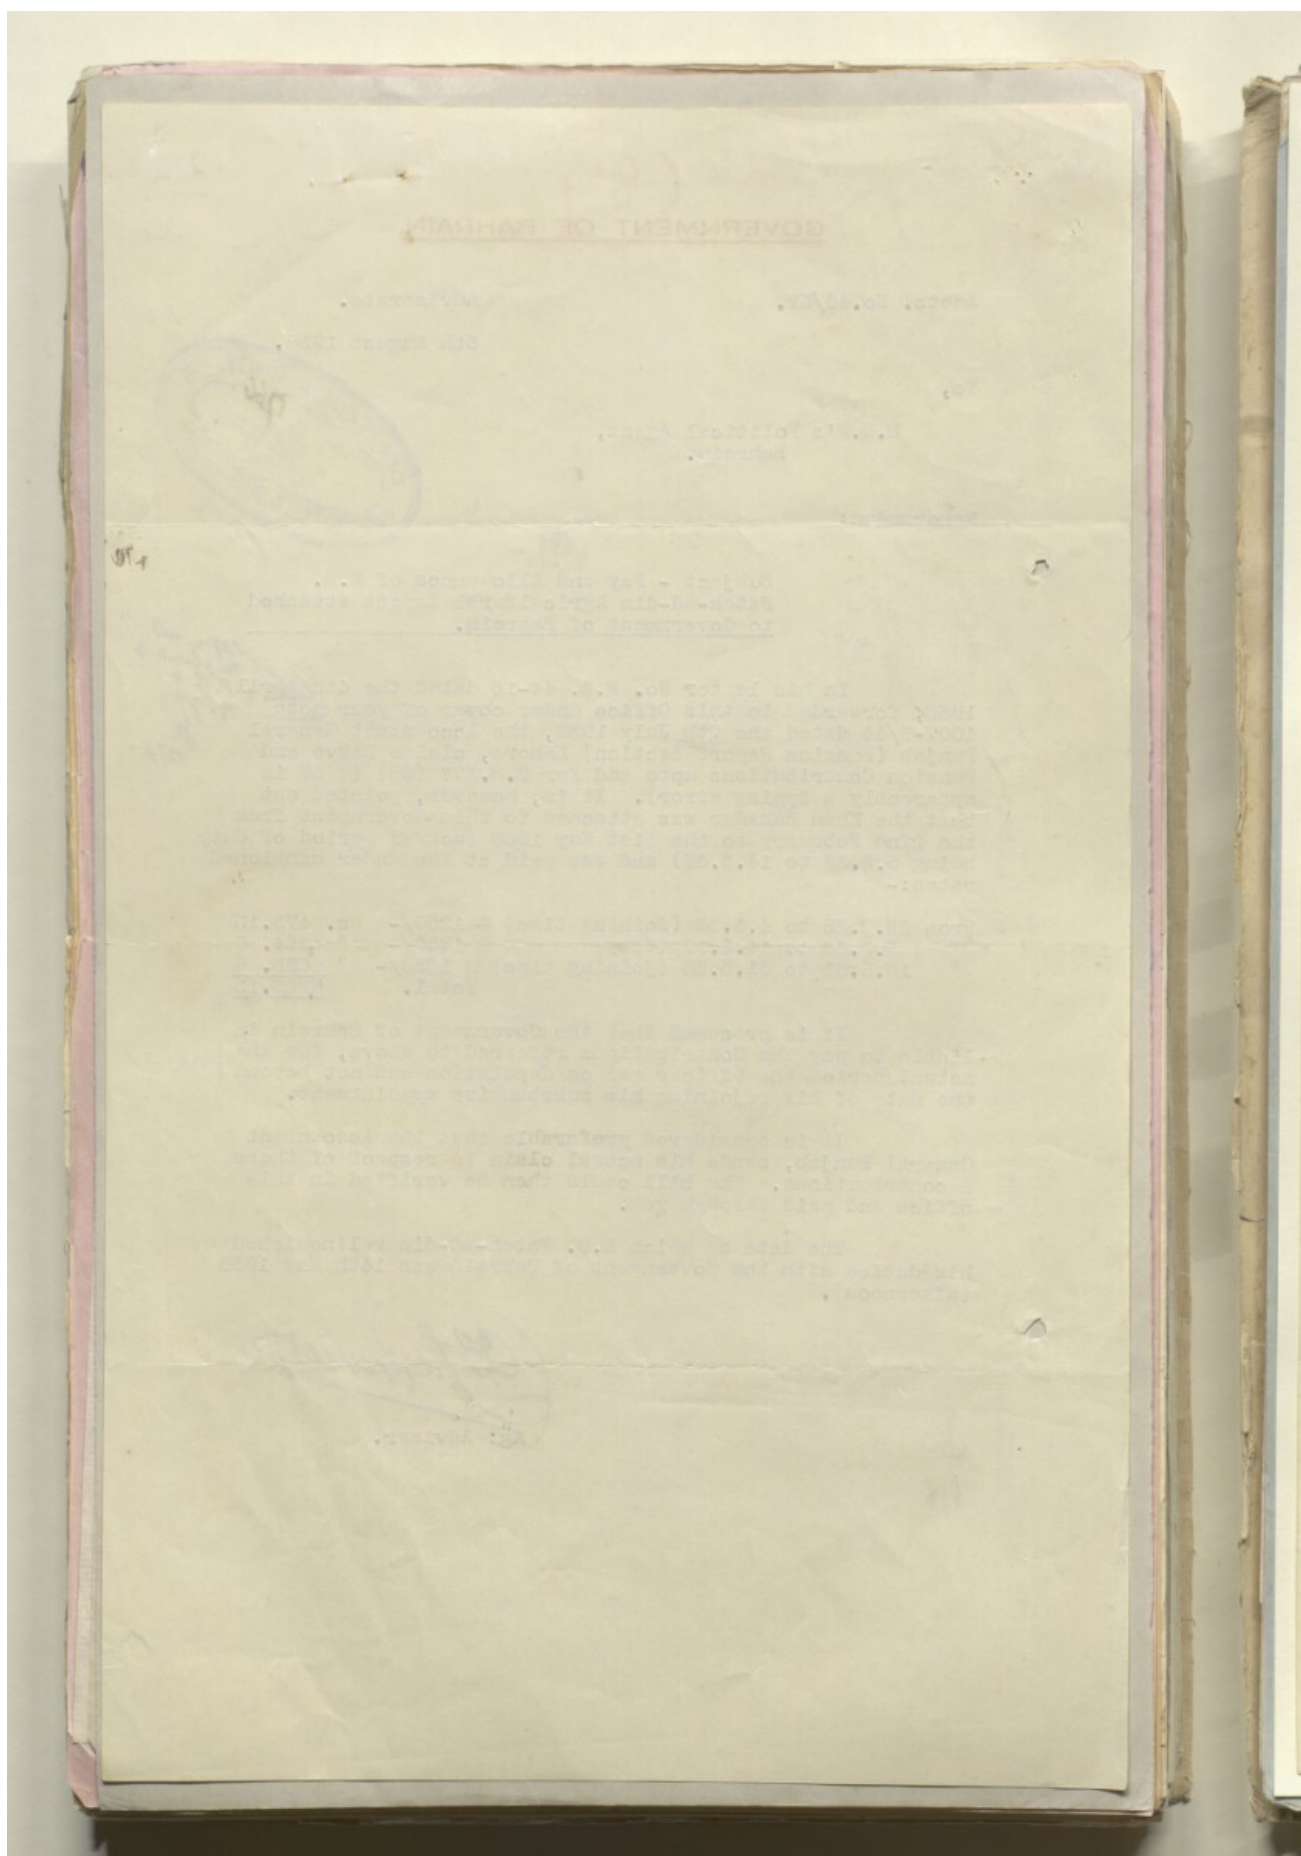

It is presumed that the Government of Bahrein is liable to pay the Contributions referred to above, for the actual period the Officer was on deputation and not beyond the date of his rejoining his substantive appointment.

It is considered preferable that the Accountant General Punjab, sends his actual claim in respect of these 2 contributions. The bill could then be verified in this office and paid through you.

The date on which K.B. Fateh-ud-din relinquished his duties with the Government of Bahrein was 14th May 1938 (afternoon).

Memorandum:

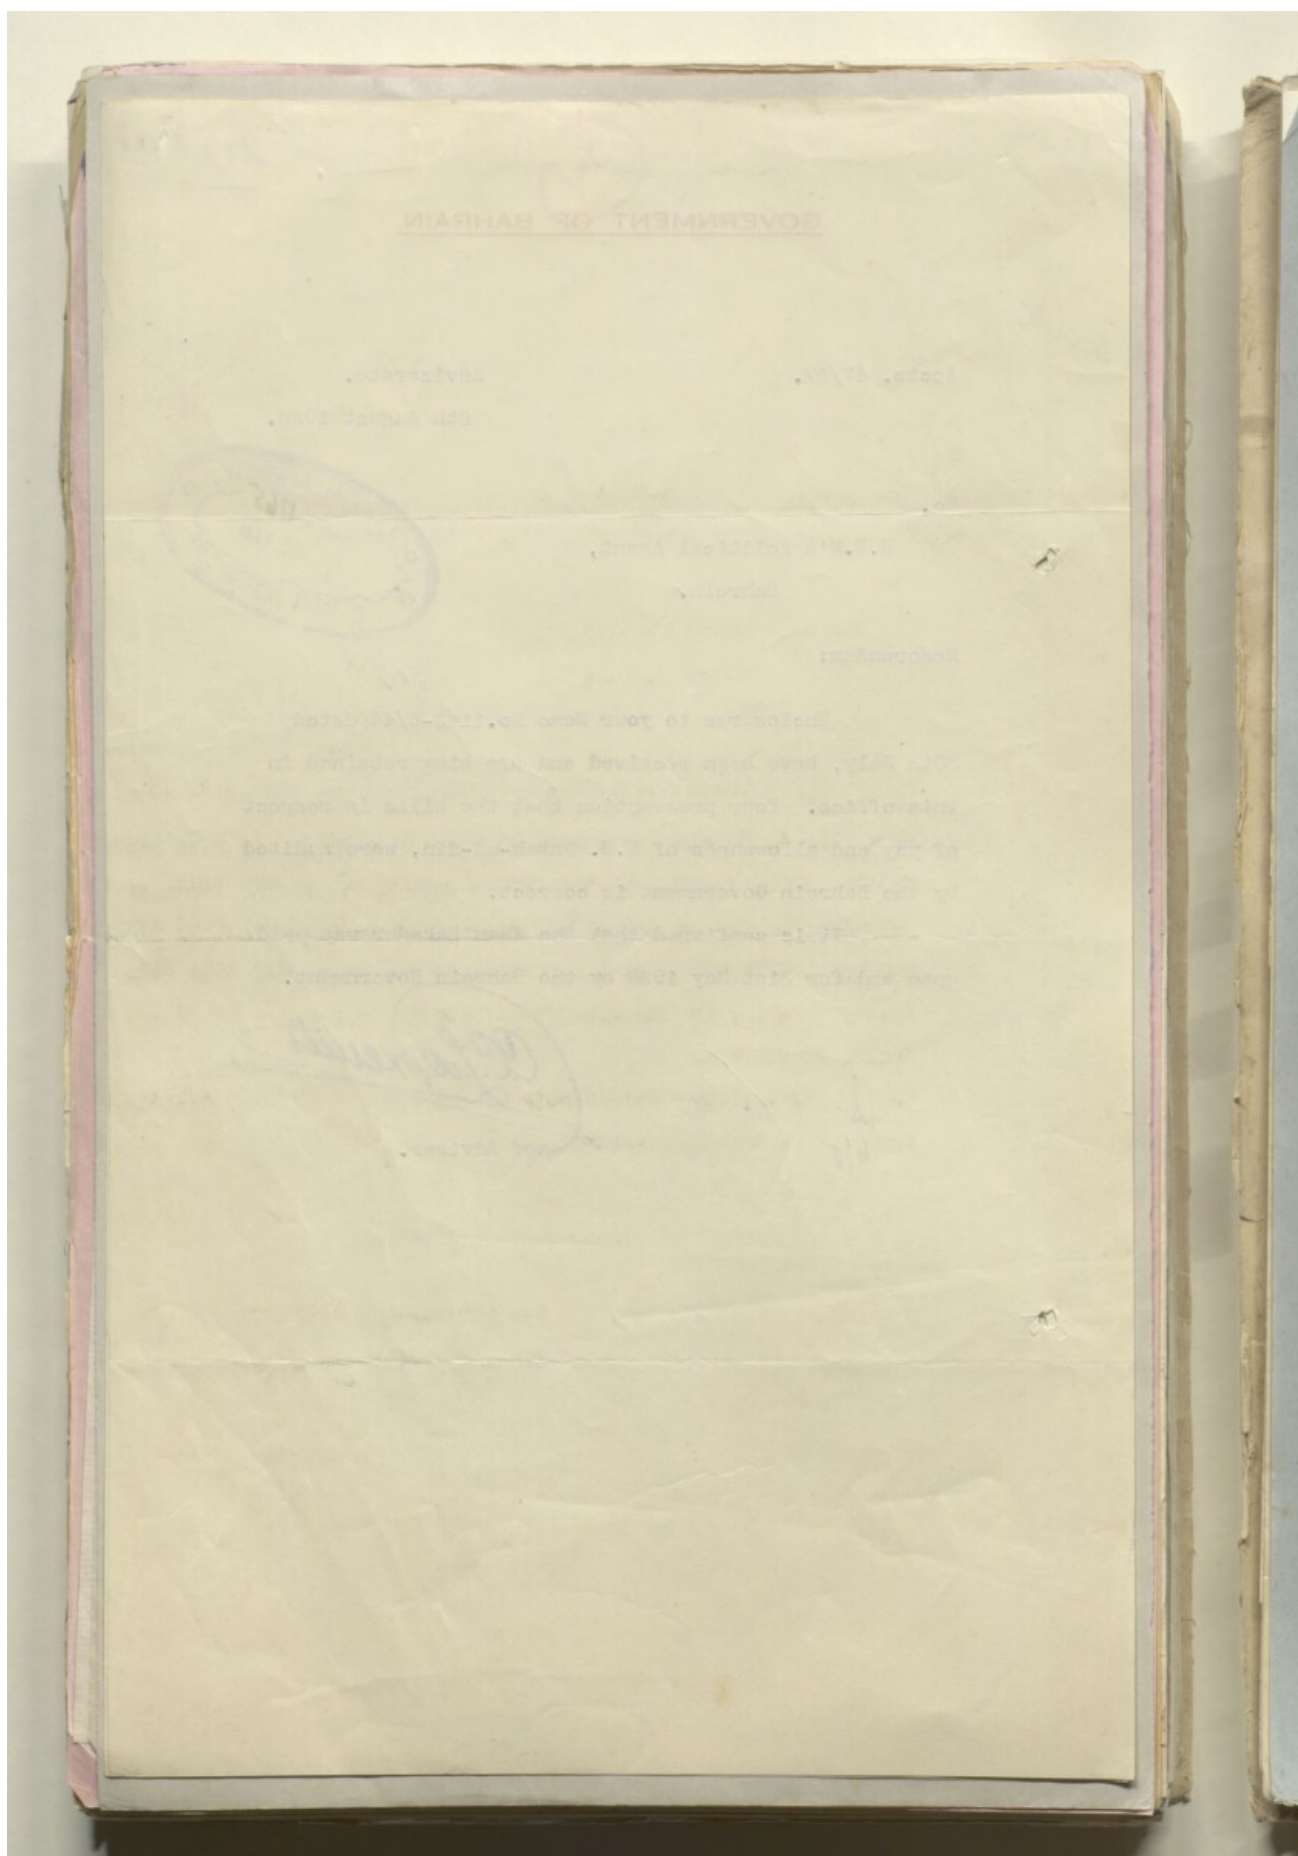

Enclosures to your Memo No.1143-6/44 dated 30th July, have been received and are being retained in this office. Your presumption that the bills in respect of pay and allowances of K.B. Fatch-ud-din, were audited by the Bahrein Government is correct.

It is confirmed that the Khan Bahadur was paid upto and for 31st May 1938 by the Bahrein Government.

Sir,

I have the honour to invite a reference to the express letter from the Government of India in the External Affairs Department No. F.249-N/37, dated the 28th April 1938, in connection with the deputation of K.B. Fatehuddin, Deputy Director of Agriculture, Punjab, to Bahrain and to state that he has taken an advance of Rs.2,250/- on account of pay and travelling allowance from the Accountant General, Punjab. The same may be recovered from him and the recoveries may be shown as distinct item in the cash account mentioning the number and date of this letter.

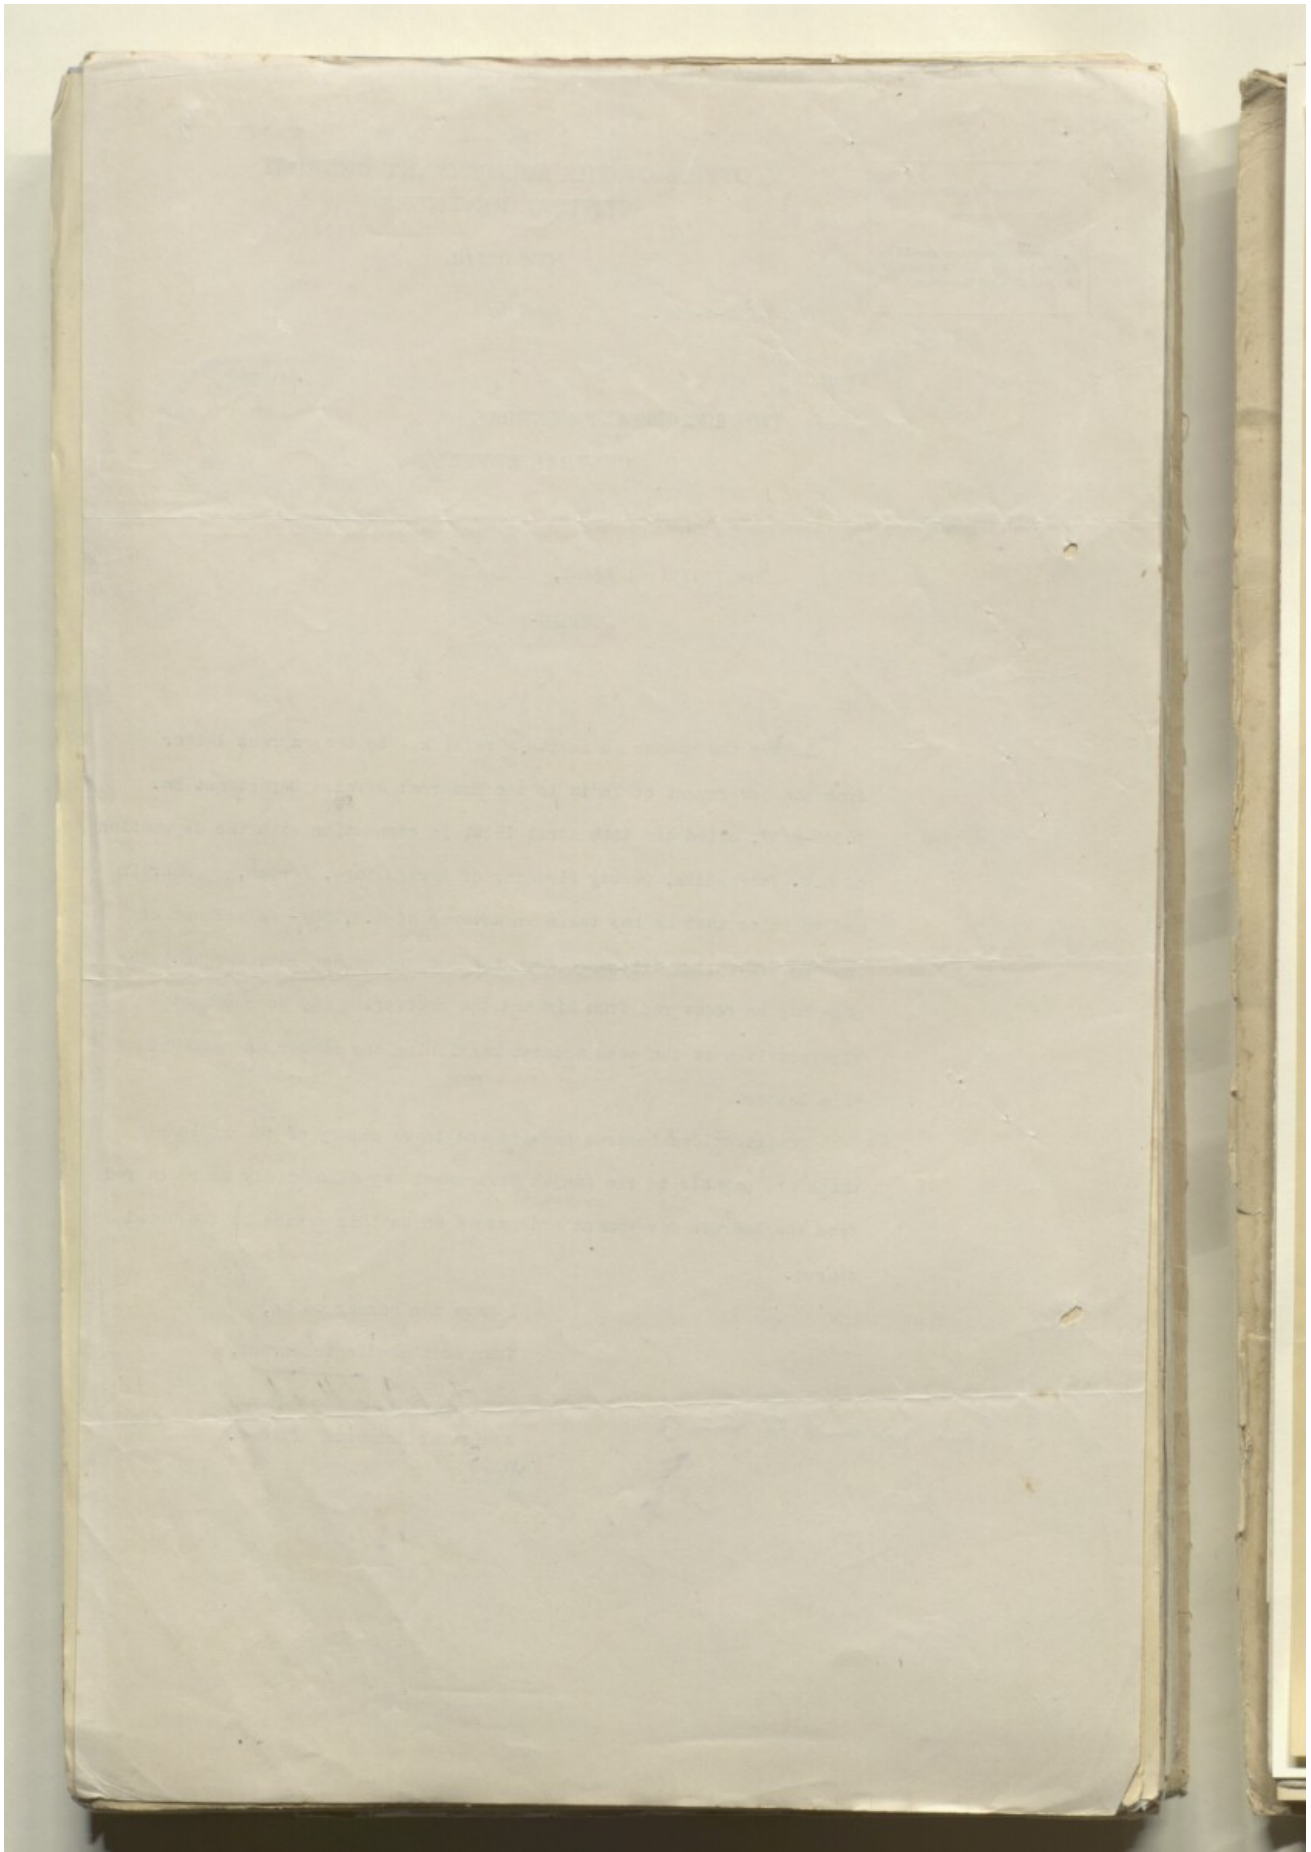

Contributions towards pension and leave salary of the officer which are payable to the Punjab Government may also kindly be recovered from the Bahrain Government and passed on to this office in the usual course.

I have the honour to be,  
Sir,  
Your most obedient servant,
